Smuggling Drugs Into Prison English Edition:

Life on Drugs in Iran Nahid Rahimipour Anaraki, 2022-08-22 When they initiated a war on drugs in 1979 Iran developed a reputation as having some of the world's harshest drug penalties and as an opponent of efforts to reform global drug policy. As mass incarceration failed to stem the growth of drug use, Iran shifted its policies in 1990 to introduce treatment regimens that focus on rehabilitation. While most Muslim countries and some Western states still do not espouse welfare-oriented measures, Iran has established several harm reduction centers nationwide through the welfare system for those who use substances. In doing so, Iran moved from labeling drug users as criminals to patients. In *Life on Drugs in Iran*, Anaraki moves beyond these labels to explore the lived experience of those who use and have used illicit substances and the challenges they face as a result of the state's shifting policies. Gaining remarkable access to a community that has largely been ignored by researchers, Anaraki chronicles the lives of current and former substance users in prisons, treatment centers, and NGOs. In each setting, individuals are criminalized, medicalized, and marginalized as the system attempts to normalize them without addressing the root cause of the problem. Drawing upon first-hand accounts, Anaraki's groundbreaking study takes an essential step in humanizing people with substance abuse issues in Iran.

Engendering Resistance: Agency and Power in Women's Prisons Mary Bosworth, 2017-03-02 This book explores how power is negotiated in women's prisons Drawing on fieldwork conducted in three penal establishments in England it analyses how women manage the restrictions of imprisonment and the manner in which they attempt to resist institutional control It is proposed that power is negotiated on a private individual level as women often resist the institution simply by trying to maintain an image of control over their own lives However their image of themselves as active reasoning agents is undermined by institutional regimes which encourage traditional passive feminine behaviour at the same time as they deny the women their identities and responsibilities as mothers wives girlfriends and sisters Femininity is therefore both the form and the goal of women's imprisonment Yet paradoxically femininity also offers the possibility of resistance because women manage to rebel by appropriating and changing aspects of it
