## **Target Tokyo The Halsey Doolittle Raid:**

*Target Tokyo* James M. Merrill, 1964 Attempts to relive the retaliatory U S Navy Air Force raid upon Japan on April 18 1942 Based primarily upon declassified official records and reviews of Japanese who experienced it **Target Tokyo** James Mercer Merrill, 1964 Target Tokyo James M. Merrill, Sam Sloan, 2014-12-22 This is the story of the famous Doolittle Raid of April 18 1942 This book calls it the Halsey Doolittle Raid named after Commander William Halsey Jr With the Japanese bombing of Pearl Harbor on December 7 1941 the Japanese believed that the war was essentially over The Americans could not recover from such horrific losses the Japanese thought The Japan Times reported With the imminent fall of Corregidor the entire waters of the south western Pacific will become an exclusive lake for the Japanese Navy and all American and British Warships will be completely shut out With the losses of their naval bases in these parts of the world warships of the United States and Great Britain have been made into inglorious baseless vagabonds of the high seas Most of them have been sent to the bottom by Japanese warships which have swept Anglo American ships clean of these waters Actually this was almost true The Americans needed to do something to restore their confidence Therefore Admiral Halsey planned and President Franklin Roosevelt approved of a bombing raid on Tokyo **Target Tokyo** James M. Scott, 2015-03-31 Finalist for the 2016 Pulitzer Prize in History Like Lauren Hillebrand's *Unbroken* *Target Tokyo* brings to life an indelible era Ben Cosgrove The Daily Beast On April 18 1942 sixteen U S Army bombers under the command of daredevil pilot Jimmy Doolittle lifted off from the deck of the USS Hornet on a one way mission to pummel Japan's factories refineries and dockyards in retaliation for their attack on Pearl Harbor The raid buoyed America's morale and prompted an ill fated Japanese attempt to seize Midway that turned the tide of the war But it came at a horrific cost an estimated 250 000 Chinese died in retaliation by the Japanese Deeply researched and brilliantly written *Target Tokyo* has been hailed as the definitive account of one of America's most daring military operations **The Doolittle Raid** John Grehan, 2020-03-30 On 1 April 1942 less than four months after the world had been stunned by the attack upon Pearl Harbor sixteen US aircraft took to the skies to exact retribution Their objective was not merely to attack Japan but to bomb its capital The people of Tokyo who had been told that their city was invulnerable from the air would be bombed and strafed and the shock waves from the raid would extend far beyond the explosions of the bombs The raid had first been suggested in January 1942 as the US was still reeling from Japan's preemptive strike against the US Pacific Fleet at Pearl Harbor The Americans were determined to fight back and fight back as quickly as possible The 17th Bomb Group Medium was chosen to provide the volunteers who would crew the sixteen specially modified North American B 25 bombers As it was not possible to reach Tokyo from any US land bases the bombers would have to fly from aircraft carriers but it was impossible for such large aircraft to land on a carrier the men had to volunteer for a one way ticket Led by Lieutenant Colonel Jimmy Doolittle the seventy one officers and 130 enlisted men embarked on the USS Hornet which was shielded by a large naval task force However the ships were spotted by a Japanese

ship The decision was therefore made to take off before word of the task force's approach reached Tokyo even though the carrier was 170 miles further away from Japan than planned and in the knowledge that the B 25s would not have enough fuel to reach their intended landing places in China The raid was successful and the Japanese were savagely jolted out of their complacency Fifteen of the aircraft crash landed in or their crews baled out over China the sixteenth managed to reach the Soviet Union Only three men were killed on the raid with a further eight being taken prisoner by the Japanese three of whom were executed and one died of disease The full story of this remarkable operation of the men and machines involved is explored through this fascinating collection of images The War Against Japan, 1941-1945 John J. Sbrega, 2015-06-12 With over 5200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru

Doolittle Dik A. Daso, 2003 On April 18 1942 Lt Col Jimmy Doolittle led a flight of sixteen B 25 bombers off the flight deck of the USS Hornet on one of the most daring raids in U S military history a low level strike on Tokyo and other Japanese cities For this heroic act he received the Medal of Honor But as Dik Alan Daso convincingly argues James H Doolittle should be remembered as much more than a famous combat pilot With a doctorate in aeronautics from MIT he devoted his life to mastering the technical and practical intricacies of the most amazing new invention of his time the airplane In 1922 Doolittle became the first person to complete a transcontinental flight across the United States in a single twenty four hour period Later he worked with the Shell Oil Company to develop high octane aviation fuel to enhance aircraft performance He also won numerous trophies for his record breaking high speed flights and he developed new instrumentation to assist pilots when flying blind in poor weather In jet age parlance Doolittle constantly pushed the envelope After holding several major combat commands during World War II he was appointed a special assistant to the Air Force chief of staff in 1951 and served as a civilian adviser in scientific matters including the development of ballistic missiles and the fledgling space program From the early days of aviation to the space age Daso provides a concise but expansive overview of the rapidly developing field of aviation and chronicles a pioneer's tireless efforts to be a visionary for the new era **Raiding the Rising Sun** Dan Steelman, 2025-10-31 In April 1942 sixteen U S Army bombers took off from an aircraft carrier to strike Japan in a bold mission that lifted American spirits after Pearl Harbor Raiding the Rising Sun tells this historic story with vivid photographs and clear engaging text making it easy to read and understand Aviation historian Dan Steelman brings the raid to life
