The Atavist Effect S. I. McDonald,2024-03-12 Introducing the first book in a speculative fiction series called The Atavist Effect Rika s Run this sets the framework of an epic tale that starts with the actions of unlikely characters whose pursuit of their faith family and freedom put them against distant seemingly all powerful forces The story is told from the twenty second century through the research of a maker s apprentice trying to keep a seat in the qargi the maker school Like a complex puzzle he pieces together old family stories to discover how a girl changed the events of the twenty first century On a stolen flying contraption and searching for her brother Rika sowed the seeds of rebellion against technocratic globalists quietly seizing control and restricting people s freedoms The storyteller already knows that the world collapsed in the late twenty first century after all it is a part of the curriculum in school But the mystery is how it happened and how it all came back together How do the choices of the previous generations impact the present What is the right response when faced with difficult decisions against impossible odds While the book deals with tough issues it s written for a diverse audience from youth to those blessed with age The characters are multigenerational opening the door for families to read the book together to discover and talk about what happens and how things work in the world between the pages It s not science fiction It s science possible Welcome to the age of cold steam a time for the makers CCBC Choices ,1997 *Resources in Education* ,1992 Serves as an index to Eric reports microform The case Irene B. Sörensen,2024-08-01 Laura and Simon two teenagers are actually kids like all the others with a crazy mind and their dreams But everything changes when a little dark red book full of stories falls into their hands The strangest thing about it is that it opens by itself as if the wind had been playing with the pages They soon realize that they have a puzzle to solve the symbolism of the numbers from 0 to 10 And so they enter a completely new and strange world into which they are drawn as if by a maelstrom Unstoppable and ever deeper

Canadian Periodical Index ,1997 Alaska Claus M. Naske,Herman E. Slotnick,2014-10-22 The largest by far of the fifty states Alaska is also the state of greatest mystery and diversity And as Claus M Naske and Herman E Slotnick show in this comprehensive survey the history of Alaska s peoples and the development of its economy have matched the diversity of its land and seascapes Alaska A History begins by examining the region s geography and the Native peoples who inhabited it for thousands of years before the first Europeans arrived The Russians claimed northern North America by right of discovery in 1741 During their occupation of Russian America the region was little more than an outpost for fur hunters and traders When the czar sold the territory to the United States in 1867 nobody knew what to do with Seward s Folly Mainland America

paid little attention to the new acquisition until a rush of gold seekers flooded into the Yukon Territory In 1906 Congress granted Alaska Territory a voteless delegate and in 1912 gave it a territorial legislature Not until 1959 however was Alaska s long sought goal of statehood realized During World War II Alaska s place along the great circle route from the United States to Asia firmly established its military importance which was underscored during the Cold War The developing military garrison brought federal money and many new residents Then the discovery of huge oil and natural gas deposits gave a measure of economic security to the state Alaska A History provides a full chronological survey of the region s and state s history including the precedent setting Alaska Native Claims Settlement Act of 1971 which compensated Native Americans for their losses the effect of the oil industry and the trans Alaska pipeline on the economy the Exxon Valdez oil spill and Alaska politics through the early 2000s

Resources in Education ,1992 *Yudonsi* Robert J. Blake,1999 Wild Yusi thoughtless Yusi crazy Yusi thinks the village and the canyon itself is his scrawling his mark everywhere on desks at school buildings and even trees Yudonsi you don t see the villagers begin calling him Yudonsi s arrogance knows no bounds until the day he climbs the canyon wall to paint his mark where all must see it and winds up facing the anger of the canyon and sky and the threat it poses to the entire village With rich spacious oil paintings that bring the grandeur of the American Southwest to life Riptide and Akiak creator Robert J Blake has crafted a moving story about the powerful spirit of a Native American boy and the equally powerful spirit of his people
