The Unveiling Origin of Mecca Mohammed Alal Khan, 2021-09-12 The Unveiling Origin of Mecca provides insights into the history of Kaaba Ka ba in Mecca The Ka ba is the first house built on earth It is one of the few and perhaps the only Islamic History books that looks at modern archaeological evidence and the Holy Quran and the history of the Quran to explore the proper location of the Ka ba The author notes that in the Holy Quran Mecca sometimes also called Becca which words are synonymous and signify a place of great intercourse is undoubtedly one of the most ancient cities in the world Some authors imagine it to be the Mesa or Mesha of the Scripture and that it deduced its name from one of Ishmael's sons It stands in a stony and barren valley surrounded by mountains under the exact parallel with the Macoraba of Ptolemy and about 40 Arabian miles from the sea Al Kolzom There is a magnificent temple in the city like the Colosseum at Rome However it is not made of such large stones but burnt bricks and round in the same manner It has ninety or one hundred doors around it and is arched upon entering the temple you descend ten or twelve steps of marble and here and there about the said entrance there stand men who sell jewels and nothing else Researching ancient Islam and the origin of Mecca the author asserts that the Ka ba is currently misplaced contradicting the Holy Quran and Arabian geography Although there are many Islamic scholars and Quran research Institutes throughout the world sadly none of them have yet verified the exact places mountains surrounding Ka ba and its sacred area according to the Holy Quran

Education and Curricular Perspectives in the Qur'an

Sarah Risha,2014-12-11 Education and Curricular Perspectives in the Qur'an is a unique academic study that focuses on different perspectives of education curriculum in the Qur'an Sarah Risha explains how Allah Almighty as the great teacher communicated His divine message the Qur'an which may be considered as the textbook to His students the prophets The primary source is the Qur'an itself and sayings of the Prophet Mohammed when necessary While curriculum is a broad term Risha addresses five aspects in particular to examine how the Qur'an deals with this vital element and connects this central religious text to current academic curriculum studies *Tafsir Ibn Kathir Volume 4 Of 10* Muhammad Saed

The Weekly Khutbah Volume 3: 2015-2016

Saiyan Islam,2017-12-30 Every week Friday comes and for us Muslims Friday is very crucial in the sense we have our Jummah prayers Along with the Jummah prayers we have our weekly sermons What happens is that most of us tend to forget the sermons delivered by the Imams So I thought of this system of writing down all the sermons so that the knowledge we gain gets preserved Furthermore the sisters who are mostly unable to attend the Jummah prayer in many countries do not get the chance to learn from the weekly sermons The males can easily record their learning and teach the women at their home All the sermons are from the Imams from the Masjids I attend weekly and the Hadiths mentioned are from their own sermons Sometimes the Imams may tend to refer to weak Hadiths I have tried my best to classify them as much as possible May Allah have mercy upon us all and may we get guided to the Straight Path Ameen *Islam and the Infidels* David Bukay,2017-07-12 This book discusses Islam its relationship with the world and how Muslims perceive the world and their role within it Using Islamic scriptures and the works of important Muslim clerics the author explores the Islamic notion that Muslims represent the best of humanity and as such have the duty

and the right to propagate their faith throughout the world by any means including violence Islam and the Infidels warns of the dangers Muslim immigration poses to free societies Using a diplomacy of deceit Islamists immigrate to Western societies Having done so they establish closed ethnic communities that are estranged from their host countries and are breeding grounds for native born malcontents who may attack and destroy Western nations from within The author is especially critical of Western apologists who not only pretend that Islam is not inherently aggressive and dangerous but also denigrate those who point out the threat to liberal values posed by fundamentalist Islamic ideology Bukay argues that to meet the Islamic threat the West must understand Islam s true nature and the best way of doing so is by analysing its scriptures and history Bukay argues that Western societies should embrace the Judeo Christian tradition which is the root of their cultural heritage In light of the mounting Muslim threat to liberalism in Western societies citizens should resist oppressive Islamic practices and doctrines rather than accept them *The Qur'an and Its Interpreters: Volume 2* Mahmoud M.
