Terrible Old Games Youve Probably Never Heard Of:

Terrible Old Games You've Probably Never Heard Of Stuart Ashen, 2015-12-03 *Terrible Old Games You've Probably Never Heard Of* is a full colour illustrated compendium of the most painfully bad games based on Ashen's YouTube series of the same name. Everyone's heard of *E.T.* for the Atari 2600 and *Superman* for the Nintendo 64 but these are almost nothing next to the abject incompetence of *Count Duckula 2* on the Amstrad CPC. There are people who seriously believe that *Shaq Fu* is the worst fighting game ever made having never experienced *Dangerous Streets* on the Amiga. This book will blow their very soul apart. Not a guarantee. *Terrible Old Games You've Probably Never Heard Of* is meticulously researched and written with the dry humour you'd expect from a man who has somehow made a living by sticking rubbish on a sofa and talking about it. Each entry is accompanied by a series of full colour images from the games. *Attack of the Flickering Skeletons* Stuart Ashen, 2017-11-02 YouTube sensation Stuart Ashen is back with his second instalment of terrible old computer games you've probably never heard of because what the world needs right now is to know exactly how bad *Domain of the Undead* for the Atari 8 bit computers was. *Attack of the Flickering Skeletons* is even bigger than the original *Terrible Old Games You've Probably Never Heard Of*. This second excavation of gaming's buried past will not only unearth more appalling excuses for digital entertainment but also feature guest contributors and several special interest chapters not based around single specific games. These are NOT the games you've heard of a million times in YouTube videos. This is a compilation of truly obscure and dreadful games. Dripping with wry humour and featuring the best worst graphics from the games themselves, this book encapsulates the atrocities produced in the days of tight budgets and low quality controls. Welcome to a world of games you never knew existed. You will probably wish you still didn't. **Fuck Yeah, Video Games** Daniel Hardcastle, 2019-09-19 A labour of undiluted love and enthusiasm. Daily Telegraph. As Daniel Hardcastle careers towards thirty he looks back on what has really made him happy in life: the friends, the romances, the video games. Told through encounters with the most remarkable and the most mind boggling games of the last thirty odd years, *Fuck Yeah Video Games* is also a love letter to the greatest hobby in the world. From *God of War* to *Tomb Raider*, *Pokémon* to *The Sims*, Daniel relives each game with countless in-jokes, obscure references and his signature wit as well as intricate original illustrations by Rebecca Maughan. Alongside this march of merriment are chapters dedicated to the hardware behind the games, a veritable history of Sony, Nintendo, Sega and Atari consoles. Joyous, absurd, personal and at times sweary, Daniel's memoir is a celebration of the sheer brilliance of video games. [Things I Learned from Mario's Butt](#) Laura Kate Dale, 2021-02-04 Have you ever wondered why some video game characters wear trousers and others don't? Or pondered the connection between a character's toned muscular derriere and their level of dexterity? What about the depth of a crack, the jiggle of a cheek? When it comes to video game character designs, one of the most overlooked aspects is the buttocks. Sure we might appreciate a nice toned butt on a character or giggle at GIFs of farts from time to time but how often do we stop to really think about the

meaning of the butt In Things I Learned from Mario s Butt video game critic Laura Kate Dale brings backsides to the foreground analysing dozens of posteriors and asking the important questions Has Mario let himself go Do Link s small buttocks hold him back When he dies is Pac Man eaten by his own caboose Wedged full of original artwork by Zack Flavin and featuring interviews with game developers and guest butt reviews from gaming favourites such as Jim Sterling Stuart Ashen Brentalfloss and more this book is a deep dive into why butts are downright integral to the games we play So crack it open and have a cheeky look inside at some of the most interesting bottoms the world of video games has to offer **A Kind of Magic** Jonathan Melville,2020-11-17 A behind the scenes look at the making of the classic 1986 fantasy action adventure film featuring insights from the cast and crew The story of an immortal Scottish warrior battling evil down through the centuries Highlander fused a high concept idea with the kinetic energy of a pop promo pioneer and Queen s explosive soundtrack to become a cult classic When two American producers took a chance on a college student s script they set in motion a chain of events involving an imploding British film studio an experimental music video director still finding his filmmaking feet a former James Bond with a spiralling salary and the unexpected arrival of low budget production company Cannon Films Author Jonathan Melville looks back at the creation of Highlander with the help of more than 60 cast and crew including stars Christopher Lambert and Clancy Brown as they talk candidly about the gruelling shoot that took them from the back alleys of London to the far reaches of the Scottish Highlands and onto the mean streets of 1980s New York City With insights from Queen s Brian May and Roger Taylor on the film s iconic music exclusive screenwriter commentary on unmade scripts never before seen photos from private collections and a glimpse into the promotional campaign that never was if there can be only one book on Highlander then this is it A Kind of Magic Making the Original Highlander tracks down an astonishing number of the film s cast and crew to give an unparalleled account of its creation if you re one of the film s many fans this is the perfect companion The Courier Book of the Week 9 10 As well as being the story of the Highlander film itself it s a fascinating look at the film making process Jonathan Melville s A Kind of Magic Making the Original Highlander is an absolute joy to read and an absolutely essential purchase for any Highlander fan We Are Cult **Inside Book Publishing** Angus Phillips,Giles Clark,2019-08-09 Now fully revised and updated for its sixth edition Inside Book Publishing is the classic introduction to the book publishing industry Giles Clark and Angus Phillips offer authoritative coverage of all sectors of the industry from commercial fiction and non fiction to educational publishing and academic journals They reveal how publishers continue to adapt to a fast changing and highly interconnected world in which printed books have proved resilient alongside ebooks and the growth of audio Major themes are explored including the development of digital products and the use of social media in book marketing as well as those that affect publishers businesses such as the rise of internet retailing rental models for student textbooks and open access where academic content is free to the user Case studies from industry experts give fascinating perspectives on topics such as crowdfunding self publishing and how authors can market
