In Their Own Words David Aaron,2008-10-15 This book presents the actual statements and writings of jihadis expressing their views on virtually every subject relevant to their cause It is not about Islam as it is practiced in its many varieties in Muslim communities throughout the world nor is it about Islamic fundamentalism or the various Islamist political movements Rather it is about a small group of Muslims who carry out and promote terrorism in the name of Islam Because the jihadis statements are often more appalling and more profoundly revealing than the accounts that have been written about jihadi terrorism this book provides unfiltered access to a broad range of the stories rationales ideas and arguments of jihadi terrorists and those who support them Introductory and contextual material is also included to provide the background and origins of what the jihadis are saying to each other and to the world It is hoped that this will provide greater insights into the motives plans and participants in jihadi terrorism as well as the nature of the threat they pose Not all of the quotations are from prominent jihadis Some have been selected because they are representative others because they are contradictory and still others because they provide a unique insight into the jihadi mentality *The Calcutta Gazette* ,1912 *The Iraq-Kuwait Dispute: The international status of Kuwait* ,1994 *The Encyclopaedia Britannica* Hugh Chisholm,1910
