on the agriculture and dietary habits of each group as well as an overview of each group's nutrition and health. Arranged alphabetically by country, entries also describe both traditional and modern methods of preparation and cooking foods. For each country group, the Encyclopedia covers Foods for religious and holiday celebrations, Foods of the group, Geographic setting and environment, History and food, Mealtime customs, Politics, economies and nutrition. And more. Value added features include lists of sources for further study including cookbooks and internet sources, sidebars covering related material including definitions of specific terminology or descriptions of the evolution of a particular cooking method, custom, a timeline of historical progression of dietary customs, and both general and recipe indexes.

Street Food around the World Bruce Kraig, Colleen Taylor Sen, 2013-09-09 In this encyclopedia, two experienced world travelers and numerous contributors provide a fascinating worldwide survey of street foods and recipes to document the importance of casual cuisine to every culture, covering everything from dumplings to hot dogs and kebabs to tacos. Street foods run deep throughout human history and show the movements of peoples and their foods across the globe. For example, mandoo, manti, momo, and baozi, all of these types of dumplings, originated in Central Asia and spread across the Old World beginning in the 12th century. This encyclopedia surveys common street foods in about 100 countries and regions of the world, clearly depicting how fast foods of the common people fit into a country or a region's environments, cultural history, and economy. The entries provide engaging information about specific foods as well as coverage of vendor and food stall culture and issues. An appendix of recipes allows for hands-on learning and provides opportunities for readers to taste international street foods at home.
