Circumcision, Public Health, Genital Autonomy and Cultural Rights Matthew Johnson, 2017-07-05 Circumcision is one of the oldest and most common surgical processes being practised for a range of medical social and religious reasons on up to 30% of males worldwide It is currently being promoted by a range of health bodies as a means of tackling HIV in developing countries Yet there is significant concern about sexual physiological and psychological effects and complications and its prophylactic effectiveness In examining a case in which a failed circumcision was performed for religious reasons the Regional Court in Cologne decided that the practice contravened the bodily autonomy of minors and was subject to the same legislation used to classify female genital cutting as assault This understandably aroused serious concerns among various religious communities who practise circumcision At the same time as religious groups seek to protect circumcision from comparisons with female genital cutting there is a trend particularly in post colonial thought in the US to revise negative understandings of female genital cutting by making cautious positive comparisons with circumcision This collection considers the apparent

contradictions and complications of the contemporary status and deployment of the many forms of genital cutting raising a serious wide reaching question what scope should society have to impose physically invasive rites on people This book was originally published as a special issue of Global Discourse *The British Journal of Photography* ,1985 *Narcissistic Narrative* Linda Hutcheon,2010-01-01 Linda Hutcheon in this original study examines the modes forms and techniques of narcissistic fiction that is fiction which includes within itself some sort of commentary on its own narrative and or linguistic nature Her analysis is further extended to discuss the implications of such a development for both the theory of the novel and reading theory Having placed this phenomenon in its historical context Linda Hutcheon uses the insights of various reader response theories to explore the paradox created by metafiction the reader is at the same time co creator of the self reflexive text and distanced from it because of its very self reflexivity She illustrates her analysis through the works of novelists such as Fowles Barth Nabokov Calvino Borges Carpentier and Aquin For the paperback edition of this important book a preface has been added which examines developments since first publication *Narcissistic Narrative* was selected by Choice as one of the outstanding academic books for 1981 1982 Billboard ,1967-08-19 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Which Degree Directory Series* ,2000 Swimming, Water Sports and Safety Boy Scouts of America,1938
