Wolf or Dog? Adam Weishaupt, 2013-01-27 There are two types of human being wolves aggressive assertive dominants who are determined to get what they want and dogs timid domesticated submissives continually at the mercy of the wolves Capitalism is a wolf ideology Christianity Islam and Judaism are dog religions intent on forcing you onto your knees and making you obey endless commandments The capitalist wolves can prey on the Christian dogs who simply turn the other cheek Democracy is another perfect vehicle for wolves The people the dogs are given the illusion that they are in control yet all democracies are just oligarchies and plutocracies The wolves decide the political agenda and the candidates The people merely choose which wolf will feed on them So are you wolf or dog This is a book by the Pythagorean Illuminati and its aim is to re train the dogs to understand the wolves and stand up to them If you want the best things in life you cannot allow yourself to be preyed upon by the Power Elite
