Church Calendar Scheduling

POLICY

The official church calendar is maintained by the Secretary. All requests and changes must be channeled through her. No one else may enter, delete, or change information on the official calendar.

Church program activities (meetings, fellowships, recreation, musical programs) may be scheduled by staff, organization and department directors, and committee chairpersons as coordinated by the Church Council.

The Pastor and the Church Council will coordinate the scheduled events for the church calendar.

Program activities and committee meetings will not conflict with the regularly scheduled services of the church (morning and evening worship, Sunday school, Discipleship Training, midweek prayer service).

Use of the building for other than church-sponsored activities is subject to the church policy on use and space available. When a conflict arises, church activities take priority over sponsored activities on a first-come, first-served basis.

Eastern Partnership Christian Kaunert,Giselle Bosse,Alena Vieira,2024-11-08 This book connects the scholarly discussions on security and resilience by examining the various definitions and meanings of the terms in the EU s Eastern Partnership EaP policy and in what ways the EU has attempted to define the relationship between security and resilience in its official rhetoric and in policy practice The Russian invasion of Ukraine in February 2022 has largely been viewed as an extraordinary resilience test for the EU The war has unleashed multiple crises ranging from security and asylum to energy and the economy in turn raising questions not only on how the EU can ensure the resilience of its eastern partners but also questions existential to the EU such as institutional and policy reform further EU enlargement and the EU s role in a rapidly changing

global context of polarisation and fragmentation The chapters in this edited volume draw on a diversity of original conceptual and theoretical frameworks that are combined with an empirical analysis of often overlooked dimensions of EU s policy towards the EaP countries drawing on the original data collected by the authors including the semi structured interviews In light of the aforementioned challenges the chapters to this book have only increased in relevance pointing to pathways and opportunities for the EU to strengthen the resilience of its eastern partners and its own resilience in the future and inviting policy makers and scholars to reflect on potential pitfalls contradictions and limitations of EU resilience building This book will be beneficial to students scholars and academics interested in European Studies Politics and International Security The chapters in this book were originally published in the Journal of Contemporary European Studies Starting a Nonprofit at Your Church Joy Skjegstad,2002-06-01 A large and growing number of congregations are setting up church based nonprofit organizations in order to operate community development or educational programs Once formed the nonprofit structure allows for new opportunities for accessing additional funding and drawing new collaborative partners and volunteers into the ministry Joy Skjegstad outlines the step by step procedures for setting up a 501 c 3 nonprofit organization connected to a congregation using simple easy to understand terminology and plenty of examples from churches that have already taken on this task Whether a congregation is setting up new program or has an established nonprofit that needs to be restructured or redefined congregations will find helpful guidance in this practical experience based book Forthcoming Books Rose Army,1998 **Jesus on Main Street** David E. outside observers continue to rise The numbers tell the story Buddhists as in the past are most numerous with more than 100 million adherents Muslims number 18 million with the majority concentrated in the northwest region of Xinjiang By 2000 China's Catholic population had swelled from 3 million in 1949 to more than 12 million surpassing the number of Catholics in Ireland Protestantism in China has grown at an even faster pace during the same period multiplying from 1 million to at least 30 million followers China now has the world's second largest evangelical Christian population behind only the United States In addition a host of religious and quasi spiritual groups and sects has also sprouted up in virtually every corner of Chinese society Religion's dramatic revival in post Mao China has generated tensions between the ruling Communist Party state and China's increasingly diverse population of religious adherents Such tensions are rooted in centuries old governing practices and reflect the pressures of rapid modernization The state's response has been a mixture of accommodation and repression with the aim of preserving monopoly control over religious organization Its inability to do so effectively has led to cycles of persecution of religious groups that resist the party's efforts American concern over official acts of religious persecution has become a leading issue in U S policy toward China The passage of the 1998 International Religious Freedom Act which institutionalized concern over religious freedom abroad in U S foreign policy cemented this issue as an item on the agenda of U S China relations
