Stern,2017-12-22 Veterinary Forensics Investigation Evidence Collection and Expert Testimony will provide anyone involved in an investigation of an animal involved crime or civil action with the knowledge and tools that can give guidance for their actions in completing a forensic investigation All 50 U S states and numerous countries around the world have laws against animal abuse and cruelty Law enforcement agents veterinarians the judiciary attorneys and forensic scientists may be involved in cases of animal cruelty neglect or human crimes that may have an animal element Additionally

the animal can be the victim suspect or in some instances the witness of a crime Given that acquittal or conviction is dependent upon the nature and veracity of the evidence the quality of the evidence in an animal related crime investigation must be beyond reproach The book begins with a discussion of animal abuse and crimes against animals crime scene investigation and from there discusses various types of forensic examinations of the animal culminating in a review of the judicial system and testimony in a court of law All contributing authors are practicing professionals in law veterinary medicine and the private sector who provide current best practice evidence collection and forensic techniques Chapters provide in depth detail about the forensic clinical examination and forensic necropsy of small and large animal species forensic radiology forensic toxicology bite mark analysis and animal behavior Various relevant forensic disciplines such as bloodstain pattern analysis DNA analysis animal sexual abuse agroterrorism animal hoarding ritual crimes against animals and animal fighting are discussed Key Features Presents established and accepted police techniques in animal crime scene investigation including identification documentation and packaging of physical evidence and scene photography and videography Includes essential techniques to collect and preserve biological and DNA evidence for animal DNA testing Review of the forensic clinical examination and forensic necropsy of small and large animals Provides methods of evidence presentation in the courtroom the nature of court room testimony and the development of an expert report Veterinary Forensics Investigation Evidence Collection and Expert Testimony fills the void of applied real world investigative techniques for the collection and presentation of veterinary forensic medical and scientific information It will be a welcome reference to both the student and professional in the understanding all relevant evidentiary investigative and legal elements of the discipline

Pit Bull Bronwen Dickey, 2017-04-04 The controversial story of one infamous breed of dog a New York Times Bestseller Animals list When Bronwen Dickey brought her new dog home she saw no traces of the infamous viciousness in her affectionate pit bull Which made her wonder How had the breed beloved by Teddy Roosevelt and Helen Keller come to be known as a brutal fighter Dickey s search for answers takes her from nineteenth century New York dogfighting pits to early twentieth century movie sets from the battlefields of Gettysburg to struggling urban neighborhoods In this illuminating story of how a popular breed became demonized and what role humans have played in the transformation Dickey offers us an insightful view of Americans relationship with their dogs

Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations For 2006, Part 8, February 16, 2005, 109-1 Hearings, * ,2005 **Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations for 2006** United States. Congress. House. Committee on Appropriations. Subcommittee on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies, 2005

Animal Cruelty and Freedom of Speech Abigail Perdue, Randall Lockwood, 2014 A collaboration between an attorney and an animal protection advocate this work utilizes the extremely controversial and high profile crush video case US v Stevens to explore how American society attempts to balance

the protection of free speech and the prevention of animal cruelty Starting from the detailed case study of a single prominent ruling the authors provide a masterful survey of important issues facing society in the area of animal welfare The Stevens case included various hot topic elements connected to the role of government as arbiter of public morality including judicial attitudes to sexual deviance and dogfighting Because it is one of only two animal rights cases that the US Supreme Court has handled and the only case discussing the competing interests of free speech and animal cruelty it will be an important topic for discussion in constitutional and animal law courses for decades to come The Stevens case arose from the first conviction under 18 USC 48 Section 48 a federal law enacted in 1999 which criminalized the creation sale and or possession of certain depictions of animal cruelty The US Congress intended Section 48 to end the creation and interstate trafficking of depictions of animal cruelty in which animals are abused or even killed for entertainment s sake Proponents of Section 48 predicted that countless benefits to both humans and animals would flow from its enforcement Opponents of the law argued that it was too far reaching and would stifle protected speech Critics of Section 48 appeared to have prevailed when the US Supreme Court struck the law down as unconstitutionally overbroad Although a law tailored to address the Supreme Court s concerns was quickly enacted the free speech animal cruelty controversy is far from over *Afield* Dave Smith,2010-05-01 Collects stories by famous figures and writers on their relationships with hunting dogs describing each contributor s forays into the outdoors at the side of a faithful canine companion in a nostalgic tribute that includes pieces by such figures as Tom Brokaw Rick Bass and Chris Camuto **Bazaar Exchange and Mart, and Journal of the Household** ,1892 *Veterinary Forensics* Melinda Merck,2012-12-26 *Veterinary Forensics* Second Edition is a practical reference on applying veterinary forensic findings in animal cruelty cases Now providing a greater focus on findings in animals the second edition continues to offer guidance with more detailed information on crime scene investigation forensic testing and findings handling evidence and testifying in court Key changes to the new edition include new chapters on abuse in large animals poultry and birds a standalone chapter on entomology a new section on large scale cruelty investigation an expanded section on pain and suffering more pathology information and more photos forms and information throughout Logs and workbooks from the book are available on a companion website at www.wiley.com/go/vetforensics allowing readers to download customize and use these forms in forensics investigations *Veterinary Forensics* is an essential resource for veterinarians pathologists attorneys and investigators working on animal abuse cases **Unleashed** Simon Harding,2014-02-01 Drawing on evidence from both sides of the Atlantic Simon Harding explores the culture of the status dog in *Unleashed* In housing projects in the United States and United Kingdom certain dog breeds convey status authority respect power and control on their owners while urban street gangs have developed the dangerous practice of training dogs to be weapons Combining perspectives from sociology criminology and public policy Harding contextualizes these related phenomena and considers the complex mix of factors motivating them including urban deprivation social control of public space and the influence of media imagery

