South African Military Application Form 2015:

Researching the Military Helena Carreiras, Celso Castro, Sabina Frederic, 2016-03-02 Researching the Military focuses on the experiences of researchers who study the military around the world. It explores the historical, social, institutional, and personal factors that frame research and scrutinize the way knowledge in this area impacts society and policy. More than merely analyzing research experiences yet necessarily including them, it is also about the experiences of researchers, their position with regard to the object of their studies, the institutional context where they work, and the way their research impacts the academic and policy making fields in the respective countries. The common theme to the various chapters is reflexivity, a conscious effort at addressing the conditions of research and the position of the researcher and the research participants in that interface. By collecting diverse experiences of researchers from across the world, this volume aims to enhance reflexivity in the field of military studies and to encourage the exchange of knowledge between the academic field and the military arena. This book will be of much interest to students of military studies, research methods, sociology, social anthropology, and security studies in general.

Sociology in South Africa R. Sooryamoorthy, 2016-08-13 This book is the first comprehensive account of the history and current state of South African sociology. Providing a holistic picture of the subject both as it is taught in universities and as a field of research, it reveals the trajectories of a discipline in a challenging socio-political context. With the support of historical and scientometric data, it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature, direction, and foci of sociological research in the country. The author shows how during the apartheid era, sociology was professionally fragmented and divided along language and race lines. It was, however, able to flourish with the advent of democracy in 1994 and has become a unique academic movement. This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa.

The Handbook of African Defence and Armed Forces Evert Kleynhans, Marco Wyss, 2025-03-01 The Handbook of African Defence and Armed Forces provides the first in-depth and multifaceted analysis of the evolution and current state of national defence policies, strategies, doctrines, capabilities, security challenges, and strategic responses of African states and their armed forces. Geographically, these aspects are investigated at the national, sub-regional, and regional levels. Chronologically, they are analysed against the backdrop of the superpower withdrawal from the continent in the 1990s and the so-called New Scramble for Africa, which has seen a crescendo of renewed great power interest in the continent's resources as well as its strategic role, location, and relevance since the 2000s. The book takes a bottom-up and African-centric approach and is organized around five key themes: i) the differing security outlooks and defence policies of African powers within the region and the different sub-regions; ii) the strategies, doctrines, transformation, and employment of African armed forces; iii) the relationship between African armed forces with sub-regional, regional, and international organizations; iv) the challenges that African states and their armed forces have been facing and their strategic responses; and

v the position of African perspectives and agency in the context of continental and international security and defence Understanding African security and defence especially in terms of each individual nation s ability to contribute to peacekeeping operations counterterrorism border security and internal security requires a focus on the national level of armed forces and defence policies this in turns sheds light on sub regional and regional divergences challenges and cooperation Based on this framework the chapters in this volume offer comprehensive African perspectives on African and international security and defence and in doing so show the agency of the continent s countries and armed forces in International Security and Relations

Special Operations Success James D. Kiras, 2024-10-24 Special Operations Success establishes a new benchmark in military theory in this deeply analytic and innovative work It answers several pressing questions How successful have American special operations been over the past quarter century Are special forces fated to cycles of expansion and misuse Will special forces invariably exceed the authorities granted to them because of they are Is a general theory of special operations feasible given the range of activities and conditions that fall under the category Kiras work is based on two decades of practical teaching and consulting experience within different special operations communities and its analysis and conclusions are designed to inform practitioners policymakers educators and the general public The book develops a framework in the form of a theory comprising capabilities and control for the comprehensively evaluating special operations success and is divided into three parts Part I lays the foundation for a general theory of special operations Part II explores the two component parts of theory capabilities and control and Part III uses various aspects of the theory depending on available information to assess the success of special operations over a twenty year period in the United Kingdom South Africa and the United States

