Taken (2008)

by Nikki Liu

The movie *Taken* follows a retired CIA agent, Bryan Mills, as he attempts the impossible task of rescuing his kidnapped daughter. The story begins with a reluctant Bryan giving permission for his daughter, Kim, to travel to Paris. He soon receives the terrible news through his call with Kim that she and her friend were about to be kidnapped. After a failed negotiation with the abductors, Bryan goes on a one-man rescue mission. Using his skills acquired as a CIA agent, he quickly tracks down the perpetrators responsible and through several action packed fighting scenes, he succeeds in his quest and reunites with his daughter. The film follows through an implausible rescue mission with many thrilling action and chasing sequences. However, despite of its stunning visuals, *Taken's* simplistic plot left the viewers wanting.

In terms of the plot, *Taken* was much too simplistic. Its story was very linear, with much of the focus on Bryan's efforts to track and subdue the abductors of his daughter. Bryan's personality was very befitting of that of a CIA agent. Calculating, cunning, and cold blooded, Bryan was able to always be ahead of his enemies. This can be seen when Bryan was visiting Jean-Claude for dinner. The latter tries to shoot Bryan after verbal exchanges, but Bryan was able to think ahead of the situation, removing Claude's bullets beforehand. Overall, each character in *Taken* was well suited in their respective roles. Kim and Amanda acted in ways befitting of teenage girls, whereas Claude and the gang members acted ruthlessly for their own self-interests. With well developed characters, *Taken* had very impactful dialogues. One such example is when Bryan was trying to negotiate with the abductors, but was greeted with a very cold "good luck". This example showcases not only Bryan's cunning methodology, in obtaining a sample of the abductor's voice, but also the ruthlessness of the abductors, showing no emotion to a father begging for his daughter's safety.

Taken's greatest strength lies in its actors. With such a simple and linear plot, *Taken* would not have been a great movie had the actors not brought life into the story. Liam Neeson undoubtedly was the star of the show. Having starred important roles in many blockbuster films, such as *Star Wars* and *Batman Begins*, Neeson was no stranger to acting. He breathed life into the character of Bryan Mills. He portrayed the role of a loving father with his subtle smiles and caring gazes. Aside from the actors, *Taken* also benefitted from having a beautiful stage to present its story. Having breath taking and beautiful views of Paris definitely added points to the film.

In terms of the cinematic, *Taken* had an amazing soundtrack, influenced by the cultural backgrounds of its settings. For instance, *Permission to go to Paris* as well as *To the Airport* had a very European feel, as the scenes were about going and landing in Europe. The camera works in the film was especially worth a mention, as the chase and action scenes depicts a special kind
