

This informal programme is within the curricular framework, and is designed to ensure that students get ample opportunities to enjoy the experiences childhood has to offer. The programme is supplemented with in-house activity booklets, and teaching and learning resources, which provide an environment that is both challenging and encouraging.

Secondary: Central Board of Secondary Education (CBSE)

CBSE is one of the most sought-after school Boards in India. The Board takes initiatives to keep it upgraded with the latest trends in education, such as the Continuous Comprehensive Evaluation (CCE). The main aim of CCE is to evaluate the child not only in scholastic areas, but also in co-scholastic areas like Life Skills, Attitudes, Values, Work and Art, Education, etc.

Assessment: The evaluation of performance is continuous and comprehensive. Assessment involves two components – Formative and Summative. Formative Assessment comprises evaluation for all necessary skills, through class works, assignments, projects, etc. Summative Assessments are written examinations, held at the end of each term.

Classes VI -X	
Formative Assessment	40% of the total percentage
Summative Assessments	60% of the total percentage

Students are awarded grades, instead of marks, as in compliance with the guidelines from CBSE. At the end of Class X, children have an option of choosing between AISSCE of CBSE, A Levels of Cambridge University, and IBDP.

Senior Secondary

All-India Senior Secondary Certificate Examination (CBSE): Over the past five decades, CBSE has firmly established itself as a benchmark across national curricula. The scope and thoroughness of the academic streams like Science and Commerce continue to give students a head start in higher education. While it is globally recognised, it is the programme of choice for students wishing to appear for the common entrance examinations of India. In 2012, four students were placed among the top 1% of students across the country and were offered scholarships for
