Mirrors in the Classroom Jane Fleming, Susan Catapano, Candace M. Thompson, Sandy Ruvalcaba Carrillo, 2016-06-08 Nearly 30% of all public school children attend school in large or mid size cities totaling more than 16 million students in 22 000 schools For schools serving culturally and linguistically diverse populations and large numbers of children living in poverty a significant achievement gap persists Proponents of multicultural education often advocate for instruction with culturally relevant texts to promote inclusion compassion and understanding of our increasingly diverse society Less discussion has focused on the significant body of research that suggests that culturally relevant texts have important effects on language and literacy development By connecting the dots of existing research More Mirrors in the Classroom raises awareness about the critical role that urban children's literature can play in helping children learn to read and write In addition it provides

practical step by step advice for increasing the cultural relevance of school curricula in order to accelerate literacy learning

Make Me a Story Lisa Miller, 2023-11-22 When teachers and students first learn about digital stories they often focus on the bells and whistles images music sound effects and so on To Lisa Miller a good digital story like any good story is all about the writing In *Make Me a Story* Lisa shows how to use digital stories to lead students through all phases of the writing process from planning to revising and editing Digital storytelling uses computers and software to marry text with art photographs drawings paintings and video as well as narration and music Lisa leads teachers step by step through the process of writing a digital story in an accessible even for the computer neophyte instructional and entertaining way Through the projects outlined in the book students learn how to write good stories make art and text work together and use technology in creative ways *Make Me a Story* discusses different types of digital stories shows how to assess digital assignments and motivate reluctant writers and explains how digital storytelling teaches skills supported by national education and technology standards Teachers will find specific suggestions for writing exercises and various ways to get students thinking about how best to tell their stories The accompanying CD includes examples of student stories discussed in the text

When Writing Workshop Isn't Working Mark Overmeyer, 2023-10-10 Writing is hard work Teaching it can be even harder As most teachers know writer s workshop doesn t always go as planned and many find there are obstacles that they consistently struggle with In his role as a literacy coordinator and teacher Mark Overmeyer has heard the same issues raised again and again by both new and experienced colleagues *When Writing Workshop Isn t Working Answers to Ten Tough Questions Grades 2 5* provides practical advice to overcome these common problems and get your writing workshop back on track Acknowledging the process based nature of the writing workshop this book does not offer formulaic program based one size fits all answers but presents multiple suggestions based on what works in real classrooms The ten key questions this book addresses include How do I help students who don t know what to write about How do I help students develop stronger vocabulary and word choice How do I prepare my students for standardized tests without compromising my writing program How should I assess student writing How can I help my students use revision effectively This book is a handy reference tool for answering specific questions as they pop up during the year Overmeyer uses student examples throughout to help teachers envision these solutions in their own classes and he includes an array of classroom tested ideas for helping primary and intermediate English language learners There may not be any easy answers to the complexities of writer s workshop but by identifying and providing advice on the most common stumbling blocks one encounters *When Writing Workshop Isn t Working* provides a solid groundwork freeing up time and creativity for teachers to address the specific needs of their students

My Second-Favorite Country Sivan Zakai, 2022-06-14 Reveals how young American Jewish children come to develop their views about Israel Israel has long occupied a prominent place in the lives and imaginations of American Jews serving as both a symbolic touchstone and a source of intercommunal conflict In *My Second Favorite Country* Sivan Zakai offers the first longitudinal study of how American Jewish children come to think and feel about Israel tracking their evolving conceptions from kindergarten to fifth grade This work sheds light on the perception of Israel in the minds of Jewish children in the US and provides a rich case study of how children more generally develop ideas and beliefs about self community nation and world In contrast to popular views of America's youth as naive or uninterested this book illuminates both the complexity of their thinking and their desire to be included in conversations about important civic and political matters Zakai draws from compelling empirical data to prove that children spend considerable effort contemplating the very concepts that adults often assume they are not ready to discuss Indeed the book argues that over the course of their elementary school education children develop and express deep interest in complex issues such as the intricacies of identity and belonging conflicting ways of framing the past and the demands of civic responsibility Ultimately Zakai argues that in order to take children's ideas seriously and better prepare them for a world full of disagreement a substantive shift in educational practices is necessary

Research on Second Language Teacher Education Karen E. Johnson, Paula R. Golombek, 2011-01-17 Embracing a sociocultural perspective on human cognition and employing an array of methodological tools for data collection and analysis this volume documents the complexities of second language teachers professional development in diverse L2 teacher education programs around the world including Asia South America Europe and North America and traces that development both over time and within the broader cultural historical and institutional settings and circumstances of teachers work This systematic examination of teacher professional development illuminates in multiple ways the discursive practices that shape teachers knowing thinking and doing and provides a window into how alternative

mediational means can create opportunities for teachers to move toward more theoretically and pedagogically sound instructional practices within the settings and circumstances of their work The chapters represent both native and nonnative English speaking pre service and in service L2 teachers at all levels from K 12 through higher education and examine significant challenges that are present in L2 teacher education programs **Literacy Specialist, Fourth Edition** Rita M. Moments that Matter in the Learning and Development of

Children Kelly Ann Kolodny, 2020-08-01 Moments that Matter in the Learning and Development of Children Reflections from Educators explores the significant moments that unfold for young people in their schooling from the perspectives of teachers and school staff Educators often reflect on moments as being a critical piece of their work with children They can help make things better for students and produce a difference in lives They are meaningful for young people as well as consequential for teachers and school staff as they reflect on the outcomes of their efforts Yet as they are difficult to define and capture these moments often are not studied for the value they offer This book promotes awareness of these moments as well as their connected meanings and possibilities Recognizing the significance of moments extends an opportunity to situate schooling in broader contexts and to understand learners as whole embodied beings engaged in social interactions making sense of their surrounding world and generating transformations in it When educators reflect deeply about the possibilities connected to the moments they share with children they recognize the multitude of opportunities that support their learning and development They become awake to some of moments promises The Elements of General Method Charles Alexander McMurry, 1903 **Story** Anne E.
