The back country can be an extremely intimidating place even in the best conditions and in the best case scenario In my 30 plus years as a NOLS student not to mention I m a 25 year veteran as a Red Cross Instructor I have learned what I can expect from Mother Nature Don t take Her lightly and above don t disrespect Her When discussing back forty survival on the other hand we can have a tad bit of fun and a humorous attitude when learning about how to NOT die out there This tongue and cheek book is humorous but information packed the contents are taken form my actual script of wilderness survival classes I taught at cross country lodge with each chapter addressing a different survival skill that can

help you in the event of a back country adventure going wrong and you find yourself lost or stranded in a wilderness setting I kept it very basic and very short the idea is you can bring this light weight booklet with you in your pack and have it on hand when you venture forth into the great outdoors Smart Structures and Materials Aurelio L.
