us more happiness and less pain which suggests a loving creation process At the spiritual level Flint uses the model to define the soul and to discuss prayer and afterlife He defines Wisdom as a rich resource in the hidden reality It can be used to cause deep healing of many issues Examples of the communication between the therapist and patient teaches the reader a way to treat intruding souls ancestral fields and to use Wisdom to treat common issues Other experimental interventions are given Healing Your Mind and Soul is an invaluable self help guide that breaks important new therapeutic ground for both the health professional and the layperson Dr Garry A Flint is a psychologist with over 40 years of clinical experience He has treated issues in the quantum fields for the last 15 years He is the author of three previous books Emotional Freedom A Theory and Treatment of Your Personality and A Healing Legend co authored with Jo C Willems a a brave and provocative book Lee Pulos Ph D A B P P

Why we fear Henri Hyppönen, 2015-12-14 Why We Fear gets to grips with the essence of fear in life and in business Why We Fear uncovers the mechanisms of fear and the huge role this often misunderstood emotion plays in our daily lives At the same time it dismantles fear into understandable and actionable parts When fear is divided into its constituent parts the hidden workings of fear and fear based habits become visible In this way the book charts a road map for how to deal with this often destructive emotion and the heavy cost of fear in life and in business Fear has always been at the very core of human experience and yet people generally seem to believe that it is a force of nature outside their own control Fear is often seen as a mystical poorly understood influence that creeps up on us at the worst possible moment wrecks our performance dulls our wits and makes our lives shrink Why We Fear robs fear of this mystique In addition as Henkka Hyppönen points out fear is not always a disastrous and destructive force Sometimes a little injection of fear helps us to perform better as individuals and as teams
