Los Angeles Noir brings you tales of crime and passion and betrayal from some of the most innovative and celebrated writers working today. A Los Angeles Times best seller, Book Sense Notable Pick, and SCIBA Book Award Winner, Akashic Books continues its groundbreaking series of original noir anthologies launched in 2004 with Brooklyn Noir. Each story is set in a distinct neighborhood or location within the city of the book. Brand new stories by Michael Connelly, Janet Fitch, Susan Straight, Hector Tobar, Pat Morrison, Emory Holmes II, Robert Ferrigno, Gary Phillips, Christopher Rice, Naomi Hirahara, Jim Pascoe, Neal Pollack, Scott Phillips, Diana Wagman, Lienna Silver, Brian Ascalon Roley, and Denise Hamilton. From the introduction by Denise Hamilton: Los Angeles is the birthplace of all things noir. Maybe it's the seductive blur of artifice and reality, the possibility of shucking off the past like last year's frock and reinventing yourself beyond your wildest dreams. Maybe it's the desperation that descends when the dream goes sour, the duplicity that lurks behind the beauty, the rot of the jungle flowers, the riptides off the sugar sand beaches that carry off the unwary. Writers like James Cain, Dorothy B. Hughes, Nathanael West, Chester Himes, and Raymond Chandler understood both the hope and the horror that Los Angeles inspires, and they harnessed this duality to create their masterpieces. With Los Angeles Noir, we've brought you the ethos of Chandler and Cain filtered through a contemporary lens, showcasing some of the most innovative and celebrated writers working today. Open these pages and you'll embark on a literary travelogue that stretches from the mountains through the hardscrabble flats to the barrios and middle-class suburbs, the mansions of the wealthy and the shores of the Pacific Ocean where we finally run out of continent. The breadth of talent on display is as exciting and diverse as the city itself. **Soul of the Rhino** Hemanta Mishra, 2009-09-01

This new release is a spirited yet humble account of one man's scientific career and personal journey to save the endangered rhinoceros in his native Nepal. For more info, go to souloftherhino.com. **Alternate Worlds** James Gunn, 2018-08-24

Alternate Worlds was first published in 1975 and became an instant classic, winning a Hugo award. This third edition brings the history of science fiction up to date, covering developments over the past forty years, a period that has seen the advent of technologies only imagined in the genre's Golden Age. As a literature of change, science fiction has become ever more meaningful, presaging dangers to humanity and, as Alvin Toffler wrote, guarding against the premature arrival of the future. The world has begun to recognize science fiction in many different ways, incorporating its elements in products, visual media, and huge conventions.
