and more her story challenges many beliefs about American history Christianity and gender Further it has implications for current debates about immigration sexuality and religious diversity Drawing on seldom analyzed French and Russian sources this biography covers neglected aspects of Ka ahumanu s life The many spouses and lovers she and Kamehameha had the roles played by Central Europeans African Americans Catholics and Unitarians in her realm and struggles with religious pluralism are all included **Shāh Esmā'il and his Three Wives** Ameneh Youssefzadeh, Stephen Blum, 2022-05-20 This book is the first full text and translation of a prosimetric tale from the rich repertoire of Central and West Asian bards to be published with ready access to recordings of both the prose narration and the sung verse In Iranian Khorasan bards known as bakhshi present tales that in other regions are performed wholly in a Turkic language with prose narration in Persian Khorasani Turkish or Kurmanji Kurdish and most verses in Turkish We compare portions of the full performance transcribed here with excerpts from two performances of Iranian bakhshis in the 1970s Three introductory chapters and a commentary discuss musical and verbal dimensions of the bakhshi s art in relation to relevant social historical and literary contexts

Marital and Sexual Ethics in Islamic Law Roshan Iqbal, 2023-03-14 Roshan Iqbal traces the intellectual legacy of the exegesis of Qur an 4 24 which is used as the proof text for the permissibility of mut a temporary marriage and asks if the use of verse 4 24 for the permissibility of mut a marriage is justified within the rules and regulations of Qur anic hermeneutics Iqbal examines seventeen Qur an commentaries the chronological span of which extends from the first extant commentary to the present day in three major Islamicate languages Iqbal concludes that doctrinal self identity rather than strictly philological analyses shaped the interpretation of this verse As Western academia s first comprehensive work concerning the intellectual history of mut a marriage and sexual ethics this work illustrates the power of sectarian influences on how scholars have interpreted verse 4 24 This book is the only work in English that includes a plurality of voices from minor schools Ibadi Ashari Zaidi and Ismaili largely neglected by Western scholars alongside major schools and draws from all available sub genres of exegesis Further by revealing ambiguities in the interpretation of mut a this work challenges accepted sexual ethics in Islamic thought as presented by most classical and many modern Muslim scholars and thus opens up space to theorize Islamic sexual ethics anew and contribute to this crucial conversation from the perspective of Muslim feminism **National Stereotypes in Perspective** , 2021-11-08 Since the late 18th century when they first entered into an alliance during the American Revolution the French and Americans have had a long and sometimes stormy relationship based on a complex mix of mutual admiration cultural criticism and sometimes downright disgust for the other The relatively new interdisciplinary field of imagology or image studies allows us to place the dynamics of such a relationship into perspective by grounding its analysis firmly in the study of national stereotypes in the process providing new insights into the mentality of the observer For if anything image studies demonstrate again and again that national character is not as assumed uncritically for centuries an innate essence of the other but rather a self serving functional construct of the observer

Revolutionary Bodies K. S. Batmanghelichi, 2020-12-10 Gender and sexuality in modern Iran is frequently examined through the prism of nationalist symbols and religious discourse from the late nineteenth and early twentieth centuries In this book Kristin Soraya Batmanghelichi takes a different approach by interrogating how normative ideas of women's bodies in state religious and public health discourses have resulted in the female body being deemed as immodest and taboo Through a diverse blend of sources a popular cultural women's journal a red light district cases studies of temporary marriages iconic public statues and an HIV AIDS advocacy organization in Tehran this work argues that conceptions of gender and sexuality have been mediated in public discourse and experienced and modified by women themselves over the past thirty years of the Islamic Republic Expanding upon existing philosophical theory technological research and scholarship on gender and sexuality in Iran this book focuses much needed attention on under studied marginalized communities such as widows living with HIV This work interrogates how bodily technologies are constructed discursively and socially in Iran and the values and perspectives which are incorporated in them

