

SPIT NOLAN

Spit Nolan was a pal of mine. He was a thin lad with a bony face that was always pale, except for two rosy spots on his cheekbones. He had quick brown eyes; short, wiry hair, rather stooped shoulders, and we all knew that he had only one lung. He'd had a disease, which in those days couldn't be cured, unless you went away to Switzerland, which Spit certainly couldn't afford. He wasn't sorry for himself in any way, and in fact we envied him, because he never had to go to school.

Spit was the champion trolley-rider of Cotton Pocket; that was the district in which we lived. He had a very good balance, and sharp wits, and he was very brave, so that these qualities, when added to his skill as a rider, meant that no other boy could ever beat Spit on a trolley – and every lad had one.

Our trolleys were simple vehicles for getting a good ride downhill at a fast speed. To make one you had to get a stout piece of wood about five feet in length and eighteen inches wide. Then you needed four wheels, preferably two pairs: large ones for the back and smaller ones for the front. However, since we bought our wheels from the scrapyards, most trolleys had four odd wheels. Now you had to get a poker and put it in the fire until it was red hot, and then burn a hole through the wood at the front. Usually it would take three or four attempts to get the hole bored through. Through this hole you fitted the giant nut-and-bolt, which acted as a swivel for the steering. Fastened to the nut was a strip of wood, on to which the front axle was secured with bent nails. A piece of rope tied to each end of the axle served for steering.

Then a knob of margarine had to be slanced out of the kitchen to grease the wheels and bearings. Next you had to paint a name on it: *Invincible* or *Dreadnought*, though it might be a motto *Death before Dishonour* or *Labour and Wait*. That done, you then stuck your chest out, opened the back gate, and wheeled your trolley out to face the critical eyes of the world.

Spit spent most mornings trying out new speed gadgets on his trolley, or searching Enty's scrapyards for good wheels. Afterwards he would go off and have a spin down Cemetery Brew. This was a very steep road that led to the cemetery, and it was very popular with trolley-drivers as it was the only macadamized hill for miles around, all the others being cobblestones for horse traffic. Spit used to lie in wait for a coal-cart or other horse-drawn vehicle, and then he would hitch *Egdam* to the back to take it up the brew. *Egdam* was a name in memory of a girl called Madge, whom he had once met at Southport Sanatorium, where he had spent three happy weeks. Only I knew the meaning of it, for he had reversed the letters of her name to keep his love a secret.

development of the children's short story providing insights into the way perceptions of childhood and contemporary attitudes have influenced writers of different periods. But as Jan Mark's discriminating selection demonstrates the ingredients of a good children's story as well as the fictional tastes of children themselves have remained remarkably constant despite changes in style and outlook. This is a collection to divert and surprise an ideal survey of the children's short story for parents, professionals and especially for the children themselves.

Starting English Teaching Robert Jeffcoate, 2002-11 First published in 1992. Routledge is an imprint of Taylor Francis, an informal company.

The Storytellers, 1971 **Children's Literature, a Guide to the Criticism** Linnea Hendrickson, 1987. Covering works as diverse as a historical survey of the alphabet book and an analysis of the young adult novels of Judy Blume, this annotated bibliography draws together significant articles, books and dissertations of children's literature criticism. Compiled from a wide variety of popular and scholarly sources, *Children's Literature* provides a thorough and easy-to-use resource to this burgeoning field of study. *Children's Literature* categorizes and assesses the critical response to fiction, drama, poetry and some nonfiction written for children between the ages of one and sixteen. The children's literature covered ranges in format and style from the picture book to the young adult novel. The emphasis is on twentieth-century children's literature, although classics from earlier centuries have been included.

Book Jacket *101 Essential Lists for Secondary Teachers* Susan Elkin, 2010-07-15. Lists range from planning lessons and managing behaviour to continuing professional development and moving upwards and onwards.

Reluctant to Read? John L. Foster, 1977 **The Practice of English Teaching** Graham Owens, 1970. No secondary teacher today is faced with such a demanding task as the teacher of English. Research has emphasized the importance of language to the whole intellectual, emotional and social growth, and report after report has pushed the frontiers of English further onwards. The teacher of English requires a number of skills: a depth of theory, a diversity of knowledge and a familiarity with a wide range of literature which is truly daunting. This book meets a real need and will be valued by all teachers of English from the student on school practice to the experienced teacher anxious to survey all aspects of current work in the 12-16 age range. It is essentially a practical book arising out of the editors' strongly felt needs for a comprehensive book which would translate the radical rethinking of the fifties and sixties into detailed descriptions of successful work. They therefore invited a large number of the most experienced and well-known teachers of English to write about some aspects in which they had special expertise and experience. Although written independently, these articles show a concern for finding meaningful and realistic ways of helping the individual pupil's grasp of language for his personal and intellectual needs. They share a dislike of the artificial textbook exercise and an ability to invent instead methods of prompting the individual to talk, write and read more fully. There is a full consideration of the place of modern media in the classroom, a lively exploration of the possibilities of drama as an integral part of English teaching and an unusually practical section of ways of encouraging wide reading. The individual articles are linked by a perceptive commentary from the editors and each contributor has been given space enough.

to convey the detail of his subject so that this book of effective classroom practice not mere generalization **Moving from the Primary Classroom** Maurice Galton, John Willcocks, 2023-03-08 First published in 1983 Moving from the Primary Classroom is concerned with what happens to pupils when they change teachers in the primary school and when they move to the secondary or middle school Although most children are well prepared for the organizational changes they will face after transfer the researchers found that major difficulties were encountered when pupils adjusted to the new teaching styles associated with specialist subjects As pupils move up the primary school and after transfer there appears to be a decrease in individualization of the learning process in favour of whole class teaching and group work This poses particular problems for pupils who find the work either too difficult or not sufficiently challenging The disparity in the varying rates at which children complete their work sometimes causes acute problems which are fully documented This book will be of interest to students of education pedagogy as well as teachers Coordinating English at Key Stage 2 Tony Martin, Mick Waters, 2003-09-02 Specifically designed for busy teachers who have responsibility for co ordinating English within their primary school this concise and practical volume provides a wealth of tips case studies and photocopiable materials **The English Short Story, 1945-1980** Dennis P. Vannatta, 1985 **Owners of the Means of Instruction?** Jenny Plastow, 2007 Marx and Marxism supposedly dead and buried seem to find ways of staying alive This collections of articles explores how some of these ideas might offer useful ways at looking at children s literature Contributions include views of children s books and periodicals written in Britain during the Great War and a paper on Walter Benjamin
