Latinas Narratives of Domestic Abuse Shonna L. Trinch, 2003 In the American legal system valid witness testimony is supposed to be invariable and unchanging so defense attorneys highlight seeming inconsistencies in victims accounts to impeach their credibility This book offers an examination of how and why victims of domestic violence might seem to be changing their stories in the criminal justice system which may leave them vulnerable to attack and criticism *Latinas Narratives of Domestic Abuse* Discrepant versions of violence investigates the discourse of protective order interviews where women apply for court injunctions to keep abusers away In these encounters two different versions of violence each influenced by a range of ethnolinguistic intertextual and cultural factors are always produced This ethnography of Latina women narrating violence suggests that before victims even get to trial their testimony involves much more than merely telling the truth This book provides a unique look at pre trial testimony as a collaborative and dynamic social and cultural act

Amazing Stories, 1929 *What Matters Now* Gareth O'Callaghan, 2021-03-25 Heart breaking and uplifting I defy anyone to read this memoir and not be affected by O'Callaghan's honesty and humanity Irish Times In 2018 after receiving a life changing diagnosis broadcaster Gareth O'Callaghan retired from full time work and gave up the career that he had loved for decades In this deeply personal and inspiring memoir he tells that story from the moments after his doctor uttered the words Multiple System Atrophy a progressive and incurable neurological disease that ultimately carries a fatal prognosis to his struggle to come to terms with a life unplanned Recounted with insight and searing honesty *What Matters Now* reveals how regardless of circumstance we can choose how we live to the fullest A stunning and life affirming account of the power of the human spirit and the potential for hope even in the darkest times For me this is not a choice It's all I want namely a full and loving life that I strive to choose every day over everything else considering that maybe the big odds are heavily stacked against that But I don't care what the odds might be I'll keep defying them for as long as I can keep fighting and living

A Grammar of Kwaza Hein van der Voort, 2008-08-22 This work contains a comprehensive description of Kwaza which is an endangered and unclassified indigenous language of Southern Rondônia Brazil The Kwaza language also known in the literature as Koai is spoken by around 25 people today Until recently our knowledge of Kwaza was based on only three short word lists from 1938 1943 and 1984 Like the language the culture and the history of its speakers are undocumented The Kwaza people as an ethnic group have been decimated by increasing ecological physical social and cultural pressure from Western civilisation since contact in the past century This is the situation for many indigenous peoples of Rondônia and of the Amazon region in general Linguists expect that the majority of these peoples will cease to exist as distinct language communities during the coming decades The present work is intended as a contribution to the documentation and preservation of the languages of the Amazon basin In this respect Kwaza has

represents an especially urgent case in view of its undetermined classification the lack of documentation and its endangered status This work is based on the author s personal fieldwork conducted between 1995 and 2002 and it consists of three parts Part I contains a thorough description of the phonology and morphosyntax of the language and a concise overview of its social cultural and historical context Part II contains a diverse selection of transcribed and translated texts with interlinear morphological analyses Part III is a dictionary of Kwaza including many examples and an English Kwaza register This complete description is of interest to linguists in general scholars of South American languages in particular and anthropologists and historians interested in the Guapor region

American Cinema of the 2000s Timothy Corrigan, 2012-04-15 The decade from 2000 to 2009 is framed at one end by the traumatic catastrophe of the 9/11 attacks on the World Trade Center and at the other by the election of the first African American president of the United States In between the United States and the world witnessed the rapid expansion of new media and the Internet such natural disasters as Hurricane Katrina political uprisings around the world and a massive meltdown of world economies Amid these crises and revolutions American films responded in multiple ways sometimes directly reflecting these turbulent times and sometimes indirectly couching history in traditional genres and stories In American Cinema of the 2000s essays from ten top film scholars examine such popular series as the groundbreaking Matrix films and the gripping adventures of former CIA covert operative Jason Bourne new offbeat films like Juno and the resurgence of documentaries like Michael Moore's Fahrenheit 9/11 Each essay demonstrates the complex ways in which American culture and American cinema are bound together in subtle and challenging ways

Women's Access to Transitional Justice in Timor-Leste Noemí Pérez Vásquez, 2022-06-16 Seeing the role of transitional justice as an area of contestation this book focuses on the principle of equality guaranteed in the access to transitional justice mechanisms By raising women's experiences in dealing with the law and policies as well as the implications of community and family practices during post conflict situations the book shows how these mechanisms may have been implemented mechanically without considering the different intersections of discrimination the public and private divides that exist in the local context or the stereotypes and values of international and national actors The book argues that without unpacking the barriers in the

administration of transitional justice the different mechanisms that are implemented in a post conflict situation may set a higher threshold for the participation of women Moreover by taking into account women s perceptions of justice it further argues that scholars have paid insufficient attention to the welfare structures that are produced after a conflict particularly the pensions of veterans Going beyond the focus on sexual violence a relationship between the violations and post conflict economic justice may have longer term consequences for women since it perpetuates their inequality and lack of recognition in times of peace The use of transitional justice may thus exacerbate the invisibility of and discrimination against certain sections of the population Inspired by the work of Hannah Arendt and based on extensive field research in Timor Leste the book has larger implications for the overarching debate on the social consequences of transitional justice **Red Comet** Heather Clark,2021-09-28 PULITZER PRIZE FINALIST The highly anticipated biography of Sylvia Plath that focuses on her remarkable literary and intellectual achievements while restoring the woman behind the long held myths about her life and art One of the most beautiful biographies I ve ever read Glennon Doyle author of 1 New York Times Bestseller Untamed With a wealth of never before accessed materials Heather Clark brings to life the brilliant Sylvia Plath who had precocious poetic ambition and was an accomplished published writer even before she became a star at Smith College Refusing to read Plath s work as if her every act was a harbinger of her tragic fate Clark considers the sociopolitical context as she thoroughly explores Plath s world her early relationships and determination not to become a conventional woman and wife her troubles with an unenlightened mental health industry her Cambridge years and thunderclap meeting with Ted Hughes and much more Clark s clear eyed portraits of Hughes his lover Assia Wevill and other demonized players in the arena of Plath s suicide promote a deeper understanding of her final days Along with illuminating readings of the poems themselves Clark s meticulous compassionate research brings us closer than ever to the spirited woman and visionary artist who blazed a trail that still lights the way for women poets the world over *Strange Terrain* Barbara Rieti,1991 The fairies of Newfoundland oral tradition are variously envisioned encountered and interpreted and this study presents some of these concepts and experiences Dr Rieti describes the specific contexts in which fairy experiences are recounted and the manner in which they are told keeping the narrators at center stage She also seeks their meaning in cultural themes such as the human relationship with nature and relationships between people Comparative material sets the subject in historical and international perspective and demonstrates the remarkable tenacity of these very old yet modern tales *Strange Terrain* winner of the 1992 93 Raymond Klibansky Prize awarded by the Canadian Federation for the Humanities and Social Sciences
