Schor,2014-08-19 Ads aimed at kids are virtually everywhere in classrooms and textbooks on the Internet even at slumber parties and the playground Product placement and other innovations have introduced more subtle advertising to movies and television Companies are enlisting children as guerrilla marketers targeting their friends and families Even trusted social institutions such as the Girl Scouts are teaming up with marketers Drawing on her own survey research and unprecedented access to the advertising industry New York Times bestselling author and leading cultural and economic authority Juliet Schor examines how a marketing effort of vast size scope and effectiveness has created commercialized children Schor author of *The Overworked American* and *The Overspent American* looks at the broad implications of this strategy

Sophisticated advertising strategies convince kids that products are necessary to their social survival Ads affect not just what they want to buy but who they think they are and how they feel about themselves Based on long term analysis Schor reverses the conventional notion of causality it s not just that problem kids become overly involved in the values of consumerism it s that kids who are overly involved in the values of consumerism become problem kids In this revelatory and crucial book Schor also provides guidelines for parents and teachers What is at stake is the emotional and social well being of our children Like Barbara Ehrenreich s Nickel and Dimed Mary Pipher s Reviving Ophelia and Malcolm Gladwell s The Tipping Point Born to Buy is a major contribution to our understanding of a contemporary trend and its effects on the culture Research in Education ,1971 **Department of State Publication** ,1959 *K Today* Dominic F.