Literature of the Early

Twentieth Century: From the Constitutional Period to Reza Shah A. A. Seyed-Gohrab, 2015-07-22 The eleventh volume in this ground breaking series pays special attention to politically engaged poetry written during a turbulent period which saw the Constitutional Revolution in Iran as well as the rise to power of Reza Shah and his attempts to implement reform Throughout this time poets began to turn their attention towards the country's ordinary people rather than concentrate on its elites This volume also examines the prose fiction of the period which saw the rise of the novel and short story Additionally Persian satire began to grow in importance especially with the increased popularity of poets and novelists such as Iraj Mirza and Sadeq Hedayat This wide ranging volume is an invaluable companion for anyone who wants to understand how the Persian literary scene changed at the beginning of the twentieth century reflecting the social and political contexts in which this literature was created

Islam in Modern Thailand Rajeswary Ampalavanar Brown, 2013-10-01 This book addresses the complexity of Islam in Thailand by focusing on Islamic charities and institutions affiliated to the mosque By extrapolating through Islam and the waqf Islamic charity in different regions of Thailand the diversity in races and institutions it demonstrates the regional contrasts within Thai Islam The book also underlines the importance of the internal histories of these separate spaces and the processes by which institutions and ideologies become entrenched It goes on to look at the socio economic transformation that is taking place within the context of trading networks through Islamic institutions and civil networks linked to mosques madrasahs and regional power brokers Brown casts this study of private Islamic welfare as strengthening rather than weakening relations with the secular Thai state The current

regime's effectiveness in coopting these Muslim elites including Lutfi and Wisoot into state bureaucracies assists in widening their popular base in the south in the north east and in Bangkok Such appointments were efficacious in reinforcing the elite's Islamic identity within a modern secular literate and cosmopolitan Thai culture In challenging existing studies of Thai Muslims as furtive protest minorities this book diverts our attention to how Islamic philanthropy provides the logic and dynamism behind the creation of autonomous spaces for these independent groups affording unusual insights into their economic political and social histories

To Slip the Surly Bonds of Earth Hugh Cameron, 2020-08-10 The West continues its precipitous decline The ancient magnificent awe inspiring Christian Churches which had taken centuries to build are burning all over Europe and that tragedy and violence on the streets are becoming so commonplace that it barely is mentioned by the media Even the most egregious terrorist outbreaks are passed over by politicians as something which occurs in big cities and the indigenous population should simply get used to it Policing in most of the West has sunk to an all time low Rape of women and children has reached unprecedented levels Crimes against property and person are largely ignored Break and Entry now no longer even merits a police inspection Horrifying acid attacks where acid is thrown on a young woman destroying her face never before seen in Europe are barely mentioned Any vestige of Free Speech has become a thing of the past and there is a return to the Thought Police of the Communist era The Prometheus Group a disparate collection of people who fear for the future of civilization especially the unlikely Enlightenment concept of intrinsic individual human worth have established small colonies on Mars and the moon They continue to fly under the radar of public attention as much as they can while quickly expanding these colonies The economic collapse of countries such as Greece had long been anticipated Unsurprisingly the economic situation in Canada suddenly deteriorates and the US President is forced to step in to prevent complete anarchy which would threaten the undefended US northern border Unwilling to involve the United States government directly she asks the Prometheus Group for personnel to help oversee and assist the economic rescue of Canada which the group agrees to with exceeding reluctance More of the exceptional children continue to be sought by the Prometheus Group and continue to be found in the most unlikely places As before they are mainly seeking girls whose genius would otherwise be missed These children are enlisted into the effort to produce the science which will get as many people as possible into space and speed the terraforming of Mars before the cataclysm of civil war which is now inevitable in Europe and will likely spread to involve the world Any extension of war outside Europe will inevitably result in a nuclear exchange with unimaginable destruction as a single nuclear airburst could produce such an electromagnetic pulse as to wipe out all computers within the blast area This disaster multiplied many times over and almost certainly aided by biological warfare would produce a possible reversion to primitivism tribalism and savagery or the establishment of a dystopian rigid unchangeable medieval philosophy
