Fiscal Transparency

Handbook (2018) Sailendra Pattanayak,2018-04-16 The IMF's Fiscal Transparency Code is the international standard for disclosure of information about public finances and is the centerpiece of the global architecture on fiscal transparency The Fiscal Transparency Handbook 2018 provides detailed guidance on the implementation of the new Fiscal Transparency Code which was approved by the IMF Board in 2014 It explains why each principle of the Code is important and describes current trends in implementation of the principles noting relevant international standards as well Selected country examples are also provided The Oxford Handbook of International Tax Law Florian Haase,Georg Kofler,2023-10-13 International Tax Law is

at a turning point Increased tax transparency the tackling of Base Erosion and Profit Shifting BEPS the reconstruction of the network of bilateral tax treaties the renewed discussion about a fair and efficient allocation of taxing rights between States in a global digitalized economy and the bold push for minimum corporate taxation are some expressions of this shift This new era also demonstrates the increased influence of international standard setters such as the OECD the UN and the EU Each of these developments alone has the potential of being disruptive to the traditional world of international tax law but together they have the potential to reshape the international tax system The Oxford Handbook of International Tax Law provides a comprehensive exploration of these key issues which will shape the future of tax law Divided into eight parts this handbook traces the history of international tax law from its earliest days until the present including reflections on the developments that have characterized the last one hundred years The second section places tax law within the broader international context considering how it relates to public and private international law as well as corporate trade and criminal law Sections three and four consider key legal principles and issues such as regional tax treaty models OECD dispute resolution and transfer pricing versus formulary apportionment Subsequent analysis places these issues within their European and cross border contexts providing an assessment of the role of the ECJ state aid and cross border VAT Section seven broadens the scope of this analysis asking how trends in recent major economies and regions have helped shape the current outlook The final section considers emerging issues and the future of international tax law With over sixty authors from 28 different countries the Oxford Handbook of International Tax Law is an invaluable resource for scholars academics and practitioners alike A Research Agenda for Tax Law Parada, Leopoldo,2022-10-11 This Research Agenda considers the future direction of research in tax law channeling creative thinking from leading tax scholars around the world who explore potential routes for further development in both traditional and more unconventional areas of tax law

Modernizing VATs in Africa

Sijbren Cnossen,2019-07-16 Most African countries are in dire need of more tax revenue In 28 out of 45 countries with a value added tax VAT total tax revenue as a percentage of GDP is around 15% or less falling short of what is necessary to finance basic human and economic development Far from being revenue raising instruments current African VATs are riddled with exemptions exclusions and zero rates on domestic goods and services that depress revenue are highly

distortionary and greatly complicate the administration of VAT Modernizing VATs in Africa enables policymakers professionals and students to analyse African tax systems to ascertain how they can be modernized It explains the case for VAT base broadening over rate increasing arguing that exemptions and zero rates mainly accrue benefits for higher income groups Even more persuasively it demonstrates that the net result of fiscal systems can be equalizing if the revenue of broad based VATs is used to finance in kind transfers such as healthcare and education VAT modernization should be used to enable governments to finance development Modernizing VATs in Africa puts a compelling case forward for how and why this can be achieved **The Oxford Handbook of International Climate Change Law** Cinnamon P. Carlarne, Kevin R.

Gray, Richard Tarasofsky, 2016-05-12 Climate change presents one of the greatest challenges of our time and has become one of the defining issues of the twenty first century The radical changes which both developed and developing countries will need to make in economic and in legal terms to respond to climate change are unprecedented International law including treaty regimes institutions and customary international law needs to address the myriad challenges and consequences of climate change including variations in the weather patterns sea level rise and the resulting migration of peoples The Oxford Handbook of International Climate Change Law provides an unprecedented and authoritative overview of all aspects of international climate change law as it currently stands with guidance for how it should develop in the future Over forty leading scholars and practitioners set out a comprehensive understanding of the legal issues that surround this vitally important but still emerging area of international law This book addresses the major legal dimensions of the problems caused by climate change not only in the content and nature of the international legal frameworks which need implementation at the national level but also the development of carbon trading systems as a means of reducing the costs of meeting emission reduction targets After an introduction to the field the Handbook assesses the relevant institutions the key applicable principles of international law the international mitigation regime and its consequences and climate change litigation before providing perspectives focused upon specific countries or regions The Handbook will be an invaluable resource for scholars students and practitioners of international climate change law It provides readers with diverse perspectives bringing together interpretations from different disciplines countries and cultures **Routledge Handbook of Banking and Finance in Asia** Ulrich Volz, Peter Morgan, Naoyuki Yoshino, 2018-10-26 The Routledge Handbook of Banking and Finance in Asia brings together leading scholars policymakers and practitioners to provide a comprehensive and cutting edge guide to Asia's financial institutions markets and systems Part I provides a country by country overview of banking and finance in East Southeast and South Asia including examples from China Japan Hong Kong India and Singapore Part II contains thematic chapters covering topics such as commercial banking development banking infrastructure finance stock markets insurance and sovereign wealth funds It also includes examinations of banking regulation and supervision and analyses of macroprudential regulation capital flow management measures and monetary policy Finally it provides new insights into

topical issues such as SME green and Islamic finance This handbook is an essential resource for scholars and students of Asian economics and finance and for professionals working in financial markets in Asia *Climate Change Mitigation Policies and Progress* OECD,2015-10-20 This report reviews trends and progress on climate change mitigation policies in 34 OECD countries and 10 partner economies Brazil China Colombia Costa Rica Indonesia India Latvia Lithuania the Russian Federation and South Africa as well as in the European Union **The Oxford Handbook of Comparative Environmental Law** Emma Lees,Jorge E.
