Evangelical Sunday School Lesson Commentary 2013-2014 Lance Colkmire, 2012-01-05 *Sunday Prayer for Catholic School Teachers 2013-14* , *Adventures of an Itinerant Imagination* Bernard Brandon Scott, 2025-06-25 John Dominic Crossan is the most important scholar on the historical Jesus since David Fredrick Strauss in the nineteenth century Both his scholarly *The Historical Jesus The Life of a Mediterranean Jewish Peasant* 1991 and the more popular *Jesus A Revolutionary Biography* 1994 made the bestsellers list But the scope of his work goes well beyond the historical Jesus to studies on the death of Jesus and anti Semitism Christianity and empire archaeology the apostle Paul the Pharisee and recently apocalyptic and the environment He addresses both scholarly and popular audiences ancient sources and contemporary concerns The essays in this volume explore and access the range of his work for his various audiences Some of the essays are scholarly in tone while others are quite personal A feature of this book is Crossan s complete curriculum vitae *Celebrating the Lectionary for High School 2012-2013: Supplemental Lectionary-Based Resource* , *Conflictology* Francis Onditi, 2020-05-28 Over the past three decades scholars students and policy makers studying and engaged in conflict resolution have veered between conflict management and resolution However the changing nature of conflict which is taking the form of radicalization and extremism are deeply rooted in individual s ideology personalities and genes hence rendering the conventional macro level power balance analytics obsolete The psychology and human genetics are at the center of this evolution This shift in conflict trends and methods of warfare in Africa and the world over demands that we search for alternative approaches mechanisms and innovative response It is against this background that this new book initiates a fundamental debate on how interdisciplinary adventure could increase the understanding of man kind and the socio biological systems surrounding man hence the emphasis on the discipline of Conflictology to embody scientific approaches methods and prescription to conflict resolution For instance does individual s gene influence human behaviours such as hate If so can this be corrected through gene transposition If human relations should be anchored on peace what are these genetic and behavioural factors that creat hate and violence How then should such a gene or neurobiological system be altered in order to prevent extremism and radicalization **No Good Alternative** William T. Vollmann, 2018-06-05 The most honest book about climate change yet *The Atlantic The Infinite Jest of climate books The Baffler* An eye opening look at the consequences of coal mining and oil and natural gas production the second of a two volume work by award winning author William T Vollmann on the ideologies of energy production and the causes of climate change The second volume of William T Vollmann s epic book about the factors and human actions that have led to global warming begins in the coal fields of West Virginia and Eastern Kentucky where America s best friend is not merely a fuel but a heritage Over the course of four years Vollmann finds hollowed out towns with coal polluted streams and acidified drinking water makes covert visits to mountaintop removal mines and offers documented accounts of unpaid fines for federal health and safety violations and of

miners who died because their bosses cut corners to make more money To write about natural gas Vollmann journeys to Greeley Colorado where he interviews anti fracking activists a city planner and a homeowner with serious health issues from fracking Turning to oil production he speaks with among others the former CEO of Conoco and a vice president of the Bank of Oklahoma in charge of energy loans and conducts furtive roadside interviews of guest workers performing oil related contract labor in the United Arab Emirates As with its predecessor No Immediate Danger this volume seeks to understand and listen not to lay blame except in a few corporate and political cases where outrage is clearly due Vollmann is a carbon burner just like the rest of us he describes and quantifies his own power use then looks around him trying to explain to the future why it was that we went against scientific consensus continually increasing the demand for electric power and insisting that we had no good alternative

Justice Have Been Served Janice Terrell Coleman, 2018-02-01 I have been living in silence with pain for 14 years Never could understand why I was treated so unfair and unjust in the court of law after the murder of my son My experience in the court system have left me staggering I have lost my faith in the justice system I am just a nobody trying to tell somebody about the way I was treated in the court of law by high powerful people who you would

look up to for Justice To Be Served I think my story will make a great spiritual movie I think my story will inspire and give so much of inspiration to someone in need for someone to hear their silent cry in their voice I think my story will make a great true crime movie along with how to get away with murder why the truth did not set me free Episodes of a soap opera I am a fan of the Young and Restless Black on black crimes and murders A six month job a six month resident and a short term relationship that ended in a DNA testing landed me in a court room a court room where I felt discrimination I was mislead deceived and the presence of court house scam was there Creditably and morale values meant nothing in that court of law I was in So here I am speaking out and pray that I touch someone to help me bring my story back into to the light with life once again A dream I can feel about to come to reality Oh yes my Jesus is getting me ready to say Justice Have Been Served
