Throughout history most dictionaries have served the purpose of preserving the purity of the language usually preferring the erudite vocabulary of the affluent upper classes to the salty constantly evolving slang of their working class counterparts That began to change in the early modern period when several innovative lexicographers began publishing collections of slang terms used by particular subcultures such as criminals According to scholars Francis Grose s *Dictionary of the Vulgar Tongue* is one of the most important and complete of these early slang dictionaries Spend some time with this fascinating volume to learn the slang definitions of words and phrases like poisoned pregnant shooting the cat vomiting after excess alcohol consumption and snoozing ken a brothel Social Origins Andrew Lang,James Jasper Atkinson,1903 Family structure totemism and exogamy class system marriage divisions Arunta totems and myths The Grey Zone Don Easton,2019-10-12 Jack Taggart teams up with Constable Alicia Munday to investigate a kidnapping case *Garden Suburbs of Tomorrow?* Martin Crookston,2013-12-04 Named one of the Top 10 books about council housing the Guardian online Faced with acute housing shortages the idea of new garden cities and suburbs is on the UK planning agenda once again but what of the garden suburbs that already exist Over the first six decades of the twentieth century councils across Britain created a new and optimistic form of housing the cottage estates of corporation suburbia By the early 1960s these estates provided homes with gardens for some 3 million mainly working class households It was a mammoth achievement But because of what then happened to council housing over the later years of the century this is not very often appreciated In *Garden Suburbs of Tomorrow* Martin Crookston suggests that making the most of the assets which this housing offers is a positive story it can be positive for housing policy for councils and their place making endeavours and for the residents of the estates This is especially important when all housing market and development options are so constrained and likely to remain so for the next decade or more Following an examination of what the estates of corporation suburbia are and what they are like there follow chapters on specific examples from different parts of the country on how they are affected by the workings of the housing market and then not unconnectedly on how attitudes to this socially built stock have evolved Then the final chapters try to draw out the potentials and to suggest what future we might look for in corporation suburbia in the twenty first century Punch, Or, The London Charivari ,1854 **Postmark Berlin** Anne Emery,2020-05-19 The latest mystery from a two time winner of the Arthur Ellis Award Father Brennan Burke is struggling and he s been coping the only way he knows how self medicating with drink He s barely managing but his troubles intensify when the body of one of his parishioners washes up on the coast of Halifax Meika Keller came to Canada after escaping past a checkpoint in the Berlin

Wall An army colonel is charged with her murder and defence lawyer Monty argues that Meika s death was a suicide which is the last thing Father Burke wants to hear Guilty of neglecting his duties as a priest when Meika needed him most Brennan feels compelled to uncover whatever instigated her cry for help and led to her death The story takes us from the historic Navy town of Halifax Nova Scotia to the history laden city of Berlin as Brennan and his brother Terry head to Germany in search of answers And while Brennan will stop at nothing to find what or who is responsible for Meika s death nothing could have prepared the priest for the events that unfold
