Spring Break For Detroit Public Schools 2014:

Cutting School Noliwe Rooks, 2017-09-26 2018 Zora Neale Hurston Richard Wright Legacy Award Nonfiction Finalist A timely indictment of the corporate takeover of education and the privatization and profitability of separate and unequal schools published at a critical time in the dismantling of public education in America An astounding look at America's segregated school system weaving together historical dynamics of race class and growing inequality into one concise and commanding story Cutting School puts our schools at the center of the fight for a new commons Naomi Klein author of No Is Not Enough and This Changes Everything Public schools are among America's greatest achievements in modern history yet from the earliest days of tax supported education today a sector with an estimated budget of over half a billion dollars there have been intractable tensions tied to race and poverty Now in an era characterized by levels of school segregation the country has not seen since the mid twentieth century cultural critic and American studies professor Noliwe Rooks provides a trenchant analysis of our separate and unequal schools and argues that profiting from our nation's failure to provide a high quality education to all children has become a very big business Cutting School deftly traces the financing of segregated education in America from reconstruction through Brown v Board of Education up to the current controversies around school choice teacher quality the school to prison pipeline and more to elucidate the course we are on today the wholesale privatization of our schools Rooks's incisive critique breaks down the fraught landscape of segrenomics showing how experimental solutions to the so called achievement gaps including charters vouchers and cyber schools rely on profit from and ultimately exacerbate disturbingly high levels of racial and economic segregation under the guise of providing equal opportunity Rooks chronicles the making and unmaking of public education and the disastrous impact of funneling public dollars to private for profit and nonprofit operations As the infrastructure crumbles a number of major U S cities are poised to permanently dismantle their public school systems the very foundation of our multicultural democracy Yet Rooks finds hope and promise in the inspired individuals and powerful movements fighting to save urban schools A comprehensive compelling account of what's truly at stake in the relentless push to deregulate and privatize Cutting School is a cri de coeur for all of us to resist educational apartheid in America

Summer versus School James Pedersen, 2015-01-22 As American educational reformers continue to find innovative ways to address the global achievement gap many experts seem to agree that increasing instructional time is a viable option In addition to extending the school day some educational leaders have looked to modifying the traditional academic calendar to address some of the academic losses that occur when students have 8 10 weeks of summer vacation each year Re-examining how students spend their summer vacation although considered by many to be a cultural taboo may be the answer to addressing global competition and decreasing the national achievement gap The need for a two month break from schools harkens back to a pre industrial time that no longer is pertinent for our students Although an answer may be staring us in the face are we willing to give up on the American tradition of summer

vacation all in the name of reform and student success *Racial Battle Fatigue* Jennifer L. Martin,2015-01-26 Covering equity issues of sex race class age sexual orientation and disability this work presents creative nontraditional narratives about performing social justice work acknowledging the contributions of previous generations describing current challenges and appealing to readers to join the struggle toward a better world Many would like to believe we are living as post racial America long past the days of discrimination and marginalization of people simply due to their race and minority status However editor Jennifer L Martin and a breadth of expert contributors show that prejudice and discrimination are still very much alive in the United States Sharing personal stories of challenges aggressions retaliations and finally racial battle fatigue these activists practitioners and scholars explain how they have been attacked in subtle shrouded and sometimes outright ways simply for whom and what they advocate social justice The stories within consist of discussions on the interconnections among equity issues sex race class age sexual orientation and disability Furthermore the work relates current events such as the banning of ethnic studies in Arizona and the shooting of Trayvon Martin to the battle for social justice Other topics addressed include the ongoing problems of white supremacist beliefs the challenges of teaching about the racist thinking that permeates our media and popular culture and the harms of aggressions faced by minorities and those possessing multiple minority status The unique narratives presented in this single volume work combine the various approaches to answering questions about not only the necessity of fighting for social justice but also the impact of the struggle on its champions *Chase's Calendar of Events 2014 with CD-ROM* Editors of Chase's Calendar of Events,2013-10-10 4 000 notable birthdays 1 400 historical anniversaries 650 national and international holidays 160 religious holidays and thousands of additional days of note from all over the globe Cover Where Have All the Democrats Gone? Ruy Teixeira,John B. Judis,2023-11-07 A Wall Street Journal Best Political Book of 2023 A much needed wake up call for the Democrats which reveals how the party has lost sight of its core principles and endangered its political future from the authors of one of the most influential political books of the 21st century The New York Times For decades American politics has been plagued by a breakdown between the Democratic and Republican parties in which victory has inevitably led to defeat and vice versa Both parties have lost sight of the people at the center of the American electorate leading to polarization and paralysis In *Where Have All the Democrats Gone* John B Judis and Ruy Teixeira reveal the tectonic changes shaping the country s current political landscape that both pundits and political scientists have missed The Democratic Party once the preserve of small towns as well as big cities and of the industrial working class and the newly immigrated has abandoned and even actively alienated many of these voters In this clarion call and essential argument for common sense and common ground Judis and Teixeira reveal the transformation of American politics and provide a razor sharp critique of where the Democrats have gone awry and how they can avoid political disaster in the days ahead Race and Education in New Orleans Walter Stern,2018-05-04 Surveying the two centuries that preceded Jim Crow s demise *Race and Education in*