Nigeria, a Country under Siege Dele Babalola, Hakeem Onapajo, 2018-06-11 This volume offers a comprehensive assessment of the problem of conflict and its methods of management in Nigeria s contemporary democracy It represents a compendium of resourceful studies provided by experts on conflict studies from various disciplines across the Social Sciences and Humanities Such studies are very useful at this crucial point in Nigeria s history as there are currently various national and international efforts to address the scourge of violent conflicts that have caused huge numbers of deaths and displacement of persons The book will be of particular interest and use to conflict researchers students practitioners and government officials

Professional Journal of the United States Army, 2016-11

The Economics of Defense Industry Thomas-Durell Young, 2023-10-17 This book on the economics of defence industry assesses a series of historical and contemporary case studies that consistently demonstrate the need for governments to recognise and thereafter factor the financial needs of a narrow industrial sector that is capital intensive technologically advanced and that requires a highly skilled labour force Since the end of the cold war Western governments have systematically reduced financial support to their domestic defence industry and have seemingly ignored planning and funding industrial mobilisation In all cases government policy has been to encourage industries to consolidate capacity to

become financially viable in a sector that has seen diminished demand The 2022 Russian invasion of Ukraine has caused Western governments to reassess their previous assumptions Efforts to increase industrial capacity have been met with the iron laws of economics whereby businesses need to show return on investments The chapters in this volume posit that efforts to rationalise industrial capacity and innovation to meet short term financial efficiencies inevitably results in limited expensive and long delays in increased production in times of international crisis This book serves as an essential guide for academics researchers and students interested in defence economics industrial economics international relations and industrial policy The chapters in this book were originally published in various issues of Defense Security Analysis

A New Global Agenda Diana Ayton-Shenker, 2018-02-19 *A New Global Agenda* Priorities Practices and Pathways of the International Community explores the most compelling issues of our time highlighting key strategies initiatives and calls to action Taking up where the former annual series *A Global Agenda* Issues Before the U N left off this book sets the work of the U N in the context of cross sectoral perspectives and multi stakeholder partnerships To catalyze regenerative solutions for People Society and Planet *A New Global Agenda* engages visionary thought leaders advocates and innovators spanning international policy academia private sector and civil society This is a must read for scholars students practitioners and global citizens shaping our world today *A New Global Agenda* is edited by Diana Ayton Shenker editor and author of *A Global Agenda* Current Issues Before the General Assembly of the United Nations published with the United Nations Association Rowman Littlefield 2002 and 2001 Editions Ayton Shenker is the Global Catalyst Senior Fellow at The New School and CEO of Global Momenta Contributions by T Alexander Aleinikoff Laurie Adams Karen J Alter Gina Bria Gillian Christie Michael A Cohen Peter Dietrich Hall Gardner Russ Gaskin Pape Amadou Gaye Eban Goodstein Jensine Larsen L Hunter Lovins Alynna Lyon Lars Fogh Mortensen Alex Neve Karen Lund Petersen Courtney C Radsch Harpinder Sandhu Lena Simet Joel Simon Ramesh Thakur Gracey Vaughn Mary R Watson Derek Yach and Andrew Zolli

Survival in the 'Dumping Grounds' Laura Evans, 2019-05-27 *Survival in the Dumping Grounds* examines a defining aspect of South Africa s recent past the history of apartheid era relocation While scholars and activists have long recognised the suffering caused by apartheid removals to the so called homelands the experiences of those who lived through this process have been more often obscured Drawing on extensive archival and oral history research this book examines the makings and the multiple meanings of relocation into two of the most notorious apartheid dumping grounds established in the Ciskei bantustan during the mid 1960s Sada and Ilinge Evans examines the local and global dynamics of the project of bantustan relocation and develops a multi layered analysis of the complex histories and ramifications of displacement and resettlement in the Ciskei

Irregular Soldiers and Rebellious States Michael P. Noonan, 2021-04-15 With the wars in Afghanistan and Iraq seemingly drawing down and with new calls to focus on the threats of great power competition posed by states such as China and Russia on the rise what will happen to U S capabilities for dealing with conflicts that occur in messy political military environments *Irregular Soldiers and Rebellious*

