Directory of Research Grants 2008 Schoolhouse Partners Llc, 2008-05 It was the 50s and life was simple until September 25 1954 That was the night that would be etched in the memory of the citizens of Stanfield Massachusetts The Chief of Police described the brutal savagery of the double homicide as the most atrocious crime in the history of the city A fourteen year old girl and the four year old boy in her care were murdered at the hands of a deranged depraved killer A Thread of Evidence places the reader at the scene of the crime an eye witness to the senseless stabbing of two innocent children With a piece of crochet thread as their only clue the entire police department lead by detectives Steven Logan and Raymond Gage scour the city in search of a maniacal savage When all tips and leads have been exhausted they review all evidence They come back to the thread The only real evidence With tenacity and perseverance of Logan and Gage the killer is apprehended The reader experiences the twists and turns of the investigation and ultimately occupies a reserved seat in the Superior Court as the trial proceedings commence A Thread of Evidence has been written as fiction but inspired by an actual event Fifty years later it remains etched in the minds of all who had lived in the area The author has researched

court records newspapers interviewed neighbors police and has drawn on personal recollections of the crime The story has been recounted over and over and to this day it continues to be discussed A Thread of Evidence is a compelling account of superb detective work and unprecedented dedication of an entire police department Refining Design for Business Michael Krypel, 2014-03-23 Innovation and technology have forever changed what it means to be a business Some businesses now exist only online increasingly companies are being built with new technologies that require new skills and customers are routinely accessing businesses via interactive visual and audio experiences through web pages or apps computers and mobile devices These experiences are based on design which has never been so important to the business world Customers interact with designs by looking clicking typing listening speaking to and touching them These interactions largely occur where and when the customer chooses alone on the couch at home at work at social events while traveling on an airplane and elsewhere When people say they read an article bought a friend a gift watched a video or booked a hotel they re talking about engaging with businesses by interacting with their designs No matter how great a business idea is or what technology it relies on behind the scenes a company needs to express itself visually in a way customers will understand and be able to interact with easily in order to be successful The number of ways to translate an idea into a design is infinite but which designs will also drive customer value Michael Krypel s Refining Design for Business answers this key question showing you how to build a successful online business by creating engaging and measurable customer experiences In this book you will learn how to Change the standard design process most companies follow to enhance accountability for generating business and customer value while creating new opportunities for collaboration and innovation Understand customer goals and build a strategic marketing plan to continually realign the business around them Use A B testing and segmentation strategies to personalize experiences across a business Develop new approaches through visual business cases that show how different companies have solved problems including before and after examples of what the online businesses themselves actually looked like
