CLP-280/270

OWNER'S MANUAL

Before using the Clavinova, be sure to read "PRECAUTIONS," on pages 3-4.

IMPORTANT

—Check your power supply—

Make sure that your local AC mains voltage matches the voltage specified on the name plate on the bottom panel. In some areas a voltage selector may be provided on the rear of the main keyboard unit near the power cord. Make sure that the voltage selector is set for the voltage in your area. The voltage selector is set at 240V when the unit is initially shipped. To change the setting use a "minus" screwdriver to rotate the selector dial so that the correct voltage appears next to the pointer on the panel.

For information on assembling the keyboard stand, refer to the instructions at the end of this manual.

Look What the Lord Has Done! Diane Hemphill, 2013-11-29 Within the pages of this book the author recalls many incredible experiences that she and her husband had during their 45 years in the ministry. They experienced dreams, visions, and signs from God that were remarkable. In the book she tells of miracles, healings, and amazing answers to prayer. She gives praise and glory to God for His mighty wonder-working power. It's as though she wants to shout to the whole world: Look what the Lord has done and look what He can do for you.

Technology and Society Jan L. Harrington, 2009 Technology and Society illustrates the impact of technological change, both positive and negative, on our world. The author looks at how technology has brought many positive advancements to our society and also discusses the significant repercussions that we need to consider. Piano Lessons Noah Adams, 1997-03-10 Piano Lessons is Noah Adams's delightful and moving chronicle of his fifty-second year, a year already filled with long, fast workdays and too little spare time as he answers at last a lifelong call to learn to play the piano. The twelve monthly chapters span from January, when after decades of growing affection for keyboard artists and artisans he finally plunges in and buys a piano, through December, when as a surprise Christmas present for his wife he dresses in a tuxedo and, in flickering candlelight, snow falling outside the windows, he attempts their favorite piece of music, a difficult third-year composition he's been struggling with in secret to get to this very moment. Among the up-tempo triumphs and unexpected setbacks, Noah Adams interweaves the rich history and folklore that surround the piano. And along the way, set between the ragtime rhythms and boogie-woogie beats, there are encounters with, and insights from, masters of the keyboard: from Glenn Gould and Leon Fleisher. I was a bit embarrassed he writes, telling Leon Fleisher about my ambitions for piano lessons is like telling Julia Child about plans to make toast in the morning to Dr. John and Tori Amos. As a storyteller, Noah Adams has perfect pitch. In the foreground, here, like a familiar melody, are the challenges of learning a

complex new skill as an adult when enthusiasm meets the necessary repetition of tedious scales at the end of a twelve hour workday Lingering in the background like a subtle bass line are the quiet concerns of how we spend our time and how our priorities shift as we proceed through life For Piano Lessons is really an adventure story filled with obstacles to overcome and grand leaps forward eccentric geniuses and quiet moments of pre dawn practice as Noah Adams travels across country and keyboard pursuing his dream and keeping the rhythm [Learn How to Play Keyboard / Piano With Auto-Accompaniment](#) Martin Woodward,2024-05-23 Learn How to Play Keyboard Piano With Auto Accompaniment A Self Tuition Book for Absolute Beginners As the title suggests this book has been written for absolute beginners who wish to play keyboard using auto accompaniment and assumes no prior musical knowledge just the desire to do it Items covered include Buying your first keyboard or piano Reading music from scratch treble clef mainly bass clef briefly Easy effective finger exercises which require minimal reading ability Important musical symbols Your first tunes Audio links for tunes and exercises Key signatures and transposition Pre scale exercises Major and minor scales in keyboard and notation view Chord construction Chord fingering Chord charts in keyboard view Arpeggios in keyboard and notation view Arpeggio exercises Playing from a Fake Book with auto accompaniment Over 25 tunes included and free link to more Plus more After completing this book you should have a good basic understanding of music theory as well as a good basic playing technique paving the way for more advanced study in your chosen field jazz blues pop etc
