Dear Dana Amy Weinland Daughters,2025-07-30 When Amy Daughters reconnected with her old pal Dana on Facebook she had no idea how it would change her life Though the two women hadn t had any contact in thirty years it didn t take them long to catch up and when Amy learned that Dana s son Parker was doing a second stint at St Jude battling cancer she was suddenly inspired to begin writing the pair weekly letters When Parker died Amy not knowing what else to do continued to write Dana Eventually Dana wrote back and the two became pen pals sharing things through the mail that they had never shared before The richness of the experience left Amy wondering something If my life could be so changed by someone I considered just a Facebook friend what would happen if I wrote all my Facebook friends a letter A whopping 580 handwritten letters later Amy s life and most of all her heart would never ever be the same again As it turned out there were actual individuals living very real lives behind each social media profile and she was beautifully connected to each of those extraordinary flawed people for a specific reason They loved her and she loved them And nothing not politics beliefs or lifestyle could separate them **Poison Ivy** Evan Mandery,2025-03-18 Hailed as a staggering portrait of inequality in

innovative artistic expressions that characterize the singularity of Gandhian art. The first chapter covers the cross-fertilized nature of the art and examines how Western artistic inspirations were transformed into new forms of art to narrate stories of Indian origin. The second chapter argues that Gandhian artists followed the chronological sequence established in the Sanskrit Lalitavistara or pre-existing texts which may have inspired this sacred book when depicting the scenes of the life of the Blessed One, starting with the descent of the future Buddha from Tusita Heaven up to the first sermon in the deer park. Singling out one particular episode in the Buddha's life, the descent from the Trayastrimsa Heaven to Sankhyasana, the third chapter focuses on the literary sources that inspired Gandhian artists. The fourth chapter addresses the question of the first depictions of the Bodhisattvas Maitreya and Avalokitesvara in Gandhian art. And finally, the fifth chapter looks at the symbolism behind the presence of Hindu gods in Gandhian art.

Today many people are examining nutritional advice and choosing to eat more vegetables and fruits and less meat. But is all meat bad for you? What does the science say? People also make food choices for ethical and religious reasons. Some vegetarians and vegans avoid meat because they believe killing animals is wrong. Other people shun meat from factory farms. Recently more people are seeking out foods grown locally and organically. What do you choose to eat and why? This book will help you make decisions to support your values.

Our Social World Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2019-01-02 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award, enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. *Our Social World: Introduction to Sociology* inspires students to develop their sociological imaginations to see the world and personal events from a new perspective and to confront sociological issues on a day-to-day basis. Organized around the Social World model, a conceptual framework that demonstrates the relationships among individuals, the micro-level organizations, institutions, and subcultures; the meso-level and societies; and global structures, the macro-level, the authors use this framework to help students develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects. The Seventh Edition includes new coverage of climate change, the influence of robots and artificial intelligence on workers, race relations in the Trump era, transgender identity and gender fluidity, sexual harassment in the workplace, and the MeToo movement, declining marriage rates, the impact of tracking for students at all academic achievement levels, smoking as an example of health and inequality in the U.S., gun violence, and the student movement to control access to guns, social media, and Russian interference in the 2016 election.
