## **South African Army Application Forms 2015 2016:**

**South Africa's Post-Apartheid Military** Lindy Heineken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994. In South Africa's changed political state, how has civilian control of the military been implemented and what does this mean for defence in a democracy? This book presents an overview of the security environment, how the mission focus of the military has changed and the implications for force procurement, force preparation, force employment and force sustainability. The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force, the effect of affirmative action on meritocracy, recruitment and retention, military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment, gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged. HIV/AIDS and the consequences this holds for the military in terms of its operational effectiveness. In closing, the author highlights key events that have caused the SANDF to become lost in transition and transformation, spelling out some lessons learned. The conclusions she draws are pertinent for the future of defence security and civil-military relations of countries around the world.

Sociology in South Africa R. Sooryamoorthy, 2016-08-13 This book is the first comprehensive account of the history and current state of South African sociology. Providing a holistic picture of the subject both as it is taught in universities and as a field of research, it reveals the trajectories of a discipline in a challenging socio-political context. With the support of historical and scientometric data, it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature, direction and foci of sociological research in the country. The author shows how during the apartheid era, sociology was professionally fragmented and divided along language and race lines. It was, however, able to flourish with the advent of democracy in 1994 and has become a unique academic movement. This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa.

*Private Military and Security Contractors* Gary Schaub, Jr., Ryan Keltz, 2016-06-16 In *Private Military and Security Contractors*, PMSCs, a multinational team of scholars and experts address a developing phenomenon: controlling the use of privatized force by states in international politics. Robust analyses of the evolving multi-layered tapestry of formal and informal mechanisms of control address the microfoundations of the market, such as the social and role identities of contract employees, their acceptance by military personnel and potential tensions between them. The extent and willingness of key states—South Africa, the United States, Canada, the United Kingdom and Israel—to monitor and enforce discipline to structure their contractual relations with PMSCs on land and at sea is examined, as is the ability of the industry to regulate itself. Also discussed is the nascent international legal regime to reinforce state and industry efforts to encourage effective practices.

punish inappropriate behavior and shape the market to minimize the hazards of loosening states oligopolistic control over the means of legitimate organized violence The volume presents a theoretically informed synthesis of micro and macro levels of analysis offering new insights into the challenges of controlling the agents of organized violence used by states for scholars and practitioners alike *Military Review* ,2016 *Handbook of African Development* Tony Binns,Kenneth Lynch,Etienne Nel,2018-04-27 This handbook presents an extensive new overview of African development past present and future It addresses key core themes and topics that are pertinent to the continent s development including sections on history health and food politics economics rural and urban development and development policy and practice The volume draws on the expertise of over 60 of the world s leading scholars to provide a detailed and up to date analysis of the key opportunities and challenges that confront Africa and how such issues are being addressed Arranged by key themes the handbook provides not only a historical understanding of the past but also political perspectives on the future The chapters provide critically informed analyses of their topics by drawing upon the latest conceptual viewpoints and applied experiences in Africa in the form of case studies to offer a comprehensive examination of the opportunities challenges key debates and future prospects This handbook is an invaluable state of the art overview and reference concerning many different aspects of Africa s development which will be of interest to academics in all fields of African studies and also academics and students working in cognate disciplines such as development studies geography history politics and economics **The Handbook of Displacement** Peter Adey,Janet C. Bowstead,Katherine Brickell,Vandana Desai,Mike Dolton,Alasdair Pinkerton,Ayesha Siddiqi,2020-12-11 This Handbook provides the knowledge and tools needed to understand how displacement is lived governed and mediated as an unfolding and grounded process bound up in spatial inequities of power and injustice The handbook ensures first that internal displacements and their everyday re occurrences are not overlooked second it questions who counts by including displaced people who are less obviously identifiable and a clearly circumscribed or categorised group third it stresses that while displacement suggests mobility there are also periods and spaces of enforced stillness that are not adequately reflected in the displacement literature and fourth it re evokes and explores the place in displacement by critically interrogating peoples right to place and the significance of placemaking unmaking and remaking in the contemporary world The 50 plus chapters are organised across seven themes designed to further develop interdisciplinary study of the technologies journeys traces governance more than human representation and resisting of displacement Each of these thematic sections begin with an intervention which spotlights actions to creatively and strategically intervene in displacement The interventions explore myriad meanings and manifestations of displacement and its contestation from the perspective of displaced people artists writers activists scholar activists and scholars involved in practice oriented research The Handbook will be an essential companion for academics students and practitioners committed to forging solidarity care and home in an era of displacement **A Primer for Teaching Indian Ocean World History** Edward A. McDow,2024-04-05 A Primer for Teaching Indian Ocean World History is a guide for college and high school teachers who are teaching Indian Ocean histories for the first time or for experienced teachers who want to reinvigorate their courses

