Visually engaging and fun to use Program Overview The Interactive Science Activities workbooks are designed for the home
environment and modified from the lengthy lab manuals used in schools They are custom designed at home activities for
students and parents to use on their own or with the Interactive Science grade level bundles The Pearson at Home
Interactive Science Activities workbooks provide children with a student centered approach to scientific discovery Each
hands on activity presents a child with a challenging question that can be investigated and explored independently or with
parent guidance As part of the directed inquiry process the child will answer this question by exploring the resources
following the outlined procedures of each activity collecting data and drawing conclusions In some instances parents might
need to help children with certain parts of the activity Following the directed inquiry the child will be given an opportunity to
expand and demonstrate scientific reasoning by modifying the investigation and designing his or her own experiments to
illustrate the concept Utilizing these activities will encourage every child to think like a scientist and encourage him or her to
be inquisitive This curriculum has been modified specifically for homeschool families At times there may be references to
