hosts Apply best practices for writing more reliable flexible team friendly scripts Work effectively with the pipeline objects and data Extend Windows PowerShell reach via providers drives and output Run external tools like ping ipconfig and tracert from within PowerShell Remotely manage computers with basic and advanced remoting WinRM WMI and Regex Configure Windows devices across the web with PSWA Sort filter measure format export and convert script output Run Windows PowerShell flexibly using background and scheduled jobs Customize your environment with profile scripts alternate credentials thirdparty tools and packages Strengthen your control over Windows systems and services with Desired State Configuration Administer key tasks on SQL Server SharePoint and other Windows servers Master PowerShell skills needed to earn many Microsoft certifications

Code of Federal Regulations ,2015 Special edition of the Federal Register containing a codification of documents of general applicability and future effect with ancillaries

City Planning for the Public Manager Nicolas A. Valcik,Todd A. Jordan,Teodoro J. Benavides,Andrea D. Stigdon,2017-09-14 Why should public administrators care about city planning Is city planning not a field ruled by architects and public works personnel Much of city planning in fact requires expertise in areas other than buildings and infrastructure and with city planning expertise urban administrators are empowered to make more informed decisions on matters that involve budgeting economic development tax revenues public relations and ordinances and policies that will benefit the community City Planning for the Public Manager is designed to fill a gap in the urban administration literature offering students and practitioners hands on practical advice from experts with diverse city administration experience and demonstrating where theory and practice intersect Divided into three sections the book provides an overview of the life cycle of a municipality and its services explores city planning applications for planners on a strict budget and walks the reader through a real life planning research project demonstrating how it was formulated implemented and analyzed to produce usable results Topics explored include justifications for specific city services internal and external benchmarking used for city planning common technical tools e g GIS legal aspects of planning and zoning environmental concerns transportation residential planning business district planning and infrastructure City Planning for the Public Manager is required reading for students of urban administration and practicing city administrators interested in improving their careers and their communities

Code of Federal Regulations United States. Department of Agriculture,2013 Special edition of the Federal register containing a codification of document of general applicability and future effect as of April 1 with ancillaries

ABC of Clinical Professionalism Nicola Cooper,Anna Frain,John Frain,2018-01-09 Clinical professionalism is a set of values behaviours and relationships which underpins the public s trust in healthcare providers both as individuals and organisations First do no harm is expressed most clearly today in the patient safety movement and the imperative for transparency and candour in the delivery of healthcare Professional conduct is essential for safe and high quality clinical care The ABC of Clinical Professionalism considers recent evidence on how healthcare practitioners maintain professionalism including how values are developed and affected by the working

environment the challenges of maintaining personal and organisational resilience and the ethical and regulatory framework in which practice is conducted Topics covered include Acquiring and developing professional values Patient centred care Burnout and resilience Confidentiality and social media The culture of healthcare Ensuring patient safety Leadership and collaboration Ethical and legal aspects of professionalism Teaching and assessing professionalism Regulation of healthcare professionals The chapter authors come from a range of countries and have experience of working in multidisciplinary clinical teams research and in the training of future healthcare practitioners including their development as professionals
