Sports Discourse Tony Schirato

Jan Chovanec

Sports Discourse Tony Schirato:

Sports Discourse Tony Schirato, 2013-09-12 This book both defines sports discourse and provides an account of the different discourses that are utilized and come into play when the field of sport speaks. It shows how the sports communities have been addressed over time by various speakers across various multimodal genres. Tony Schirato looks first at how discourse can be viewed as a form of work something that produces and naturalizes meanings and habituates the way we see the world. Grounding this exploration is an account of the development of the field of sport as a specific discursive regime one that is both reflected and refracted by the dominant discourses and values of the time. These discourses have become naturalized and shape activities and materialities at local and global levels. The book ends with an examination of how new technologies and the Web are changing sports discourse in some cases radically via online commentary, Twitter and user generated content.

Discourse Analysis Brian Paltridge, 2021-10-21 Outlining the core methodological and theoretical premises, this book presents the essential approaches that you need to know when doing discourse analysis for the first time. Chapters cover discourse and society, discourse and pragmatics, discourse and genre, discourse and conversation, discourse grammar, corpus approaches, multimodal discourse and critical discourse analysis. Encompassing the latest trends and developments, this third edition includes a new chapter on discourse and digital media. New topics including English as a lingua franca, linguistic landscapes and translanguaging. Updated examples from a variety of global perspectives and contexts ranging from North America to East Asia. Updated discussion questions throughout. Each chapter also features exercises, discussion questions and lists of further reading. Alongside online resources with lecture slides, extended readings and enhanced bibliographies, this is the only book you need for doing discourse analysis.

Spoken Discourse Rodney Jones, 2016-07-28 This book provides an overview of current theories of and methods for analysing spoken discourse. It includes discussions of both the more traditional approaches of pragmatics, conversation analysis, interactional sociolinguistics, linguistic anthropology and critical discourse analysis and more recently developed approaches such as multimodal discourse analysis and critical sociolinguistics. Rather than treating these perspectives as mutually exclusive, the book introduces a framework based on principles from mediated discourse analysis in which different approaches to spoken discourse are seen as complementing and informing one another. In this framework, spoken discourse is seen as mediated through a complex collection of technological, semiotic and cultural tools which enable and constrain people's ability to engage in different kinds of social actions, enact different kinds of social identities and form different kinds of social relationships. A major focus of the volume is on the way technological tools like telephones, broadcast media, digital technologies are changing the way people communicate with spoken language. The book is suitable for use as a textbook in advanced courses in discourse analysis and language in social interaction and will also be of interest to scholars in a variety of fields including linguistics, sociology, media studies and anthropology.

The Discourse of Customer Service Tweets

Ursula Lutzky, 2021-10-21 *The Discourse of Customer Service Tweets* studies the discursive and pragmatic features of customer service interactions making use of a corpus of over 1.5 million tweets from more than thirty different companies. With Twitter being used as a professional service channel by many transport operators, this book features an empirical analysis of British and Irish train companies and airlines that provide updates and travel assistance on the platform often on a 24/7 basis. From managing crises in the midst of strike action to ensuring passengers feel comfortable on board, Twitter allows transport operators to communicate with their customers in real time. Analysing patterns of language use as well as platform-specific features for their communicative functions, Ursula Lutzky enhances our understanding of customers' linguistic expectations on Twitter and of what makes for successful or unsuccessful interaction. Of interest to anyone researching discourse analysis, business communication and social media, this book's findings pave the way for practical applications in customer service.

The Discourse of Online Consumer Reviews Camilla Vásquez, 2014-06-19 *The Discourse of Online Reviews* is the first book to provide an account of the discursive, pragmatic and rhetorical features of this rapidly growing form of technologically mediated communication. Examining a corpus of over 1,000 consumer reviews, Camilla Vásquez explores many of the discourse features that are characteristic of this new user-generated, computer-mediated and primarily text-based genre. She investigates the language used by reviewers as they forge connections with their audiences to draw them into their stories as they construct their expertise and authority on various subjects and as they evaluate and assess their consumer experiences. She also demonstrates how reviewers display their awareness about emerging conventions of the very genre in which they are participating. This book adopts an eclectic approach to the analysis of discourse and explores topics such as evaluation, identity and intertextuality as they occur in online reviews of hotels, restaurants, recipes, films and other consumer products.