States offers for both expert and non expert audiences a useful typology and background for examining interventions where U S advisors and forces operating on a small scale basis will either work with a foreign government to help defend it from threats of subversion or insurgency known as Foreign Internal Defense or to assist insurgents or guerrilla forces in countering a hostile regime known as Unconventional Warfare It uses nine examples to illustrate how the U S and the British in one case used such capabilities in either limited or assertive ways to defend El Salvador Philippines Sahel and Dhofar or counter Angola Nicaragua northern Iraq and Afghanistan foreign governments Placing such interventions within the broader contexts of American military history and the cultures of the armed forces it offers three key findings and six policy prescriptions for wisely and judiciously using these capabilities in the present and future **Evacuation** Peter

Adey,2024-08-16 Peter Adey examines the politics aesthetics and practice of evacuating people and animals from harm during emergencies showing how it reveals reinforces and relies on structures of power **Shaping the Future of Power**

Lina Benabdallah,2020-07-20 China s rise to power is one of the biggest questions in International Relations theory IRT and foreign policy circles Although power has been a core concept of IRT for a long time the faces and mechanisms of power as it relates to Chinese foreign policymaking has changed the contours of that debate The rise of China and other powers across the global political arena sparks a new visibility for different kinds of encounters between states particularly between China and other Global South states These encounters are more visible to IR scholars because of the increasing influence that rising powers have in the international system This book shows that foreign policy encounters between rising powers and Global South states do not necessarily exhibit the same logics behaviors or investment strategies of Euro American hegemons Instead they have distinctive features that require new theoretical frameworks for analysis **Shaping the Future of Power** probes the types of power mechanisms that build diffuse and project China s power in Africa One must take into account the processes of knowledge production social capital formation and skills transfers that Chinese foreign policy directs toward African states to fully understand China s power building mechanisms The relational power framework requires these elements to capture both the material aspects and ideational people centered aspects to power By examining China s investments in human resource development programs for Africa the book reveals a vital yet undertheorized aspect of China s foreign policy making *Maritime Security Law in Hybrid Warfare* Alexander Lott,2024-08-19 This is the essential book

today for understanding maritime security law Prof James Kraska US Naval War College Harvard Law School The recrudescence of great power competition at sea raises several legal problems *Maritime Security Law in Hybrid Warfare* brings together authors from various fields of international law to address such challenges in the legal intersection between naval war military activities maritime law enforcement and hybrid warfare This book explores the means for increasing legal resilience against the emerging trend of weaponization of commercial ships underwater cables and pipelines lawfare and migration by hybrid adversaries **UN Security Council Reform** Peter Nadin,2016-02-22 This volume comprehensively

evaluates the current state and future reform prospects of the UN Security Council providing the most accessible and rigorous treatment of the subject of reform to date Apart from a couple of critical eyes in the academic community few have asked the pertinent questions that this volume seeks to address Will the enlargement of the Council constitute a reform Could the inclusion of countries such as India Germany Japan and Brazil markedly improve the Council s agency In response this book focuses on The Role and Agency of the UN Security Council The History of the Reform Debate An Expanded Council Working Method Reforms Enhancing Agency As the future of the UN Security Council continues to be the focus of fierce debate this book will be essential reading for students of international relations international organizations and international security studies alike

China's Foreign Policy and Practice Wenguang Shao,2022-12-21 This book is one of the first wide ranging surveys of China s foreign policy and practice from the 16th century to the present day from a Chinese perspective A modern history of China s interaction with major powers it throws new light on the events and issues of major interest clarifies possible points of ambiguity and misunderstanding and brings the reader up to date about some of the current issues of contention in China s international relations China Foreign Policy and Practice Presents a unique account of Chinese statecraft and foreign policy from the vantage point of an insider who has spent years participating in the decisionmaking process at the national level Paints a larger picture of China s interaction with the world connecting wars negotiations treaties and boundary settlements with its neighbours Focuses on policy evolution in specific areas such as trade regional diplomacy dispute settlement crisis management and engagement with major powers Draws on Chinese records and publications that may not be readily accessible as well as the latest memoirs and declassified documents Is a nuanced comprehensive and accessible guide for students of international politics as well as general readers interested in China A unique history of China in world affairs this book will be essential reading for students of politics and international relations history foreign policy diplomacy China studies and Asian studies

