Priceless John C. Goodman, 2024-09-24 In this long awaited updated edition of his groundbreaking work Priceless Curing the Healthcare Crisis renowned healthcare economist John Goodman father of Health Savings Accounts analyzes America's

ongoing healthcare fiasco including for this edition the failed promises of Obamacare Goodman then provides what many critics of our healthcare system neglect solutions And not a moment too soon Americans are entangled in a system with perverse incentives that raise costs reduce quality and make care less accessible It's not just patients that need liberation from this labyrinth of confusion it's doctors businessmen and institutions as well Read this new work and discover why no one sees a real price for anything no patient no doctor no employer no employee how Obamacare's perverse incentives cause insurance companies to seek to attract the healthy and avoid the sick why having a preexisting condition is actually WORSE under Obamacare than it was before despite rosy political promises to the contrary why emergency room traffic and long waits for care have actually increased under Obamacare how Medicaid expansion spends new money insuring healthy single adults while doing nothing for the developmentally disabled who languish on waiting lists and children who aren't getting the pediatric care they need how the market for medical care COULD be as efficient and consumer friendly as the market for cell phone repair and what it would take to make that happen how to create centers of medical excellence which compete to meet the needs of the chronically ill and much much more Thoroughly researched clearly written and decidedly humane in its concern for the health of all Americans John Goodman has written the healthcare book to read to understand today's healthcare crisis His proposed solutions are bold crucial and most importantly caring Healthcare is complex But this book isn't It's clear it's satisfying and it's refreshingly human If you read even one book about healthcare policy in America this is the one to read From Gutenberg to Google and on to AI Tom Wheeler,2024-07-01

The two great Western technological revolutions of the past the invention of movable type in the fifteenth century and the Industrial Revolution of the eighteenth century changed the course of economies and societies and radically altered how humans interacted with each other and their world In this updated edition of From Gutenberg to Google former FCC chairman Tom Wheeler takes up a still unfolding transformational revolution in twenty first century technology artificial intelligence Building on insights on connectivity developed in the previous edition Wheeler describes the enormous potential of this fast expanding and powerful technology and highlights the urgent need for governments across the globe to regulate its use both to limit opportunities for harm and to engage its capabilities for good **Diving Into the Bitstream** Barry Dumas,2012-11-12

Nationwide and indeed worldwide there has been a growing awareness of the importance of access to information Accordingly information technology IT broadly defined and its role beyond the internal workings of businesses has leapt into the social consciousness Diving into the Bitstream distinguishes itself by weaving together the concepts and conditions of IT What distinguishes these trends is their focus on the impacts of IT on societies and the responsibilities of IT's creators and users The author pulls together important often complex issues in the relationships among information technologies and societal constructs The text explores a synopsis of these issues that are foundations for further consideration Fodor's Argentina Fodor's,2008 Provides information on travel accommodations attractions shopping and dining within the nation and its chief