Using Corpora in Discourse Analysis Paul Baker, 2023-08-24 How can you carry out discourse analysis using corpus linguistics? What research questions should I ask? Which methods should you use and when? What is a collocational network or a key cluster? Introducing the major techniques, methods and tools for corpus-assisted analysis of discourse, this book answers these questions and more, showing readers how to best use corpora in their analyses of discourse. Using carefully tailored case studies, each chapter is devoted to a central technique, including frequency concordancing and keywords, going step by step through the process of applying different analytical procedures. Introducing a wide range of different corpora, from holiday brochures to political debates, the book considers the key debates and latest advances in the field. Fully revised and updated, this new edition includes a new chapter on how to conduct research projects in corpus-based discourse analysis. Completely rewritten chapters on collocation and advanced techniques using a corpus of jihadist propaganda texts and covering topics such as social media and visual analysis. Coverage of major tools including CQPweb, AntConc, Sketch Engine and LancsBox. Discussion of newer techniques including the derivation of lockwords and the comparison of multiple data sets for diachronic analysis. With exercises, discussion questions and

suggested further readings in each chapter this book is an excellent guide to using corpus linguistics techniques to carry out discourse analysis

Women in Sports Adrienne N. Milner, Henry Braddock II, 2017-07-28 Covering a breadth of topics surrounding the current state of women in sports this two volume collection taps current events sociological and feminist theory and recent research to contextualize women's experiences in sports within a patriarchal society and highlight areas for improvement Women are continuing to break barriers in all aspects of sports and a growing number of people are beginning to recognize sex disparities in sports as a social problem Additionally women's inclusion and exclusion in sports and their equitable and inequitable treatment on the playing field have large scale social legal health and economic consequences *Women in Sports Breaking Barriers Facing Obstacles* comprehensively examines the state of women in sports by considering current events controversies and trends as well as qualitative and quantitative research The contributors to this volume take a sociological approach to discussing women in sports by questioning dominant assumptions surrounding notions of women's biological athletic inferiority and by examining other social constructs that affect women's experiences in sports such as race and ethnicity socioeconomic status and sexual orientation The book offers a complete and up to date account of women's experiences in sports through coverage of the history of women's participation in sports with a focus on exceptional female athletes and of the increasing number of women who are competing in traditionally male sports such as football baseball and mixed martial arts Readers will come away with a greater appreciation for the issues of equity that women face both within the world of sports and in society in general

The Discourse of Sport David Caldwell, John Walsh, Elaine W. Vine, Jon Jureidini, 2016-12-01 This collection brings together innovative research from socially oriented applied linguists working in sports Drawing on contemporary approaches to applied linguistics this book provides readers with in depth analyses of examples of language in use in the context of sport and interprets them through the lens of larger issues within sport culture and practice With contributions from an international group of scholars this an essential reference for scholars and researchers in applied linguistics discourse analysis sport communication sport management journalism and media studies

Language and Body in Place and Space Kuniyoshi Kataoka, 2023-05-18 Drawing on the author's experience as a sociolinguist and a mountain climber this book shows how the expertise and affect laden experience of Japanese rock climbers can be illuminated through linguistic methods and theories Through a detailed investigation of multimodal interaction among climbers the book explores a number of significant sociolinguistic and linguistic anthropological themes including spatial frames of reference intersubjectivity chronotopic configurations and poetic formations of talk In doing so it presents climbing as a condensed locus of human interactions in which the integrated analysis of semiotic processes brings to light a new set of relationships between humans and their surroundings Grounded in an extended and focused participation in rock climbing activities and interviews with other climbers Kuniyoshi Kataoka examines the assemblage of semiotic resources including the language the body and the space mediated by their climbing

equipment and the surrounding environment The result is a showcase of interdisciplinary multimodal approaches to climbing discourse analysis in and around the gravity sensitive zone ranging from expert climbers instruction to novices gossip and narratives on near death experiences to a multi participant discussion of a critical accident As well as demonstrating how language reflects extraordinary experiences on the vertical plane the findings also offer a chance to learn more about climbing which is attracting a growing number of participants and competitors worldwide

