Deadly Vintage Joni Folger, Life imitates art when murder rears its ugly head at the Delphine Opera House. When Elise Beckett signed on to help with the renovation of Delphine's Opera House she was excited at the prospect of restoring the historic landmark to its former glory. With the Beckett family vineyard providing the libations for the opening night gala the three act play featuring a country murder mystery promises a tasty vintage for everyone. But the performance takes a deadly turn when an actor is murdered on stage in front of a sold out crowd. Now Elise and Deputy Jackson Landry must sift through a mystery that's as elaborate as any award winning stage production where the script is layered with secrets and lies, blackmail and murder.

Ad Astra Jack Campbell, 2013-02-12 From the author of the New York Times bestselling *Lost Fleet* series comes 11 action packed stories of space exploration. In Jack Campbell's *Lost Fleet* series Campbell's hero Captain Black Jack Geary explores the furthest reaches of space. Here Campbell explores what kinds of problems mankind might face as our horizons expand. The third in a series of collections of Campbell's short stories includes some of Campbell's favorite stories and some of his earliest. A brand new author's note accompanies each story. *Lady Be Good* is one of Campbell's most popular stories, winner of *Analog* magazine's *AnLab* reader poll for Best Short Story and cited in Gardner Dozois's *Year's Best SF*. *The Lady Be Good* is an old ship running obscure routes, not all on the right side of the law, with her loyal first officer Kilcannon and reclusive captain. When Kilcannon decides to rescue the survivors of an attack on a Vestral Company ship a mysterious new passenger thanks him by asking difficult questions about the *Lady* with unexpected answers. In *Kyrie Eleison* the *Verio* shipwrecked centuries ago on an out of the way planet and the descendants of the ship's survivors have gotten along as well as they can by following the orders that were passed on to them. But those orders weren't intended to govern life on the planet's surface and when the *Bellegrange* arrives on a rescue mission her captain will have to reckon with the unexpected social order on the planet. In *Do No Harm* a ship is so technologically advanced that it can repair itself but turning over the keys might not be the best idea. And in *Down the Rabbit Hole* a series of failed attempts at faster than light travel lead to a novel approach sending an untested Naval captain out in a space ship to see if he can figure out what's gone wrong. With eleven stories in all *Ad Astra* is the most multi faceted introduction to the short fiction of Jack Campbell and an

essential complement to his bestselling book length work **Ornament, the Novel, and the Victorian Real** Irena Yamboliev, 2025-07-07 All real art wrote William Morris is ornamental If Morris is right then ornament is not as some would have it a triviality a sign of want or a crime Instead Ornament the Novel and the Victorian Real argues for the many and varied ways in which the novel is indebted to ornament Victorians and Victorianist scholars have compared the novel to fine arts such as Dutch genre painting or to photography emphasizing these visual forms investment in gritty particularity and exhaustive detailing of appearance But this story loses sight of a key fact that this book recovers ornament represents a distinct describable Victorian method of realism a method for boiling down essentials and making palpable the invisible fundamental laws that govern form in nature This book grounds itself historically in Victorian theories and practices of decoration developed in the middle of the nineteenth century a moment when Victorian designers overhauled the reigning principles of decorative art and shows the rise of the newly developed theory of ornament to have explanatory power for contemporary novelistic practice too The compositional principles in ornament far from trivial extraneous or deceptive furnish a new theory of form a new concept of the real and a new method for reading novelistic prose Ornament is at work churning away at the heart of the Victorian novel Wallpaper patterns hinge work stained glass these visual forms articulate principles of form such contrast symmetry flatness and stylization And novelists turn these design principles into literary principles importing them into their narratives as syntax word by word and phrase by phrase This book proceeds by way of very close readings that focus on the scale of the sentence and analyzes the rhythm meter and repetition of prose This method allows an appreciation of how in the hands of George Eliot Thomas Hardy A C Swinburne Oscar Wilde and D H Lawrence ornamental prose opens up representational possibilities not otherwise available Ornament allows novelists to render the patterning of human minds the dynamics of relationship and the intense realities of the more than human world

