nineteenth century culture of art and that in turn determined the course of still current accounts of art's nature and value. Fundamental questions about the effects of material conditions on the creation and reception of art arose as early as the nineteenth century and put important pressures on later eras. The place of class distinctions in the making and reception of art, the relationship between copy and original, the effects of display on art appreciation, even the role of pleasure itself, this book treats these and related issues as productive conceptual challenges with an unresolved relationship to matter at their core. Drawing on recent scholarship on the history of art and its institutions, *Material Inspirations* places cultural developments such as the emergence of new sites for exhibition and the astonishing proliferation of printed reproductions alongside a wide range of texts including novels, poems, travel guidebooks, compendia of antiquities, and especially the great line of critical writing that emerged in the period. The study vivifies a dynamic era which is still too often seen as static and unchanging by emphasizing the transformations taking place throughout the period in precisely those areas that have appeared to promise little more than repetition or continuity: collection, exhibition, and reproduction. The book culminates with the two great critics of the period, John Ruskin and Walter Pater, but it also includes close analysis of other prose writers as well as poets and novelists ranging from William Blake to Robert Browning, George Eliot to Henry James. Significant developments addressed include the vogue for the representation of Old Masters in the first half of the century, ongoing innovations in the creation and diffusion of reproductions, and the emergence of the field of art history itself. At the heart of each of these, the book identifies a material pressure shaping concepts, texts, and works of art.

An Inspirational Journey: Pratibha Devisingh Patil Mahajan, Chhaya Bhawan, 2010. *An Inspirational Journey* Pratibha Devisingh Patil. The First Woman President of India is an attempt to understand the life and works of the First Citizen of India prior to her occupying the coveted position. Pratibha's life is a story; her journey in life has been so eventful, her achievements are so large and varied. She has had a political career which kept moving upwards gradually and steadily till she finally reached the pinnacle. She humbly attributes her success to the Almighty and to the People of India. The book is a progressive effort to illustrate her political participation as well as her attachment towards the family and emerged her a winner on both the fronts effectively. Simply, her achievements are so large and varied that they need to be narrated. Those who do not speak about themselves need to be spoken about.