Multilingual Baseball

Brendan H. O'Connor, 2023-04-06 What can baseball teach us about language culture and society The first book length exploration of multilingualism in professional sports Multilingual Baseball provides an intimate look at language diversity in the transnational world of baseball Based on extensive interviews and observations in the US and the Dominican Republic the book foregrounds the voices of current and former players coaches front office personnel international scouts language teachers and interpreters with baseball experience in the Dominican Republic Cuba South Korea Taiwan and the United States Engaging a wide range of foundational concepts within sociolinguistics applied linguistics and linguistic and cultural anthropology the analysis reveals the relevance of bilingualism to the social and economic realities of professional baseball as a transnational business It also illuminates day to day encounters with linguistic and cultural difference on the field in clubhouses and in communities around the world Through this linguistic lens the book delves into social issues in diverse societies by connecting interactions within baseball to the broader challenges of immigration race and demographic change While grounded in the experiences of Spanish and English speakers in US Major League Baseball organizations Multilingual Baseball presents the transnational game as a microcosm of globalizing societies around the world inviting readers to consider what we can learn from the bilingual understandings and misunderstandings that arise in everyday baseball interactions

Bourdieu Tony Schirato, Mary Roberts, 2020-07-28 Throughout his career French philosopher Pierre Bourdieu sought to interrogate what he described as the social unconscious the means by which power is held and transmitted across generations Bourdieu s work has been hugely influential in disciplines across the social sciences and humanities for decades yet Schirato and Roberts argue that few scholars are using his work to its full potential Bourdieu s work is so wide ranging that commentary tends to focus on specific theoretical concepts he developed or his books on particular fields of inquiry However he continued to develop these concepts in his work across his whole career and much of the richness of his thinking is lost if this isn t taken into account Drawing on recently released lectures Schirato and Roberts offer a systematic account of Bourdieu s full body of work from his early research in Algiers to his last lectures in Paris They show how Bourdieu continued to develop his concepts of habitus field capital power and socio cultural reproduction well into his later years They also offer a nuanced reading of Bourdieu s thinking about education class language knowledge and culture beyond the individual books Bourdieu published on these topics This critical introduction to Bourdieu is essential reading for all Bourdieu scholars and for researchers and thinkers using Bourdieu s work in their own social and cultural

analysis A terrific book which sets out a comprehensive overview of Bourdieu's oeuvre in a way that no other text I know has done Professor John Frow University of Sydney

The Language of Inclusion and Exclusion in Sports Stephanie Schnurr, Kieran File, 2023-11-20 Inclusion and exclusion are important issues for sports teams and organisations This book explores how language use patterns by athletes coaches sports fans and the sports media can create or impede inclusion Issues of inclusion and exclusion in a range of sports and a variety of socio cultural contexts are explored raising important questions for practitioners about how to address matters of inclusion and exclusion that are evident in everyday language use The Discourse of Online Sportscasting Jan Chovanec, 2018-12-15 This book offers the first comprehensive linguistic analysis of live text commentary one of the most innovative online genres of modern news media The study focuses on written sports commentaries in online newspapers that enable partial real time audience involvement in the media text Adopting an approach from interactional pragmatics the book identifies the genre's characteristic micro linguistic features as well as its unique narrative structure Live text commentary is shown to be a hybrid and multimodal text format an internally complex form of media communication that combines elements of live spoken broadcasting blogging informal conversation and online chat It aims to inform as well as entertain the audience by using humour banter and real or staged dialogue it seeks to create a sense of community among its readers sports fans The book will be of interest to many scholars in linguistic pragmatics discourse analysis and social sciences as well as to all others interested in modern online genres news media and sports discourse Global Television Formats Sharon Shahaf, Tasha Oren, 2013-06-17 Global Television Formats aims to revise the place of the global in television studies The essays gathered here explore the diversity of global programming and approaches and ask how to theorize contemporary global formats and thus re shape our understanding of television as at once a shared global and specific local text an economic system a socio political institution and a popular practice The contributors explore a wide array of television programming from the Middle East Western and Eastern Europe South Asia North America Latin America and Brazil and represent a broad range of perspectives Understanding Sports Culture Tony Schirato, 2007-09-27 In only 138 pages Schirato manages a broad sweep across sports history and culture he brings the eye of a critical fan to his analysis of sport treating it seriously as a social practice and as a social institution A useful provocative and non dogmatic text that should be useful to undergraduate and graduate sport studies programmes Malcolm MacLean Sport in History Understanding Sport Culture traces and analyzes the development of the modern field of sport from its ancient and medieval precursors the festivals of Greece and Rome and games such as folk football through to its inception in the mid nineteenth century as a set of activities designed to instill character and discipline in students in exclusive British public schools up to its transformation into a global institution and popular spectacle The narrative also focuses on and provides a detailed account of the gradual coming together of sport and the media It explains how this relationship has accentuated sport's status as one of the most important sites in contemporary culture while simultaneously threatening its existence As part of