New Orleans traces the course of the city's education system from the colonial period to the start of school desegregation in 1960. This timely historical analysis reveals that public schools in New Orleans both suffered from and maintained the racial stratification that characterized urban areas for much of the twentieth century. Walter C. Stern begins his account with the mid-eighteenth century kidnapping and enslavement of Marie Justine Sirnir, who eventually secured her freedom and played a major role in the development of free black education in the Crescent City. As Sirnir's story and legacy illustrate, schools such as the one she envisioned were central to the black antebellum understanding of race, citizenship, and urban development. Black communities fought tirelessly to gain better access to education, which gave rise to new strategies by white civilians and officials who worked to maintain and strengthen the racial status quo, even as they conceded to demands from the black community for expanded educational opportunities. The friction between black and white New Orleanians continued throughout the nineteenth century and well into the twentieth, when conflicts over land and resources sharply intensified. Stern argues that the post-Reconstruction reorganization of the city into distinct black and white enclaves marked a new phase in the evolution of racial disparity. Segregated schools gave rise to segregated communities, which in turn created structural inequality in housing that impeded desegregation's capacity to promote racial justice. By taking a long view of the interplay between education, race, and urban change, Stern underscores the fluidity of race as a social construct and the extent to which the Jim Crow system evolved through a dynamic, though often improvisational, process. A vital and accessible history, *Race and Education in New Orleans* provides a comprehensive look at the ways the New Orleans school system shaped the city's racial and urban landscapes. *Introduction to Public Health* Mary-Jane Schneider, 2020-03-06

Introduction to Public Health, Sixth Edition, offers a thorough, accessible overview of the expanding field of public health for students new to its concepts and actors. Written in engaging, nontechnical language, this text explains in clear terms the multidisciplinary strategies and methods used for measuring, assessing, and promoting public health. **Enduring Bonds** Philip N. Cohen, 2018-02-06

In *Enduring Bonds*, Philip N. Cohen, renowned sociologist and blogger of the wildly popular and insightful *Family Inequality*, examines the complex landscape of today's diverse families. Through his interpretive lens and lively discussions, Cohen encourages us to alter our point of view on families, sharing new ideas about the future of marriage, the politics of research, and how data can either guide or mislead us. Deftly balancing personal stories and social science research, and accessibly written for students, Cohen shares essays that tie current events to demographic data. Class-tested in Cohen's own lectures and courses, *Enduring Bonds* challenges students to think critically about the role of families, gender, and inequality in our society today. *Beyond Refuge in Arab Detroit* Yasmeen Hanoosh, Sally Howell, Andrew Shryock, 2025-03-04

Detroit's Arab and Chaldean communities in the balance between cultural vitality and precarity. Detroit's Arab and Chaldean communities are now over a century old. Their neighborhoods, business districts, and cultural influence continue to grow. Whether Muslim or Christian, Yemeni, Iraqi, Palestinian, or Lebanese, these Detroiters are building new lives.

and new worlds in distinctive spaces that cannot be described simply as immigrant or refugee religious or ethnoracial In *Beyond Refuge in Arab Detroit* a multidisciplinary team of nineteen contributors considers how these worlds are connected to other times and places and what new identities are emerging in them They explore US census counts local politics activism refugee resettlement patterns of racism and Islamophobia and tense interactions between new immigrants and the well established The contributors warn that despite its deep roots and dynamism Arab Detroit is at risk As its residents struggle for change on their own terms they no longer perceive greater Detroit as a sanctuary or temporary home but as a place where Arabs and Chaldeans can live permanently as citizens Essential Methods for Planning Practitioners Laxmi