Encyclopedia of Social Deviance Craig J. Forsyth,Heith Copes,2014-01-21 Social deviance does not involve just criminal behavior it s any behavior that violates a cultural norm and that can involve something as minor as consistently and deliberately wearing lively mismatched socks Moreover whether a crime a sin or simply unique taste what s considered deviant at one time and place can change as when extensive tattooing and body art evolved from a sideshow carnival spectacle to a nearly universal rite of passage within U S culture Drawing contributions from across the social and behavioral sciences including sociology anthropology criminology politics psychology and religion the Encyclopedia of Social Deviance introduces students to this lively field of rule making and rebellion that strikes at the core of what it means to be an individual living in a social world Key Features More than 300 articles are organized A to Z in two volumes available in both electronic and print formats Articles authored by key figures in the field conclude with cross reference links and further readings Although organized A to Z a thematic Reader s Guide groups related articles by broad areas e g Concepts Theories Research Methodologies Individual Deviance Organizational Deviance etc as one handy search feature on the e Reference platform which also includes a comprehensive index of search terms

What's Wrong with the First Amendment Steven H. Shiffrin,2016-10-06 What is Wrong with the First Amendment argues that the US love affair with the First Amendment has mutated into free speech idolatry Free speech has been placed on so high a pedestal that it is almost automatically privileged over privacy fair trials equality and public health even protecting depictions of animal cruelty and violent video games sold to children At the same time dissent is unduly stifled and religious minorities are burdened The First Amendment benefits the powerful at the expense of the vulnerable By contrast other Western democracies provide more reasonable accommodations between free speech and other values though their protections of dissent and religious minorities are also inadequate Professor Steven H Shiffrin argues that US free speech extremism is not the product of broad cultural factors but rather political ideologies developed after the 1950s He shows that conservatives and liberals have arrived at similar conclusions for different political reasons

Animal Rights Clifford J. Sherry,2009-10-27 This revised edition helps readers understand and develop their own opinions on the fundamental issues enduring controversies and critical developments associated with animal rights First published in 1994 Animal Rights A Reference Handbook was widely acclaimed for its objective look at the ways in which humans treat animals Extensively revised and updated this new edition explores the basis for current perspectives on animal rights by addressing the relationship between humans and animals from scientific philosophical legal and religious points of view Animal Rights A Reference Handbook Second Edition maintains the balance and accessibility of the first edition letting readers decide the bounds of human responsibility toward animals It surveys a wide range of controversies surrounding the use of animals in such fields as the food industry medical research and the realm of entertainment as well as the tremendous surge in scientific discoveries and technological advances that have led to new conversations on animal rights in the 21st century

A Feral Darkness Doranna Durgin,2013-11-13 Suspense romance

and a Celtic dog bundled into a contemporary fantasy setting As a child dog loving Brenna Fallon naively invokes an ancient Celtic deity to save her beloved hound and inadvertently anchors the new found power at a spring on her family s farm She doesn t know she s also left an opening for a far more malevolent force Years later Brenna discovers the terrible potential of that gateway With a devastating plague unfolding abruptly around her she must depend on her wits a stranger she doesn t trust and a mysterious stray dog who becomes more than just a faithful companion as she struggles to drive back the threat of a modern Black Death Welded by a desperate sacrifice woman man and dog face the feral darkness together The mystery and fantasy slowly draw together bonded by supreme characterization to make for a story which is almost impossible to put down Reviewers Bookwatch If you are looking for a book that has paranormal elements and some romance is expertly written with wonderful characters and has a smooth pace that leads up to a climatic finish A FERAL DARKNESS is the book for you and it is not to be missed The Romance Reader s Connection This is a very smart well woven book with an initially cranky but ultimately endearing hero and a thoroughly satisfying ending Mary Jo Putney bestselling author of the The Rake