the Understanding Contemporary Culture series this book is aimed at a broad range of students from undergraduate to graduate level who want to know more and be fully informed on sport its relationship to the media and its cultural dynamics

World Literature, Neoliberalism, and the Culture of Discontent Sharae Deckard, Stephen Shapiro, 2019-01-30 This book explains neoliberalism as a phenomenon of the capitalist world system Many writers focus on the cultural or ideological symptoms of neoliberalism only when they are experienced in Europe and America This collection seeks to restore globalized capitalism as the primary object of critique and to distinguish between neoliberal ideology and processes of neoliberalization It explores the ways in which cultural studies can teach us about aspects of neoliberalism that economics and political journalism cannot or have not the particular affects subjectivities bodily dispositions socio ecological relations genres forms of understanding and modes of political resistance that register neoliberalism Using a world systems perspective for cultural studies the essays in this collection examine cultural productions from across the neoliberal world system bringing together works that might have in the past been separated into postcolonial studies and Anglo American Studies Four Histories about Early Dutch Football, 1910-1920 Nicholas Piercey, 2016-10-06 What is the purpose of history today and how can sporting research help us understand the world around us In this stimulating book Nicholas Piercey constructs four new histories of early Dutch football exploring urban change club members the media and the diaries of Cornelis Johannes Karel van Aalst a stadium director to propose practical examples of how history can become an important democratic tool for the 21st century Using early Dutch football as a field for experimental thinking about the past the four histories offer new insights into the lives interests and passions of those connected to the sport in the 1910s and the cities they lived in How did the First World War impact on Dutch football Were new stadia a form of social control Is the spread of the beautiful game really a good thing And why was one of the sport s most prominent figures more concerned with potatoes These stories of early Dutch football suggest how vital sport and history can be in shaping our lives perceptions and actions and why we need to challenge the influence they have today *Powerful Voices* Joshua Samuel Duchan, 2007 **APAIS 1992: Australian public affairs information service ,** **How Language Shapes Relationships in Professional Sports Teams** Kieran File, 2022-10-06 While the topic of relationships in professional sports teams is gaining greater attention from researchers and practitioners the role that coach and athlete language plays in shaping these relationships remains largely unexplored This book addresses this gap by examining how every day authentic language patterns used by coaches captains and players shape relationships in a professional New Zealand rugby team More specifically through a discourse analysis of taken for granted ritual language practices in training sessions team meetings and match day interactions the chapters of this book illustrate how coaches captains and players shape particular interpersonal dynamics of power and solidarity between themselves in and through language and in the process reflect and reconstruct shared and underlying ideologies about how relationships of power and solidarity work in their team Offering an evidence based discussion of the silent and pervasive

ideologies that underpin how relationships work in professional sports teams this book extends research on this important topic by providing largely missing illustrations of consequential interpersonal dynamics that actively shape professional relationships in sports teams Written in an approachable style this book offers linguists social scientists and sports practitioners a frame of reference for greater understanding of how language directly shapes relationships of power and solidarity

Ignite the flame of optimism with is motivational masterpiece, **Sports Discourse Tony Schirato** . In a downloadable PDF format (*), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
