Men Who Beat the Men Who Love Them Patrick Letellier, David Island, 2013-12-02 Domestic violence in gay male relationships is the third largest health problem for gay men in America today Men Who Beat the Men Who Love Them breaks the silence surrounding gay male domestic violence and exposes this hidden yet prevalent and destructive problem The authors paint a vivid picture of gay men s domestic violence bringing its brutality to life by including personal narratives written by one of the authors by clearly defining what it is and what it is not through lists of violent acts and criminal code categories and by thoroughly examining and analyzing the criminal mental health medical political and interpersonal issues involved The authors boldly depart from

the battered women's literature by asserting that batterers have a diagnosable mental disorder that battering is not gender based and that much further criminalization of domestic violence is necessary. Striving for victim advocacy the book underscores the idea that gay men's domestic violence is totally unacceptable and is caused solely by individual abusive gay men who choose to batter. The book builds on and departs from what is known about domestic violence with the authors challenging several fundamental premises in the literature unabashedly identifying battering as a mental disorder. The authors explain that victims cannot stop their battering partners from battering and virtually all batterers choose to harm their partners in a premeditated fashion. The authors provide practical steps and suggestions for victims who want to leave and stay away from their violent partners and for friends who want to help battered gay men. Chapters describe the scope of the problem and refute myths and misconceptions. There are several detailed theory chapters in which the authors explain why gay men's domestic violence occurs, who the batterers are, who the victims are at different stages of victimization and how domestic violence can be stopped. A visionary wide ranging governmental and private plan of action is introduced including lists of necessary laws and policies as well as outlines of strong education training and advertising problems needed in various sectors of society. As a self help book *Men Who Beat the Men Who Love Them* provides practical information on a never before discussed topic. As a trainer's manual or teaching guide it includes specific criteria for understanding the problem and for providing treatment. *American Illustrated Magazine*, 1928 *American Magazine*, 1920 *The Engineering Index*, 1906 *The Engineering Index* John Butler Johnson, Henry Harrison Supplee, Johannes H. Cuntz, Charles Buxton Going, 1906 *I Am the Angel* Michael Stuart, 2009-06 When he's killed at a young age in a car accident the unnamed narrator enters the spirit world and is surprised to learn that the angels want him to join their ranks. Upon arriving in Heaven he discovers an idealized world of comfort but the euphoria doesn't last as he's forced to return to the rigors of school in an angel training course. Soon he discovers that the many disappointments of his life have left him with a bitter disdain for all of mankind and that an angel's existence might not be for him. Then he befriends Marley a fellow angel trainee. After a life of tragedy and addiction ending in overdose she doesn't feel worthy of receiving the halo herself. But amidst a surreal world of asexual attraction guardian spirits who curse like truck drivers and a supreme being who might possibly enjoy waiting diner tables the two start to help each other overcome their metaphysical and personal distress. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark and whose demise is so lamented. Dave Eggers. It's a piece of garbage.
