

**The Benchmark For
AM/FM Indoor,
Amplified Antennas**

**High-Performance
Styling**

The AM/FM Q is TERK's most recent, amplified AM/FM antenna, combining high-performance and superior technology in a stylish and compact design. This antenna offers superior radio reception by adjusting to a wide range of conditions.

**Unique Pin-Dot™
pre-Tuning**

At the heart of the AM/FM Q antenna is TERK's unique Pin-Dot Pre-Tuning which allows the user to adjust the antenna to a specific frequency by simply adjusting the dial to match the desired radio station. The result is clearer AM and FM stations and much less static than ever before.

**Versatile and Easy To
Install**

The AM/FM Q must be plugged into a radio or stereo receiver and is not outlet to power the amplifier. Since carter tuners and receivers have either 75 or 200 Ohm antenna inputs, the AM/FM Q comes with everything you need to hook up the antenna right out of the box.
