Commission Guidelines Manual 2018, Supplement to Appendix C , *The Fate of the Apostles* Sean McDowell,2024-12-17 The Book of Martyrs by John Foxe written in the sixteenth century has long been the go to source for studying the lives and martyrdom of the apostles While other scholars have written individual treatments on the more prominent apostles such as Peter Paul John and James there is little published information on the other apostles In *The Fate of the Apostles* Sean McDowell offers a comprehensive reasoned historical analysis of the fate of the Twelve disciples of Jesus along with the apostles Paul and James the brother of Jesus McDowell assesses the evidence for each apostle s martyrdom as well as determining its significance to the reliability of their testimony The question of the fate of the apostles also gets to the heart of the reliability of the kerygma Did the apostles really believe Jesus appeared to them after his death or did they fabricate the entire story How reliable are the resurrection accounts The willingness of the apostles to die for their faith is a popular argument in resurrection studies In this thoroughly updated new edition McDowell offers insightful scholarly analysis of this argument to break new ground within the spheres of New Testament studies Church History and apologetics

Israel and the Neoconservatives Adam L. Fuller, 2019-11-08 For forty years the neoconservatives have been an influential wing on the

American Right Their critics accuse them of being more loyal to a foreign government than to American interests But is that true In this book the author argues that their support of Israel is rooted just as much in their liberal democratic priorities

Dangerous Doctrine Robert G. Kaufman, 2016-05-13 Much like Margaret Thatcher and Ronald Reagan President Barack Obama came to office as a politician who emphasized conviction rather than consensus During his 2008 presidential campaign he pledged to transform the role of the United States abroad His ambitious foreign policy goals included a global climate treaty the peaceful withdrawal of American military forces from Iraq and Afghanistan and a new relationship with Iran Throughout Obama's tenure pundits and scholars have offered competing interpretations of his grand strategy while others have maintained that his policies were incoherent or at best ad hoc In *Dangerous Doctrine* political scientist Robert G. Kaufman argues that the forty-fourth president has indeed articulated a clear consistent national security policy and has pursued it with remarkable fidelity Yet Kaufman contends that President Obama has imprudently abandoned the muscular internationalism that has marked US foreign policy since the end of World War II Drawing on international relations theory and American diplomatic history Kaufman presents a robust critique of the Obama doctrine as he situates the president's use of power within the traditions of American strategic practice Focusing on the pivotal regions of Europe the Middle East and Asia this provocative study demonstrates how current executive branch leadership threatens America's role as a superpower weakening its ability to spread democracy and counter threats to geopolitical order in increasingly unstable times Kaufman proposes a return to the grand strategy of moral democratic realism as practiced by presidents such as Harry S. Truman Ronald Reagan and George W. Bush with the hope of reestablishing the United States as the world's dominant power

Jahrhundert wichtige Träger eines rechtlichen Internationalismus und interkultureller Konzepte im Völkerrechtsdenken die teilweise in die Nachkriegsdiskurse einfließen vielfach aber auch vergessen oder an den Rand gedrängt wurden Der interdisziplinäre Band konzentriert sich auf eine Reihe internationaler Juristen Historiker Archivare und Aktivisten und deren individuelle Zugänge zum humanitären Völkerrecht Mit Hilfe eines biografischen Zugangs werden subjektive Erfahrungen wie akademische Sozialisation ideologische und religiöse Überzeugungen soziale Marginalisierung politische bzw. rassistische Verfolgung und erzwungene Auswanderung in den Blick genommen Zudem wird danach gefragt inwiefern sich solche Erfahrungen in Vorstellungen von Universalismus und Partikularismus Kosmopolitismus und Souveränität nationaler Selbstbestimmung Staatsbürgerschaft und Staatenlosigkeit kollektiven Minderheitenrechten und individuellen Menschenrechten niederschlugen English Jewish migr. lawyers historians archivists and activists and their individual approaches to International Humanitarian Law Jewish European migr. lawyers in the twentieth century were important agents of legal internationalism and served as carriers of intercultural concepts of international legal thought concepts which

fed into postwar discourses but were also often forgotten or marginalized This interdisciplinary volume focusses on a range of international lawyers historians archivists and activists and their individual approaches towards International Humanitarian Law It uses a biographical lens to analyze the impact of subjective experiences like academic socialization ideological and religious viewpoints Weltanschauung social marginalization political and racial persecution and forced emigration Moreover it investigates the extent to which the emigrants experiences shaped typical notions of twentieth century politics and law such as universalism and particularism cosmopolitanism and sovereignty national self determination citizenship and statelessness collective minority rights and individual human rights Focus On: 100 Most Popular 2010s Adventure Films Wikipedia contributors, **Rethinking Japan** Arthur Stockwin, Kweku Ampiah, 2017-02-15 The authors argue that with the election of the Abe Government in December 2012 Japanese politics has entered a radically new phase they describe as the 2012 Political System The system began with the return to power of the Liberal Democratic Party LDP after three years in opposition but in a much stronger electoral position than previous LDP based administrations in earlier decades Moreover with the decline of previously endemic intra party factionalism the LDP has united around an essentially nationalist agenda never absent from the party s ranks but in the past was generally blocked or modified by factions of more liberal persuasion Opposition weakness following the severe defeat of the Democratic Party of Japan DPJ administration in 2012 has also enabled the Abe Government to establish a political stability largely lacking since the 1990s The first four chapters deal with Japanese political development since 1945 and factors leading to the emergence of Abe Shinz as Prime Minister in 2012 Chapter 5 examines the Abe Government s flagship economic policy dubbed Abenomics The authors then analyse four highly controversial objectives promoted by the Abe Government revision of the 1947 Peace Constitution the introduction of a Secrecy Law historical revision national identity and issues of war apology and revised constitutional interpretation permitting collective defence In the final three chapters they turn to foreign policy first examining relations with China Russia and the two Koreas second Japan and the wider world including public diplomacy economic relations and overseas development aid and finally the vexed question of how far Japanese policies are as reactive to foreign pressure In the Conclusion the authors ask how far right wing trends in Japan exhibit common causality with shifts to the right in the United States Europe and elsewhere They argue that although in Japan immigration has been a relatively minor factor economic stagnation demographic decline a sense of regional insecurity in the face of challenges from China and North Korea and widening gaps in life chances bear comparison with trends elsewhere Nevertheless they maintain that a more sane regional future may be possible in East Asia