The Wrath of the Great Guilds Jack Campbell, 2016-12-01 New York Times best selling author Jack Campbell s epic series The Pillars of Reality reaches its exciting conclusion The Great Guilds fearing the loss of their control of the world of Dematr have gathered their power and joined it with the relentless legions of the Empire The full might of that host will fall upon the fortress city of Dorcastle If Dorcastle falls the revolt led by Master Mechanic Mari and Mage Alain will fail and their world will soon descend into chaos Only Mari believed to be the daughter of an ancient prophecy can inspire the people and lead the defense of Dorcastle The prophecy says she has a chance to win but it doesn t say she will survive Alain will stand by her both willing to die for the other but neither one knows if their sacrifices will mean victory As they battle the Imperial legions and see friends fall Mari and Alain face their greatest challenges And if they somehow win in the face of impossible odds neither one can be certain what sort of world that victory will produce The Pirates of Pacta Servanda Jack Campbell, 2016-04-12 The world feels oddly strained like a line pulled too taut and apt to snap smashing everything in its path Master Mechanic Mari and Mage Alain have survived every attempt to stop them but their enemies are determined to

kill Mari the only one who can save her world from a storm of destruction As armies begin to gather and cities seethe with tension Mari Alain and their friends must prepare to confront the storm in the place it first appeared the broken kingdom of Tiae The dangers facing them demand perilous raids tough battles and more than a little piracy Beating the Mechanics Guild and the Mage Guild that have controlled the world of Dematr for centuries will require an unprecedented alliance under Mari s command of rebellious Mechanics Mages and common folk who know that together they can change the world but separately they will all lose

The Servants of the Storm Jack Campbell,2016-11-01 A Storm that will wreck a world threatens Dematr Only Mari one of the Mechanics who control all technology through their Guild has a chance to stop it She and Mage Alain have survived numerous attempts to kill them and have gained many more followers but the Storm of chaos born of centuries of enslavement grows ever closer Mari leads an army now She and Alain must fight together to bind back the Broken Kingdom and build a force strong enough to defeat the might of the Great Guilds But the Storm has many Servants who seek to preserve or gain personal power or wealth or fear the New Day that Mari seeks to bring to the world And Mari knows that victory will mean nothing if the precious knowledge brought long ago to their world is destroyed In order to save it Alain and Mari will have to pierce through the heart of their enemies power and confront once more a place of ancient nightmare

Faulkner On and Off the Page Carl Rollyson,2025-04-15 Though numerous biographies have been published on William Faulkner readers are often presented conflicting interpretations of his life and work Faulkner s view of himself and his own family was mercurial and it is widely acknowledged that Faulkner was an unreliable narrator of his own life As a result biographies of Faulkner echo and complicate the multitude of ways he portrayed himself accepting that truth if it exists is subjective Like his work Faulkner s own life then is not only open to different readings but welcomes them within the landscape of his oeuvre Faulkner On and Off the Page acknowledges the challenges of factifying a life into a textual narrative while also emphasizing the potential for biography to establish a throughline that traces how literature emerges from life and in turn shapes the life narrative Faulkner constructed for himself Unburdened by the sanctity of the written word Faulkner embraced mutability and perpetual evolution This process of reinvention also manifests within the pages of Faulkner s biographies as each biographer brings a unique context and perspective shaped by generations of Faulkner scholars Rather than thinking of Faulkner as exclusively the great high modernist who strayed to Hollywood when he needed the money and stayed home when he didn t this book portrays an unsettled writer incessantly on the move incorporating what only looked like alien elements into his work while maintaining a public persona that disparaged anything that did not fit the narrative of the novelist he created in interviews essays and speeches This book attempts to carry on the work of finding the man on the page even as he is shaping a life off of it

