

Embedded Assessment 1.1 Argumentative Essay

Directions: Read the following essay prompt.

Write an argumentative essay on one of the following prompts.

- Should school uniforms be required in all public schools?
- Is social media a positive or negative influence on teenager's mental health?
- Should college athletes be paid for their participation in sports?
- Should violent video games be illegal?
- Should parents be held liable for student truancy issues?

You will need to develop a clear claim, and conduct research to gather evidence that supports your claim. Your final argumentative essay should use the genre characteristics and craft of an argument.

Step 1: Picking your Prompt

Which prompt do you think you can write the most convincing argument about? Which side will you be taking?

Making Games for Impact Kurt Squire, 2021-10-26 Designing games for learning case studies show how to incorporate impact goals build a team and work with experts to create an effective game Digital games for learning are now commonplace used in settings that range from K 12 education to advanced medical training In this book Kurt Squire examines the ways that games make an impact on learning investigating how designers and developers incorporate authentic social impact goals build a team and work with experts in order to make games that are effective and marketable Because there is no one design process for making games for impact specific processes arise in response to local needs and conditions Squire presents a series of case studies that

range from a small playable game created by a few programmers and an artist to a multimillion dollar project with funders outside experts and external constraints These cases drawn from the Games Learning Society Center at the University of Wisconsin Madison show designers tackling such key issues as choosing platforms using data analytics to guide development and designing for new markets Although not a how to guide the book offers developers researchers and students real world lessons in greenlighting a project scaling up design teams game based assessment and more The final chapter examines the commercial development of an impact game in detail describing the creation of an astronomy game *At Play in the Cosmos* that ships with an introductory college textbook

Personalising Learning in Teacher Education Mellita Jones, Karen McLean, 2018-03-28 This volume sheds light on debates about personalised learning in teacher education by exploring the popular emergence of personalising learning in education and hence its significance in teacher education in the 21st century It examines personalising learning theory and explores the tenets of this theory and its recent trends in international settings The theory is explored in relation to both general and higher education pedagogy and in a range of examples within a teacher education context The examples from practice provide insights into maximising the potential for personalising learning theory to enhance teaching learning and assessment in teacher education The book includes case studies involving pre service teachers working in communities of practice with one another with schools and with the wider community Examples of technology for personalising learning are also described All the case studies demonstrate how the learner is made central to the teaching and assessment approaches adopted and contributes to a lifelong learning continuum Providing insights into a new pedagogy for teacher education that leads to an enriched student experience the book presents a model for personalising learning in teacher education that offers support for 21st century teacher educators

Pop Culture and Power Dawn H. Currie, Deirdre M. Kelly, 2022-03-01 Literacy education has historically characterized mass media as manipulative towards young people who as a result are in need of close reading skills By contrast *Pop Culture and Power* treats literacy as a dynamic practice shaped by its social and cultural context It develops a framework to analyse power in its various manifestations arguing that power works through popular culture not as everyday media *Pop Culture and Power* thus explores media engagement as an opportunity to promote social change Seeing pop culture as a teaching opportunity rather than as a threat Dawn H Currie and Deirdre M Kelly worked with K 12 educators to investigate how pop culture can support teaching for social justice Currie and Kelly began the research for this project with a teacher education seminar in media analysis where participants designed classroom activities using board games popular film music videos and advertisements These activities were later piloted in participants classrooms enabling the authors to identify and address practical issues encountered by student learners Case studies describe the design implementation and retrospective assessment of activities engaging learners in media analysis and production Following the case studies the authors consider how their approach can foster ethical practices when engaging in the digital environment *Pop Culture and Power* offers theoretically informed yet

practical tools that can help educators prepare youth for engagement in our increasingly complex world of mediated meaning making

Whole School Approaches to Sustainability Arjen E.J. Wals, Birgitte Bjønness, Astrid Sinnes, Ingrid Eikeland, 2024-06-22 In response to urgent global sustainability challenges Education for Sustainable Development ESD and Global Citizenship Education have been prioritized in the United Nations Agenda 2030 under SDG 4.7 There is a growing awareness that treating concepts such as global citizenship sustainable development climate urgency and health and well being as separate subjects or topics to be added to a curriculum is ineffective as they are highly interconnected Additionally this approach is problematic as schools already have an overcrowded curriculum This edited volume brings together a range of scholars and reflective practitioners from across the globe who are investigating and enacting a whole school approach WSA in education for sustainability While the WSA and related approaches such as those advocated by EcoSchools are becoming more popular there is a lack of understanding of their underlying principles and the different manifestations in diverging socio cultural contexts at different educational levels This collection of chapters provides a deeper understanding of the WSA while also addressing its effectiveness possibilities for upscaling professional development needs for WSA practitioners interlinkages with more conventional curriculum requirements expectations of students and parents and more This is an open access book

Revolutionizing Modern Education through Meaningful E-Learning Implementation Khan, Badrul H., 2016-06-27 It is not enough for an instructor to merely present facts to their students the presentation of information must be made accessible and understandable in the context of the student As communication technologies become more widely available traditional educational institutions are no longer the only source of information What is now necessary is to reconsider what makes for