Regional Powers and Contested Leadership Hannes Ebert,Daniel Flandes,2018-03-19 When do rising powers fail to establish legitimate regional leadership and instead face contestation by their regional challengers This book investigates how and why the BRICS Brazil Russia India China and South Africa project leadership in South America post Soviet Eurasia South and Southeast Asia and sub Saharan Africa respectively and in what ways their main regional challengers respond Based on a systematic conceptualization of the types and drivers of leadership and contestation the authors assess the impact of the rise of regional powers on weaker states security sovereignty and status as well as the consequences of contestation for regional economic development and stability and the regional powers bid for greater voice in global governance By illuminating the sources and effects of power politics in five regions that are increasingly pivotal for the emerging world order the volume offers a global comparative analysis of contemporary regional contested leadership that will interest scholars and students of international affairs foreign policy and area studies

**The Search for Justice** Kumari Jayawardena,Kishali Pinto-Jayawardena,2016-11-21 The Sexual Violence and Impunity in South Asia research project coordinated by Zubaan and supported by the International Development Research Centre brings together for the first time in the region a vast body of knowledge on this important yet silenced subject Six country volumes one each on Bangladesh Nepal Pakistan Sri Lanka and two on India as well as two standalone volumes comprising over fifty research papers and two book length studies detail the histories of sexual violence and look at the systemic institutional societal individual and community structures that work together to perpetuate impunity for perpetrators The essays in this volume examine history and contemporary politics to understand the root causes of sexual violence in Sri Lanka They look at the polarization created around ethnic and linguistic identities during the three decades of ethnic conflict but also scrutinize the routine violence of communities towards their own women in daily life The authors argue that in this transitional post war phase Sri Lankan women must not only be treated as victims but as agents of change The writers highlight a hitherto unaddressed aspect of sexual violence that of the structures that enable impunity on the part of perpetrators be they security personnel and paramilitary forces members of armed rebel groups gangs local politicians and police or ordinary citizens including close family members They demonstrate how impunity for perpetrators is both a failure of the formal justice process and a product of individual community and social conditions and indeed the choices that victims and families make that promote silence over truth At the end of more than a quarter century of conflict that has left some 100 000 dead 50 000 women headed households struggling to survive as well as countless victims and survivors of sexual violence the calls for justice can no longer be ignored

**Intra-Africa Migrations** Inocent Moyo,Jussi P. Laine,Christopher Changwe Nshimbi,2021-02-21 This book discusses regional and continental integration in Africa by examining the management of migration across the continent

