The Murders at Bill's O'Jack's Giles Wilcock, 2025-01-16 On 3 April 1832 a twelve year old girl visited her grandfather's house a public house known as Bill's o Jack's on the edge of Saddleworth Moor only to find her uncle dying on the floor of a room saturated with blood Upstairs her grandfather lay in his bed having suffered mortal injuries Neither man lived long enough to explain what had happened The story of the murders of William and Thomas Bradbury quickly spread throughout the local area and beyond precipitating a frantic hunt for suspects No one was ever charged and the case remains unsolved but the story never quite went away becoming a legend that long outlived those directly affected The Bill's o Jack's Murders took place at a time of great change and the background to the case encompassed many issues including political reform enclosure and the growing influence of newspapers It was a crime very much of its time shaped by contemporary issues and concerns Yet the legend took on a life of its own removed from any historical context and continued to grow for almost a hundred years before settling down into a final form that only vaguely reflected reality Bill's o Jack's itself made infamous by the events of 1832 became an integral part of the local community and thrived on its notoriety until it was demolished in 1937 This book follows the story from that first morning and traces its transmutation into legend It examines the events leading up to the death of William and Thomas Bradbury and the aftermath of the murders it describes the lives of those affected the families the suspects and the journalists and places everything within the context of the tumultuous Georgian era

The History of a Modern Millennial Movement Jane Shaw, Philip Lockley, 2017-05-30 A feverish expectation of the end of the world seems an unlikely accompaniment to middle class respectability But it was precisely her interest in millennial thinking that led Jane Shaw to a group of genteel terraced townhouses in the English county town of Bedford Inside their unassuming grey brick exteriors Shaw found something extraordinary For here within the Ark lived two members of the Panacea Society last survivors of the remaining Southcottian prophetic communities in Britain And these individuals were the heirs to a rich archive charting not just their own apocalyptic sect but also the histories of the many groups and their leaders who from the early nineteenth century onwards had followed the beliefs of the self-styled prophetess and prospective mother of the Messiah Shiloh Joanna Southcott who died in 1814 Placing its subjects in a global context this is the first book to explore the religious thinking of all the Southcottians It reveals a transnational movement with striking and innovative ideas not just about prophecy and the coming apocalypse but also about politics gender class and authority The volume will sell to scholars and students of religion and cultural studies as well as social history

comprehensive guide to sequels in English with over 84 000 works by 12 500 authors in 17 000 sequences **A Tale of Two Passes** William Lowell Putnam,2008-08-01 William Putnam s book chronicles the history of two important routes through the Alps which are devoted to treasuring the history of Mont Cenis and the Great Saint Bernard passages Both of these passes were prominently and frequently used by the Romans in establishing and maintaining their empire It is surmised that

Hannibal and his troops found elephant friendly passages through the Mont Cenis corridor Both passes were adorned with hospices shelters near their crest and both now have been bypassed by modern tunnels Despite these similarities their historic prominence derives from distinctly different events and factors There is no passage of the Alps that affords to the traveler greater pleasure either in the enjoyment or the recollection of his journey to Italy than that by the Great Saint Bernard Beside the wildness of this alpine pass and the beauty of the valley of Aosta through which the road down to Turin continues after it leaves the mountains the kind reception that he experiences from the religious community at the hospice on the summit of the Saint Bernard is remembered as long as he can be grateful for the devotion that induces these excellent men to offer the traveler their welcome and spread for him their hospitality in the wilderness Herein lies the histories of these passes and stories of many travelers among the Alps told as much as possible in their own words **West Yorkshire**
