South African Army Journal:

Professional Journal of the United States Army, 1997 A Military History of Modern South Africa Ian van der Waag, 2018-03-14 The story of a century of conflict and change from the Second Boer War to the anti apartheid movement and the many battles in between Twentieth century South Africa saw continuous often rapid and fundamental socioeconomic and political change The century started with a brief but total war Less than ten years later Britain brought the conquered Boer republics and the Cape and Natal colonies together into the Union of South Africa The Union Defence Force later the SADF was deployed during most of the major wars of the century as well as a number of internal and regional struggles the two world wars Korea uprising and rebellion on the part of Afrikaner and black nationalists and industrial unrest The century ended as it started with another war This was a flash point of the Cold War which embraced more than just the subcontinent and lasted a long thirty years The outcome included the final withdrawal of foreign troops from southern Africa the withdrawal of South African forces from Angola and Namibia and the transfer of political power away from a white elite to a broad based democracy This book is the first study of the South African armed forces as an institution and of the complex roles that these forces played in the wars rebellions uprisings and protests of the period It deals in the first instance with the evolution of South African defense policy the development of the armed forces and the people who served in and commanded them It also places the narrative within the broader national past to produce a fascinating study of a century in which South Africa was uniquely embroiled in three total wars **New Directions in African Military History** Timothy J. Stapleton, 2025-06-02 New Directions in African Military History takes a thematic approach to the history of war and military structures in Africa and highlights the under researched areas African Military History represents a relatively new and fast growing sub field bridging the previously wide gap between the well established genres of African History and Military History Based on a synthesis of existing literature and aimed at a wide readership this book adopts a broad temporal range and uses select examples to highlight a series of points to cover the pre colonial to post colonial eras and offer examples from various parts of the continent This volume evaluates controversial academic debates examining evidence research methods approaches and changing historiographical contexts as well as pointing to potential new areas of research It comprises seven thematic chapters on ways of war weapons technology navies air power battles women combatants and genocide in African history This volume will be of value to students and scholars alike interested in Modern History Military History and African History **Journal of the Royal Army Medical Corps** Great Britain. Army. Royal Army Medical Corps, 1951 Lord Methuen and the British Army Stephen M. Miller, 2012-11-12 This study analyzes the readiness of the British military establishment for war in 1899 and its performance in the South African War 1899 1902 It focuses on the career of Field Marshal Paul Sanford 3rd Baron Methuen whose traditional military training used so effectively in Queen Victoria s small wars was put to the test by the modern challenges of the South African War A subsidiary aim of this work is to correct and

refine the historical consensus that Methuen's campaigning in the South African War was plagued by practical errors and poor judgement. The South African War was a crucial transitional episode in the history of the British army. Unlike Great Britain's other expeditions, it required the concentrated resources of the entire empire. It was a modern war in the sense that it employed the technology, the weaponry, the communications, and the transportation of the second industrial revolution.

South Africans versus Rommel David Brock Katz, 2017-11-15 After bitter debate, South Africa, a dominion of the British Empire at the time, declared war on Germany five days after the invasion of Poland in September 1939. Thrust by the British into the campaign against Erwin Rommel's German Afrika Korps in North Africa, the South Africans fought a see-saw war of defeats followed by successes culminating in the Battle of El Alamein, where South African soldiers made a significant contribution to halting the Desert Fox's advance into Egypt. This is the story of an army committed somewhat reluctantly to a war it didn't fully support, ill-prepared for the battles it was tasked with fighting and sent into action on the orders of its senior alliance partner. At its heart, however, this is the story of men at war.

Military Psychology for Africa Gideon Van Dyk, 2016-03-17 Military Psychology for Africa is the first textbook of its kind from Africa. Selected authors with competent military psychology knowledge, skills, expertise, and experience each contributed a chapter to this unique book. The book empowers academics, students, and military fellows to apply this knowledge at academic institutions and military units during operations and in presenting short courses. The book will also equip soldiers with new knowledge for advancing peace on the continent and abroad.

Colburn's United Service Magazine and Naval Military Journal, 1894 [General Jan Smuts and his First World War in Africa, 1914-1917](#) David Brock Katz, 2022-05-19 A new assessment of Jan Smuts's military leadership through examination of his World War I campaigning demonstrates that he was a gifted general conversant with the craft of maneuver warfare and a command style steeped in the experiences of his time as a Boer general. World War I ushered in a renewed scramble for Africa. At its helm, Jan Smuts grabbed the opportunity to realize his ambition of a Greater South Africa. He set his sights upon the vast German colonies of South West Africa and East Africa, the demise of which would end the Kaiser's grandiose schemes for *Mittelafrika*. As part of his strategy to shift South Africa's borders inexorably northward, Smuts even cast an eye toward Portuguese and Belgian African possessions. Smuts's abilities as a general, much denigrated by both his contemporary and then later modern historians, was no armchair soldier. This cabinet minister and statesman donned a uniform and led his men into battle. He learned his soldiery craft under General Koos De la Rey's tutelage and another soldier-statesman, General Louis Botha, during the South African War, 1899-1902. He emerged from that war immersed in the Boer maneuver doctrine he devastatingly waged in the guerrilla phase of that conflict. His daring and epic invasion of the Cape at the head of his commando remains legendary. The first phase of the German South West African campaign and the Afrikaner Rebellion in 1914 placed his abilities as a sound strategic thinker and a bold operational planner

on display Champing at the bit he finally had the opportunity to command the Southern Forces in the second phase of the German South West African campaign Placed in command of the Allied forces in East Africa in 1916 he led a mixed bag of South Africans and Imperial troops against the legendary Paul von Lettow Vorbeck and his Schutztruppe Using his penchant for Boer maneuver warfare together with mounted infantry led and manned by Boer Republican veterans he proceeded to free the vast German territory from Lettow Vorbeck's grip Often leading from the front his operational concepts were an enigma to the British under his command remaining so to modern day historians Although unable to bring the elusive and wily Lettow Vorbeck to a final decisive battle Smuts conquered most of the territory by the end of his tenure in February 1917 General Jan Smuts and His First World War in Africa makes use of multiple archival sources and the official accounts of all the participants to provide a long overdue reassessment of Smuts's generalship and his role in furthering the strategic aims of South Africa and the British Empire in Africa during World War I **Colburn's United Service Magazine and Naval and Military Journal**, 1842
