Public-private Partnerships in Europe and Central Asia Vickram Cuttaree, X Cledan Mandri-Perrott, 2011 The recent international financial crisis has significantly affected Governments ability to invest in infrastructure in Europe and Central Asia with no counterbalancing effects by the private sector The study identifies the issues dampening private participation in infrastructure in the region and recommends possible practical solutions

Towards an Anthropology of Wealth Theodoros Rakopoulos, Knut Rio, 2020-06-04 Aiming to redefine the concept of wealth which has too often been reduced to merely accumulated assets this book views wealth primarily as a question of reproduction relational flows and life vitality The authors therefore outline wealth as a triangular phenomenon between capital the commons and power Viewing wealth as firstly a product of relational capacities the book explores the processes wherein it is constantly being pulled at from forces that demand appropriation be that finance community or state The chapters tackle perceptions and practices of wealth in the commons in mythical narrative immaterial substance aristocratic orders antimafia money real and imagined and conspiracy theory with contributions from Melanesia Italy Greece India and Mongolia The comparative perspective lies at the heart of the book bringing together instances of commonwealth and the commons as well as hierarchical relational and substantial understandings of wealth As the first collection in recent decades to address the anthropology of wealth openly in a comparative perspective this book will spark discussions of the concept in anthropology not least at the back of a renewed debate over it due to Piketty s legacy This book was originally published as a special issue of *History Anthropology*

Mayer,Stefano Micossi,Marco Onado,Marco Pagano,Andrea Polo,2018 Low growth low investment insufficient spend on infrastructure weak bank lending to the corporate sector and funding deficiencies of small and medium sized enterprises are all causes of concern in Europe To many they point to fundamental problems in the financing of European companies and in Europe s financial systems Are these concerns valid and do the structure and performance of the financial system lie at their heart If so what should be done to address them and have the right policy prescriptions been identified to date A product of the Restarting European Investment Finance research programme Finance and Investment The European Case brings together leading researchers to consider the causes of the persistently low level of investment in Europe It examines the extent to which the financial system is a contributory factor and identifies possible remedies considering the relation of finance to corporate sector investment the lending behaviour of banks the provision of equity financing and the role of public sector institutions regulation and taxation Finance and Investment provides one of the most comprehensive and thorough analyses of any financial system undertaken to date It reflects a large body of research using new and existing data sets employing advanced empirical tools and exploiting the unique insights provided by the tumultuous events of financial and sovereign debt crises Together they comprise an exceptional body of knowledge to advance academic thinking and guide policy formulation **An Operational Framework**

for Managing Fiscal Commitments from Public-Private Partnerships Riham Shendy,Helen Martin,Peter Mousley,2013-03-01 The reports sets an operational framework for the Government of Ghana for managing fiscal commitments that stem from Public Privatre Partnersihp infrastructure projects *EIB Investment Report 2018/2019: Retooling Europe's economy* European Investment Bank,2018-11-28 The Investment Report issued annually by the European Investment Bank provides a comprehensive overview and analysis of investment and the financing of investment in the European Union It combines the exploration of investment trends with in depth analysis focusing especially on the drivers and barriers to investment activity The report leverages on a unique set of databases and survey data including EIBIS an annual survey of 12 500 firms in Europe which focuses on their assessment of investment and investment finance conditions and which allows analysis with firm balance sheet information The report provides critical inputs to policy debates on the need for public action on investment and on the types of intervention that can have the greatest impact This year s report addresses a moment of economic recovery in which investment growth overall is strong but downside risks to the economic outlook are rising It identifies many ways in which current investment is still structurally inadequate given the legacy effects of the recent crisis and the great challenges that lie ahead There is an urgent need to re tool Europe from its infrastructure and innovation ecosystem through to its businesses and workers to enhance prosperity and social cohesion *Bringing PPPs into the Sunlight* Marcos Siqueira,Gerardo Reyes-Tagle,Carlos León Gómez,Yery Park,Kyeong Eun Heo,Julian Marquez,2018-08-03 This publication covers PPPs with a focus on the implications for public finances in developing

