How To Watch Television Ethan Thompson, Jason Mittell, 2013-09-16 Examines social and cultural phenomena through the lens of different television shows We all have opinions about the television shows we watch but television criticism is about much more than simply evaluating the merits of a particular show and deeming it good or bad Rather criticism uses the close examination of a television program to explore that program's cultural significance creative strategies and its place in a broader social context How to Watch Television brings together forty original essays from today's leading scholars on television culture writing about the programs they care and think the most about Each essay focuses on a particular television show demonstrating one way to read the program and through it our media culture The essays model how to practice media criticism in accessible language providing critical insights through analysis suggesting a way of looking at TV that students and interested viewers might

emulate The contributors discuss a wide range of television programs past and present covering many formats and genres spanning fiction and non fiction broadcast and cable providing a broad representation of the programs that are likely to be covered in a media studies course While the book primarily focuses on American television important programs with international origins and transnational circulation are also covered Addressing television series from the medium s earliest days to contemporary online transformations of television How to Watch Television is designed to engender classroom discussion among television critics of all backgrounds

The High School Michael A. Messner, 2025 Taking over a century s worth of yearbooks from his alma mater Salinas High School as a historical archive acclaimed sociologist Michael A Messner discovers a not so distant time when all the cheerleaders were boys and nearly equal attention was paid to boys and girls sports In the process he explores the changing meanings of high school athletics

Community Journalism Jock Lauterer, 2009-11-20 No matter how ambitious they may be most novice journalists don t get their start at the New York Times They get their first jobs at smaller local community newspapers that require a different style of reporting than the detached impersonal approach expected of major international publications As the primary textbook and sourcebook for the teaching and practice of local journalism and newspaper publishing in the United States Community Journalism addresses the issues a small town newspaper writer or publisher is likely to face Jock Lauterer covers topics ranging from why community journalism is important and distinctive to hints for reporting and writing with a community spin to design production photojournalism and staff management This third edition introduces new chapters on adjusting to changing demographics in the community and best practices for community papers Updated with fresh examples throughout and considering the newest technologies in editing and photography this edition of Community Journalism provides the very latest of what every person working at a small newspaper needs to know

Creative Photo Collage Marie Browning, 2008 Every photograph captures a precious memory and Creative Photo Collage is a complete guide to collecting archiving and presenting those treasured personal images Marie Browning offers dozens of unique projects for turning photographs into home decor and gifts