Ramasubramanian, Jochen Albrecht, 2017-11-17 This book assembles and organizes a selected range of methods and techniques that every planning practitioner should know to be successful in the contemporary global urban landscape The book is unique because it links different aspects of the planning policy making enterprise with the appropriate methods and approaches thus contextualizing the use of specific methods and techniques within a sociopolitical and ethical framework This volume familiarizes readers with the diverse range of methods techniques and skills that must be applied at different scales in dynamic workplace environments where planning policies and programs are developed and implemented This book is an invaluable resource in helping new entrants to the planning discourse and profession set aside their own disciplinary biases and empowering them to use their expert knowledge to address societal concerns Racism in the Neoliberal Era Randolph Hohle, 2025-08-22 *Racism in the Neoliberal Era* explains how simple racial binaries like black white are no longer sufficient to explain the persistence of racism capitalism and elite white power The neoliberal era features the largest Black middle class in US history and extreme racial marginalization Racial languages change the meaning of public and private political economy's two fundamental terms Randolph Hohle focuses on how the origins and expansion of neoliberalism depended on a racial language of white private black public The language of neoliberalism explains how the white racial frame operates like a web of racial meanings that connect social groups with economic policy geography and police brutality When America was racially segregated elites consented to political pressure to develop and fund white public institutions The Black civil rights movement eliminated legal barriers that prevented racial integration The elite white response to Black civic inclusion was to deregulate the Voting Rights Act and banking policy Elites gave themselves tax cuts and implemented austerity measures on government programs to aid the poor They privatized neighborhoods schools and social welfare creating markets around poverty They oversaw the mass incarceration and systemic police brutality against people of color Citizenship was recast as a privilege instead of a right Neoliberalism is the result of an elite white meta strategy to maintain political and economic power This new edition is thoroughly revised and updated to take account of the further history and debates over neoliberalism in the Trump and Biden eras and the significant social and political discussions around race and racism policing housing health care and citizenship as they interconnect with the American neoliberal economic and political

system The new edition will be a vital textbook for students instructors and researchers in sociology politics race and economics Historical Dictionary of African American Television Kathleen Fearn-Banks, Anne Burford-Johnson, 2014-10-03 From Amos n Andy to The Jeffersons to Family Matters to Chappelle s Show this volume has all different genres animation documentaries sitcoms sports talk shows and variety shows and performers such as Muhammad Ali Louis Armstrong Bill Cosby and Oprah Winfrey Additionally information can be found on general issues ranging from African American audiences and stereotypes through the related networks and organizations This second edition covers the history of African Americans on television from the beginning of national television through the present day including chronology introductory essay appendixes bibliography over 1000 cross referenced entries on actors performers producers directors news and sports journalists entries on series specials and movies relevant to African American themes and African American casts This book is an excellent access point for students researchers and anyone wanting to know more about the history of African Americans and their impact on television

Saving Our Cities William W. Goldsmith, 2016-08-12 In Saving Our Cities William W Goldsmith shows how cities can be places of opportunity rather than places with problems With strongly revived cities and suburbs working as places that serve all their residents metropolitan areas will thrive thus making the national economy more productive the environment better protected the citizenry better educated and the society more reflective sensitive and humane Goldsmith argues that America has been in the habit of abusing its cities and their poorest suburbs which are always the first to be blamed for society s ills and the last to be helped As federal and state budgets regulations and programs line up with the interests of giant corporations and privileged citizens they impose austerity on cities shortchange public schools make it hard to get nutritious food and inflict the drug war on unlucky neighborhoods Frustration with inequality is spreading Parents and teachers call persistently for improvements in public schooling and education experiments abound Nutrition indicators have begun to improve as rising health costs and epidemic obesity have led to widespread attention to food The futility of the drug war and the high costs of unwarranted unprecedented prison growth have become clear Goldsmith documents a positive development progressive politicians in many cities and some states are proposing far reaching improvements supported by advocacy groups that form powerful voting blocs ensuring that Congress takes notice When more cities forcefully demand enlightened federal and state action on these four interrelated problems inequality schools food and the drug war positive movement will occur in traditional urban planning as well so as to meet the needs of most residents for improved housing better transportation and enhanced public spaces