Black-Branch,Dieter Fleck,2020-01-02 This fifth volume in the book series on Nuclear Non Proliferation in International Law focuses on various legal aspects regarding nuclear security and nuclear deterrence The series on Nuclear Non Proliferation in International Law provides scholarly research articles with critical commentaries on relevant treaty law best practice and legal developments thus offering an academic analysis and information on practical legal and diplomatic developments both globally and regionally It sets a basis for further constructive discourse at both national and international levels Jonathan L Black Branch is Dean of Law and Professor of International and Comparative Law at the University of Manitoba in Canada a Bencher of the Law Society of Manitoba JP and Barrister England Barrister and Chair of the International Law Association ILA Committee on Nuclear Weapons Non Proliferation Member of the Advisory Board of the Amsterdam Center for International Law ACIL and Rapporteur of the International Law Association ILA Committee on Nuclear Weapons Non Proliferation Contemporary International Law

A Primer for Teaching Indian

Ocean World History Edward A. Alpers, Thomas F. McDow, 2024-04-05 A Primer for Teaching Indian Ocean World History is a guide for college and high school teachers who are teaching Indian Ocean histories for the first time or for experienced teachers who want to reinvigorate their courses

Cultural Heritage Management in Africa George Okello Abungu, Webber Ndoro, 2022-12-15 Cultural Heritage Management in Africa explores the diversity of Africa's cultural heritage by analysing how and why this heritage has been managed and by considering the factors that continue to influence management strategies and systems throughout the African continent Including contributions from prominent scholars and heritage professionals working across Africa the volume presents critical contemporary perspectives on the state of heritage in the area Chapters analyse the practices that emanated from different colonial experiences and consider what impact these had and continue to have on the management of African heritage It also critically examines the ideological influence of independence movements on the African continent's management and remembering of heritage and considers whether there are any differences in heritage management between countries that experienced armed conflicts and those that did not The volume will be the first to critically assess the state of heritage management now at a time when vital conversations about the balance between heritage and development is ongoing and the actions of new players have begun to impact the management and practice of heritage in the region Cultural Heritage Management in Africa will be essential reading for those engaged in the study of museums and heritage development archaeology anthropology history and African studies It will also be of interest to heritage and museum professionals who wish to learn more about the decolonisation of heritage

Is America Safe? Don Philpott, 2019-01-31 As potential targets such as military facilities symbols of democracy government buildings and infrastructure are hardened against possible terrorist attacks terrorists will shift to softer targets churches schools malls mass entertainment centers high rise apartments transportation centers and energy facilities Their goal will be to disrupt or destroy our economy impose fear and uncertainty break our national will and deflect our attention and support from the Middle East We could wait for it to happen or we can prepare now This new book empowers Americans by providing them with the knowledge and skills needed to understand terrorist strategies which in turn allow each of us to contribute to disrupting the terrorists intended goals through observing and reporting suspicious activity reducing target vulnerabilities and minimizing casualties through education and preparation The authors define terrorism and its origins and describe present day organizations where they operate what their philosophies entail and what their motivation and objectives are They review different terrorist tactics and their desired effects providing readers with guidelines and checklists for surviving them Knowing how to prepare for and how to survive an attack is a step toward marginalizing intended casualty rates psychological impacts and propaganda values At the same time the lifesaving skills presented in this book may also be used in naturally occurring catastrophic events such as hurricanes tornadoes floods or earthquakes

Haunting Questions of Liberation Theology Jione Havea, 2025-04-22 Liberating is ongoing and unending And so is

theology From time to time it is helpful to look back to discern and to address question s that haunt current practices This book looks back over the journey of liberation theology and it also looks forward guided by the insights and wisdoms of scholar activists and practitioners from the global south Africa Latin America Asia Caribbean Oceania plus a few allies from the global north It reflects on the journey of Liberation Theology as it engages current realities from technology to queer experience that are largely ignored by mainline theologies