economies Chapter 1 seeks to answer the question of whether PPPs are the genie in the bottle for governments seeking to plug the infrastructure gap do they solve more problems than they create This discussion lays the groundwork for further analysis Chapter 2 explores the underlying reasons for the expansion of PPPs the definitions and scope of PPPs in different contexts and the historical trajectory of PPPs throughout the world highlighting the common factors that have led to their current popularity Chapter 3 details the multitude of institutional frameworks built to accommodate PPPs It highlights the frameworks for national and subnational entities commissioning PPPs and deals with the involvement of state owned enterprises It also introduces fiscal frameworks for PPPs Chapter 4 considers the fiscal and budgetary implications of PPPs from various perspectives Chapter 5 covers the multiple forms of government financial support extended to PPPs and the practical implications of various countries experiences with direct indirect explicit and implicit forms of project support Finally Chapter 6 discusses unsolicited PPP proposals coming directly from private sector firms that hope to service them The publication concludes with a brief summation of the outlook for PPPs as well as concise policy recommendations

Rethinking Fiscal Policy after the Crisis Ludovít Ódor, 2017-05-18 This book discusses the often overlooked future of fiscal policy in light of what we have learned from the financial crisis This book is for academics and graduate students studying the debate on fiscal policy as well as practitioners working on day to day policy issues **Public Private Partnerships** Akintola Akintoye, Matthias Beck, Mohan Kumaraswamy, 2015-09-16 This timely new book provides an international perspective on Public Private Partnerships Through 21 case studies it investigates the existing and fast developing body of principles and practices from a wide range of countries and is the first book to bring together leading international academics and practitioners under a common framework that enables convenient cross country comparisons The authors focus on the impact of the financial crisis has had on how governments have reviewed and overhauled their PPP policies as they have examined or tested new ways of partnering more effectively efficiently and sustainably with the private sector Readers will be able to gauge the level of maturity of PPP development in the book s case studies understand similarities and differences in their practices and gain useful insights into the regulatory framework and institutional infrastructure in place to support implementation of PPP Finally the book offers insights into the future challenges and opportunities that PPP offers stakeholders **Public-Private Partnerships in Sub-Saharan Africa** James Leigland, 2020-04-29 Expectations are high regarding the potential benefits of public private partnerships PPPs for infrastructure development in low income countries The development community led by the G20 the United Nations and others expects these partnerships between governments and private companies in infrastructure service provision to aid transformational mega projects as well as efforts to achieve the Sustainable Development Goals Yet PPPs have been widely used only since the 1990s and discussion of their efficacy is still dominated by best practice guidance academic studies that focus on developed countries or ideological criticism Meanwhile practitioners have quietly accumulated a large body of

empirical evidence on the actual performance of PPPs The purpose of this book is to summarize and consolidate what this critical mass of evidence based research indicates about PPPs in low income countries and thereby develop a more realistic perspective on the practical value of these mechanisms With a primary focus on Sub Saharan Africa though drawing on critical insights from other regions it demonstrates that the benefits of such partnerships will only be realised if expectations remain modest and projects are subject to transparent evaluation and competition Infrastructure Public-Private Partnerships Carlos Oliveira Cruz,Rui Cunha Marques,2013-05-18 Economic development and social welfare depend on the existence of effective and efficient infrastructure systems particularly in health energy transportation and water many of which are developed and managed through Public Private Partnerships PPPs However empirical evidence suggests some pitfalls in the use of these PPP arrangements This book addresses these issues focusing on mostly three key questions How to improve the robustness of the decision making process leading to the option of PPP How to improve contract management as the longest phase of the process How can contracts be improved to accommodate uncertainty and avoid harmful renegotiations The authors explore the concept of flexible contracts the uncertainty modeling for improving the robustness of the decision making process and develop an overall framework for effective contract management along with a comprehensive analysis of current renegotiation patterns The ultimate goal is to improve the contractual performance as well as the overall infrastructure management and social welfare
