The literary passages of A Woman's Place are both stylistically and thematically tied in with the lessons directly. At the same time they function as a compact women's studies course. Research and writing are organized around a cluster of shared themes: problems that all students are addressing in their lives: power vs powerlessness, passivity vs action, identity oppression vs freedom and the nurturance of creativity. Taken from the works of professional writers including such well-known individuals as Adrienne Rich, Tillie Olsen, Joan Didion, Virginia Woolf, Margaret Mead, Mary Wollstonecraft, Jonathan Swift and Sylvia Plath, they are often accompanied by short excerpts from student essays. Useful bibliographical notes suggest further readings.

An Introduction to Qualitative Research Synthesis Claire Howell Major, Maggi Savin-Baden, 2012-09-10 Providing a comprehensive guide for understanding, interpreting, and synthesizing qualitative studies, *An Introduction to Qualitative Research Synthesis* shows how data can be collated together effectively to summarise existing bodies of knowledge and to create a more complete picture of findings across different studies. The authors describe qualitative research synthesis and argue for its use, describing the process of data analysis, synthesis, and interpretation, and provide specific details and examples of how the approach works in practice. This accessible book fully explains the qualitative research synthesis approach, provides advice and examples of findings, describes the process of establishing credibility in the research process, provides annotated examples of the work in process, references published examples of the approach across a wide variety of fields. Helping researchers to understand, make meaning, and synthesize a wide variety of datasets, this book is broad in scope yet practical in approach. It will be beneficial to those working in social science disciplines, including researchers, teachers, students, and policy makers, especially those interested in methods of synthesis such as meta-ethnography, qualitative meta-analysis, qualitative meta-synthesis, interpretive synthesis, narrative synthesis, and qualitative systematic review.
