New York ,1974 Race to the Top. Tennessee Report. Year 1 Department of Education (ED),2012 This State specific
summary report serves as an assessment of Tennessee s Year 1 Race to the Top implementation highlighting successes and
accomplishments identifying challenges and providing lessons learned from implementation to date Tennessee received its
Race to the Top grant in July 2010 as part of the first round of the competition Since receiving the award the State has made
progress implementing several initiatives including integrating the First to the Top FTTT Act goals and objectives into daily
operations aiding the LEAs transition to new Common Core State Standards CCSS and designing and implementing a new
educator evaluation system The State is supporting LEAs in their transition to the CCSS by providing trainings a crosswalk
between the existing State standards and the CCSS and pacing guides to help connect the new standards to professional
growth Over the past year TDOE provided introductory training to more than 4 000 educators statewide on the CCSS
Additionally most of the State s LEAs are voluntarily implementing the CCSS standards in kindergarten through second
grade in school year SY 2011 2012 Tennessee encountered some impediments to the implementation of its Race to the Top
plan during the first year of the grant After winning its Race to the Top award Tennessee elected a new Governor who then
appointed a new Commissioner of Education Although the new Governor collaborated with TDOE staff prior to taking office
and both he and his new Commissioner are committed to education reform the transition to new leadership was not seamless
The time required to fill key leadership positions impacted both TDOE s project timelines and its capacity to support LEAs
TDOE also experienced turnover within the assessment data systems and educator evaluation offices During the summer of
2011 the Commissioner engaged in a strategic planning process and is considering how to fill vacancies and hire additional
staff at TDOE in alignment with the agency s key priorities needed to drive student achievement at the classroom level
Tennessee learned valuable lessons during the first year of Race to the Top that will inform TDOE as it continues to foster
supportive relationships with LEAs and schools In Year 1 the State offered guidance trainings and in person support to LEAs
and schools on several Race to the Top initiatives including TVAAS the CCSS and the TAP observation rubric The guidance
and resources provided by the State built stronger relationships with LEAs to ensure successful implementation of many
