Stereo Review ,1995 *The Martyr's Prize* Brooks William Kelley,2010 For Kyle Simms and Jason Lanford the discovery of a roadside bomb tutorial will prove a seminal event changing every aspect of their lives from that moment forward Posted to an extremist website the meticulous schematics hint at a new era one in which the daily death and destruction previously confined to the third world is to be brought to the American heartland A mere touch of the sticky silk is all it takes and the two find themselves drawn into a world so foreign both literally and figuratively that they are forced to reassess everything they previously understood about the history of Western Civilization and the global war on terror The Martyr s Prize tells a tale of American exceptionalism paying homage to the heroism and professionalism of our Special Forces and Counterterrorism communities while delivering a profound message the alarming non fiction groundwork already in place and presented in the actual words of our enemies for the future subjugation of the West This plan to bring about the elimination of all belief systems beyond their own is at once spellbinding and horrifying in the face of its likely success
