Snopes Mail Server Report:

Saving the Republic Roger Kimball, 2018-01-23 America is embroiled in ideological conflict with the opposing partisan bulwarks of the Left and the Right widening a chasm that threatens the unity of our Republic The tumult in Washington has radiated into our universities homes and relationships from constitutional threats to the imposition on free speech to a sprawling unelected administrative state America is at a tipping point Fortunately Encounter s Broadside and Intelligence series offer indispensable ammunition for intelligent debate on these critical issues of our time With a staunch allegiance to the truth these timely essays resurrect 18th century pamphleteering to take on everything from the failures of the redistribution of wealth to the twisting of Title IX to the dangers of the increasingly unchecked media bias Saving the Republic a collection of Encounter interventions is a necessary resource of critical thought and commonsense on how to safeguard the promise of America Saving the Republic is edited by Roger Kimball with contributions from Jay Cost Philip Hamburger Mollie Ziegler Hemingway David B Kopel Greg Lukianoff Andrew C McCarthy Jared Meyer James Piereson Claudia Rosett Avik Roy Robert L Shibley Michael Walsh and Kevin D Williamson Together these authors make the definitive case for liberty and democratic capitalism at a time when they are under siege from the resurgence of collectivist sentiment

[The Trumping of America](#) Pamela Hines, 2018-08-02 Trump alone is not to blame How does it reflect on North American societal values when wealth trumps humanity selfish individualism trumps compassion the need to be entertained and to win trumps the truth and racism and misogyny are rewarded with the most powerful position in the world The political rise of Donald Trump from the cutthroat Republican primary process to his move to the White House has ushered in a new age of politics in the United States This is a comprehensive analysis of the events surrounding the 2016 presidential election and the unprecedented first year of Donald Trump s presidency Pamela Hines highlights the growing distortion of American democracy which threatens political systems

around the world As a Canadian living just across the border Hines provides a unique perspective on the international impact of the election explores the roles of religion racism nationalism and gender bias and critiques the media and its reckless coverage of Trump s ascension The Trump presidency is a wake up call to citizens of the free world Democracy is at risk yet power remains in the hands of the people This assault on democracy can be curtailed only if voters make informed decisions and understand the consequences of their choices while they still have the right to choose The Marginalized Majority Onnesha Roychoudhuri,2018-07-10 This book is a daring intervention to get us back in the game and a witty delightfully personal meditation on collective power Naomi Klein The energy on the left has never been higher But because there are so many issues to tackle each one more urgent and divisive than the next some say progressives will once again fail to seize the moment and gain real power But what if we re getting the story all wrong In The Marginalized Majority Onnesha Roychoudhuri makes the galvanizing case that our plurality of identities is not only our greatest strength but is also at the indisputable core of successful progressive change throughout history From the civil rights movement to the Women s March mainstream media to Saturday Night Live Roychoudhuri illuminates how historical narratives are written and by holding the myths about our disenfranchisement up to the light reveals we have far more power than we re often led to believe With both clear eyed hope and electrifying power she examines our ideas about what s possible and what s necessary opening up space for action new realities and ultimately survival Now Roychoudhuri urges us is the time to fight like the majority we already are The Illusion of Democracy Phil Mennitti,2015-02-02 This is the second story in a non partisan series detailing how the elite have impoverished America s Middle Class In this timely and revealing book the author explains what has happened in simple easy to understand terms that are brief and to the point The crippling and devastating consequences to liberty have not gone unnoticed The author bears witness to history and the treacherous crimes which have overthrown the Republic Referred to as the history of the Deep State The Illusion of Democracy is a more accurate historical accounting of the United States since the coup of 1963 when President Kennedy was executed in Dealey Plaza by the Operation 40 assassination squad This sequel focuses on the big picture It explains Hegelian Dialectic Principles of how our puppet masters create conflict to increase their wealth and power The book connects the dots of all major false flag events to prove this massive deception was intentionally engineered and that we the people have been subjugated through indentured servitude into a feudal system controlled by wealthy oligarchs This book was written at a high school level with those students in mind It is perfect for high school classes college courses or the average reader at home who is curious about what went wrong over the past generation which killed the American Dream **Regret the Error** Craig Silverman,2009 Winner of the National Press Club s Arthur Rowse Award for Press Criticism From Craig Silverman proprietor of www.RegretTheError.com comes a lively journey through the history of media mistakes via a chronicle of funny shocking and often disturbing journalistic slip ups The errors running the gamut from hilarious to tragic include Fuzzy Numbers when numbers and math undermine reporting