Pirate of the Prophecy Jack Campbell,2020-07-31 On the world of Dematr the Emperor and his legions rule over the lands on the eastern side of the Sea of Bakre and the Great Guilds rule over the Emperor and his subjects The Mechanics Guild whose members claim they came

from the stars controls technology far beyond that of the swords and sailing ships of the common people while the Mage Guild wields strange powers that terrify all who face them Jules an orphan from the Imperial city of Landfall has fought her way up to become an officer in training with the Emperor's fleet But her plans and her life are shattered when a Mage prophesizes that a daughter of her line will one day overthrow the Great Guilds and free the world In that moment the prophecy takes over her life The Mages plot to kill her the Mechanics try to find ways to use her and the Emperor seeks to coerce her into having his children Unwilling to surrender her life to serving the prophecy Jules makes her escape by joining the crew of a pirate ship As she fights for her comrades freedom as well as her own she learns that the world is finally changing But if that change triggers all out war between the Great Guilds and the Empire it may well devastate the world rather than free it

Love Among the Haystacks and Other Stories D. H. Lawrence,1987-07-31 Each story in Love Among the Haystacks appears in a new authoritative text [Fate of the Free Lands](#) Jack Campbell,2020-07-31 Trapped inside the Empire Captain Jules of Landfall has to use every deadly trick and strategy she knows to avoid recapture by the Emperor's legions and stay alive despite every attempt the Mages make to kill her The only chance to get away may require walking back into the trap she barely escaped the first time But even her freedom won't be enough The prophecy that consumes Jules's life demands she has an heir to carry on her line Yet how can she satisfy that while being hunted everywhere And what might the prophecy cause to happen if she doesn't have a child Battling wind waves implacable Mage assassins and Imperial ships Jules is forced to turn to an unlikely ally the hated Mechanics She must gather men women and ships from all of the new settlements to face the Imperial legionaries and galleys For only Jules can lead the free people of the west in the final battle that could be their salvation or the destruction of all that she's fought for

Destiny of Dragons Jack Campbell,2018-05-22 In the thrilling conclusion to the Legacy of Dragons trilogy ancient weapons of mass destruction lie hidden under the city of Pacta Servanda Remnants of the Great Guilds and rebellious factions of the Empire want to seize those weapons to allow them to regain control of the world of Dematr Only Jason brought by the first ship from Earth since the colony failed might be able to disarm the threat But he also might know how to employ those weapons making him a danger for all sides Standing between those threats is Kira of Dematr But Kira who inexplicably has been able to manifest Mage powers as well as technical skills finds herself being consumed by the mental conflicts between those powers and skills As rogue Mechanics Mages and mercenaries attack with every weapon at their disposal Kira suffers more blackouts and begins to lose her mind The fate of her world rests on whether she can stay alive and find answers in time to problems that no one else has ever confronted

Blood of Dragons Jack Campbell,2017-12-15 Twenty years after the war that overthrew the Great Guilds the Empire is vowing to avenge the massive defeat of the Imperial legions at Dorcastle Aiding the Imperials are renegade Mechanics and Mages still loyal to the old Guilds or employed by the Empire But before they can launch an all out war the Imperials must eliminate a major threat Kira daughter of Master Mechanic Mari and Master of Mages Alain

Kidnapped and imprisoned Kira has to escape and avoid recapture as the full might of the Empire is aimed at her. Her only hope lies in the skills she has mastered, her indomitable spirit, and the unfailing aid of Jason, her boyfriend from the distant world of Urth. With the Imperial legions closing in and thousands of lives riding on her efforts, Kira has to use every weapon available to her, including special abilities she has kept secret until now. Abilities that may prove to be as dangerous as the enemy forces. Mari and Alain must come to Kira's aid and work to create an alliance against the Empire. If they fail, a deadlier new war will erupt with every soldier carrying a rifle instead of a sword or crossbow, and the Peace of the Daughter will end in a bloodbath. A fun and action-packed adventure. Steampunk and fantasy are probably two of my most favorite genres, so it's always fun to read a book that mashes them together in interesting ways. **The Arched Doorway** **Sub-Human** Emma Hakansson, 2024-04-02

