For these projects, Lisa Occhipinti rescues and repurposes orphaned and outdated books from flea markets and library sales and turns them into new art objects and practical items for the home. Her creations range from artfully constructed mobiles, wreaths, and vases to functional items like shelves, storage boxes, and even a Kindle keeper for those who want to replicate the sensation of holding a real book while reading from an e-reader. Projects utilize every imaginable part of a book, from hardback cover to individual pages, and are a DIY celebration of a new way to view a book's potential. Occhipinti's repurposed books are truly beautiful art objects, and whether or not you're crafty enough to give them a try yourself, her book is thoroughly enjoyable. *Fine Books and Collections*. She shows readers how to transform books into mobiles, lamp shades, even clocks. *National Post*