It examines borders and securitisation of migration and the challenges and opportunities that arise out of reconfigured continental demographics The book offers insights on intra Africa migrations and highlights how intra continental migration creates socio economic and cultural borders It explores how these borders beyond the physical boundaries of states including the Berlin Conference constructed borders create cultural divides challenges for economic integration and cross border security and irregular migration patterns While the movement of economic goods is valued for regional economic integration the mobility of people is seen as a threat This approach to migration contradicts the intentions of true integration and development and triggers negative responses such as xenophobia that cannot be addressed by simply managing the physical border and allowing free movement This book engages in a pivotal discussion of these issues which are hitherto missing in African border studies by demonstrating the ubiquity and overreaching influence of various kinds of borders on the African continent With multidisciplinary contributions that provide an in depth understanding of intra Africa migrations and strategies for enhanced migration management this book will be a useful resource for scholars and students studying geography politics security studies development studies African studies and sociology      **Parameters** ,2016      *Push Back* Judith Large,2016-12-15 In 2009 after decades of conflict the Sri Lankan government proclaimed the decisive defeat of the Liberation Tamil Tigers of Elam Subsequently the state proved resistant to attempts by the UN and other international bodies to promote post war reconciliation or reform In this incisive new work Judith Large investigates the ways in which the Rajapaksa government was able to subvert international diplomatic efforts as well as exploring the wider context of rising Sinhalese nationalism the attendant growth of discrimination against minorities and efforts by both the diaspora and citizens within Sri Lanka to work towards a positive peace Push Back is vital reading not only for those interested in Sri Lanka but also for those concerned about the wider implications of the conflict for human rights peace making and geopolitics      Our Eyes General (Ret.) Ryamizard Ryacudu, The purpose of this book written by Indonesia s former Minister of Defence is to identify a growing terrorism threat and explain a region s response to that threat The threat of terrorism in Southeast Asia has been on the rise for decades and is often overlooked and understudied within the global context While the book is titled Our Eyes Counter Terrorism Intelligence Network after the region s response more time is dedicated to detailing the various aspects of the region s terrorism threat By using a historical and process tracing perspective the book describes the origins of modern radical Islamic terrorism and its spread to Southeast Asia as well as the threat s current state and future outlook Once the region s terrorism threat is fully described and outlined then the region s response can be better explained and understood      **Military Aspects of Geology** E. **Life-Writing from the Margins in Zimbabwe** Oliver Nyambi, 2019-05-20 This book explores the unique contributions of various forms of post 2000 life writings such as the autobiography epistles and biographies to discourses about the nature and socio politics of what has become known as the Zimbabwean crisis c 2000 2009 Much of what has been written about the Zimbabwean crisis a decade long period of unprecedented economic collapse and political upheavals in the southern African country is strictly discipline specific and therefore limited to unidimensional modes of theorising the crisis s many and complex dimensions and dynamics In this context this book charts a paradigm shift in hermeneutic and epistemological approaches to comprehending the Zimbabwean crisis Life Writing from the Margins in Zimbabwe centres the experiences and memories of ordinary Zimbabweans in

pluralizing modes of seeing and knowing the crisis The book argues that these life writings present a rich site for encountering versions of the crisis that relate in counter discursive ways to the dominant state authored narrative of the nation in crisis Oliver Nyambi's analysis contributes new ideas to ongoing debates about how cultural texts reflect on the postcoloniality of both power and experiences and negotiations of power in the context of crisis This book will be of interest to scholars and students of African literature Zimbabwean African studies postcolonial literature life writing and cultural studies

**Law, Technology and Governance** Roger Brownsword, 2025-09-23 This book argues that law regulation and technology can be understood as particular kinds of governance projects and their credentials assessed according to an overarching concept of good governance The book introduces the ideas of governance by law and governance by regulation as particular types of projects within a constellation of governance projects some normative some non normative and some hybrid As such legal and regulatory projects can be differentiated from each other as well as from other normative governance projects such as ethics They can also be contrasted with various kinds of non normative technological projects and more importantly they can be compared with governance projects that are hybrids such as rule and tool projects Based on this account of governance the limitations and imperfections of legal and regulatory governance relative to an overarching concept of good governance become readily apparent Focusing on governance projects governance problems and governance prospects the book thereby offers an insightful and original analysis of the current and future intersection of law technology and governance This book will be of interest to legal researchers and postgraduates in the burgeoning field of law regulation and technology as well as others with more general interests in issues of law and governance

*The Economics of Defense Industry* Thomas-Durell Young, 2023-10-17 This book on the economics of defence industry assesses a series of historical and contemporary case studies that consistently demonstrate the need for governments to recognise and thereafter factor the financial needs of a narrow industrial sector

that is capital intensive technologically advanced and that requires a highly skilled labour force Since the end of the cold war Western governments have systematically reduced financial support to their domestic defence industry and have seemingly ignored planning and funding industrial mobilisation In all cases government policy has been to encourage industries to consolidate capacity to become financially viable in a sector that has seen diminished demand The 2022 Russian invasion of Ukraine has caused Western governments to reassess their previous assumptions Efforts to increase industrial capacity have been met with the iron laws of economics whereby businesses need to show return on investments The chapters in this volume posit that efforts to rationalise industrial capacity and innovation to meet short term financial efficiencies inevitably results in limited expensive and long delays in increased production in times of international crisis This book serves as an essential guide for academics researchers and students interested in defence economics industrial economics international relations and industrial policy The chapters in this book were originally published in various issues of Defense Security Analysis