When we accept oppression of some, we feed the oppression of others, and we make space for domination driven by false ideas of inferiority and lesser worth. When we discount the inherent preciousness of animals who think and feel, we erase precious parts of ourselves. When we consider living beings as livestock, it's no wonder we pillage the unthinking yet irreplaceable living earth. *Sub Human* is a robustly researched, sharply critical yet comfortingly human call to arms, diving deeply into the theory behind oppression, liberation, and the intersections within it. Exploring the history of animal consumption and commodification, this book deconstructs the current sociopolitical climate surrounding animal enterprises by looking at how we got here. Most importantly, it unravels how we can work towards a collectively liberated world.

Explorer of the Endless Sea Jack Campbell, 2020-07-31 Now captain of her own pirate ship, Jules of Landfall faces ambushes by Mage assassins and threats from Mechanics who can't decide whether to kill her or try to use her for their own ends. The Emperor has made her an offer she doesn't think she can refuse, but Jules wants nothing to do with that gilded cage. Now the Emperor's forces are redoubling their efforts to capture her. The free ships of the pirates have never gathered around any single leader, but when the Mechanics seek to limit the power of the Empire, Jules realizes it offers her a means to grow the strength of the free people escaping the Emperor's grasp. Gaining access to the strange Mechanic weapons known as revolvers, she marshals her forces in an unprecedented attempt to capture an Imperial settlement. Ultimately, Jules must play the three greatest powers in the world against each other in a desperate gambit to survive. **The Routledge**

Companion to Masculinity in American Literature and Culture Lydia R. Cooper, 2021-12-26 Recently the U.S. has seen a rise in misogynistic and race-based violence perpetrated by men expressing a sense of grievance from incels to alt-right activists. Grounding sociological, historical, political, and economic analyses of masculinity through the lens of cultural narratives in many forms and expressions, *The Routledge Companion to Masculinity in American Literature and Culture* suggests that how we examine the stories that shape us in turn shapes our understanding of our current reality and gives us language for imagining better futures. Masculinity is more than a description of traits associated with particular performances of gender. It is more than a study of gender and social power. It is an examination of the ways in which gender

affects our capacity to engage ethically with each other in complex human societies This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant has come to mean and may mean in the future in the U S it also articulates what is at stake with our conceptions of masculinity **T.P.'s and Cassell's Weekly** ,1923 The Anthropocene in Global Media Leslie

Sklair,2020-11-22 This book offers the first systematic study of how the Anthropocene is reported in mass media globally drawing parallels between the use or misuse of the term and the media s attitude towards the associated issues of climate change and global warming Identifying the potential dangers of the Anthropocene provides a useful path into a variety of issues that are often ignored misrepresented or sidelined by the media These dangers are widely discussed in the social sciences environmental humanities and creative arts and this book includes chapters on how the contributions of these disciplines are reported by the media Our results suggest that the natural science and mass media establishments and the business and political interests which underpin them tend to lean towards optimistic reassurance the good Anthropocene rather than pessimistic alarmist stories in reporting the Anthropocene In this volume contributors explore how dangerous this neutralizing of the Anthropocene is in undermining serious global action in the face of the potential existential risks confronting humanity The book presents results from media in more than 100 countries in all major languages across the globe It covers the reporting of key environmental issues such as the impact of climate change and global warming on oceans forests soil biodiversity and the biosphere We offer explanations for differences and similarities in how the media report the Anthropocene in different regions of the world In doing so the book argues that though it is still controversial the idea of the Anthropocene helps to concentrate minds and behaviour in confronting ongoing ecological and Coronavirus crises The Anthropocene in Global Media will be of interest to students and scholars of environmental studies media and communication studies and the environmental humanities and all those who are concerned about the survival of humans on planet Earth
