SUFISM has never had a first exponent or a historical origin It existed from the beginning because man has always possessed the light which is his second nature and light in its higher aspect may be called the knowledge of God the divine wisdom in fact Sufism Sufism has always been practiced and its messengers have been people of the heart thus it belonged to the masters as well as to others Tradition states that Adam was the first prophet which shows that wisdom was already the property of the first man There have always been some among the human race who have desired wisdom These sought out spiritual beings in their solitude serving them with reverence and devotion and learning wisdom from them Only a few could understand those spiritual beings but many were attracted by their great personalities They said We will follow you we will serve you we will believe in you we will never follow any other and the holy ones said to them My children we bless you Do this do that This is the best way to live And they gave their followers precepts and principles such as might produce in them meekness and humility In this way the religions were formed But in the course of time the truth was lost The tendency to dominate arose and with it the patriotism of the community and prejudice against others and thus wisdom was gradually lost Religion was accepted though with difficulty but the evolution of the world at that time was not such as could understand the Sufis They were mocked at ill treated ridiculed they were obliged to hide themselves from the world in the caves of the mountains and in the solitude At the time of Christ there were Sufis among the first of those who gave heed to him and in the time of Muhammad the Sufis on Mount Zafah were the first to respond to his cry One of the explanations of the term Sufi is this association with Mount Zafah Muhammad was the first to open the way for them in Arabia and they had many followers among them Sadik and Ali **Shah Wali-Allah Dihlawi and His Economic Thought** Abdul Azim Islahi,2022-07-05

Shah Wali Allah had a deep understanding of Qur an Hadith and Fiqh This book is unique as it focussing on Shah Wali Allah s life as well as thought from an economic perspective *Commanding Self* Idries Shah,2020-02-07

The Commanding Self in Sufic terminology is that mixture of the primitive and conditioned responses common to everyone which inhibits and distorts human progress and understanding This book was described by Shah as the key to understanding his entire corpus of work While complete in itself as an anthology of hitherto unpublished work it serves to illustrate and amplify Idries Shah s preceding books on the Sufi Way In its introduction he writes Thousands of books and monographs have been written on Sufism and the Sufis almost all of them from the point of view of other ways of thinking The result has been chaos in the literature and confusion in the reader Over the centuries some of the world s most eminent scholars have fallen into the trap of trying to examine access or consider the Sufi phenomenon through a set of culture bound preconceptions *Islam and the Path to Human and Economic Development* A. Mirakhor,H. Askari,2010-08-18

This book briefly surveys the evolution of the Western concept of development recognizing the wider dimensions of human and economic development and the role of institutions and rules which has moved toward the vision

and the path of development envisaged in Islam *Sufi Principles, Action, Learning Methods, Imitators, Meeting-places, and the Western Seeker* Humayun Abbas,1980 The Magic Monastery: Analogical and Action Philosophy of the Middle East and Central Asia Idries Shah,1972 **The Sun Will Rise in the West** Es-Seyyid Es-Shaykh Taner Ansari,Es-Seyyid Es-Shaykh Taner Ansari Tarsusi er Rifai el Qadiri,2000 A renowned Sufi Shaykh synthesizes his wisdom of the Sufi path for knowing loving God specifically for the Western reader This study of Sufism serves as a guide for finding your purpose acting according to it To the Sufi actions thoughts feelings spoken words all transmit vibrational patterns which produce reactions in the universe The goal is to understand which reactions please the Creator as opposed to one s ego The Sufi route to this goal is via the heart for love is the medium of unity necessary for a connection between a person the Divine The book discusses the practices that open a student s inner organs of perception to an expanded world of radiance which is normally unseen The Shaykh serves as the guide protector on this journey the book clearly describes the responsibilities of both the Shaykh the Sufi student The ultimate goal of the Sufi path is the purification of one s heart a process known as surrender i e the achievement of complete mastery over the selfish urgings of ones egoistic nature Intention sincerity are the springboards of the surrender process the inner aspect which gives meaning to our outer deeds **Sufi Message of Spiritual Liberty** Inayat (Khan, Hazrat),1914
